Before certification, applicants must possess a Massachusetts motor vehicle operator's license.

The practical questions will be based largely upon information contained in the current edition of the manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 25 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

The eligible list established as a result of this examination will be combined with any existing list, but the name of an applicant which appears more than once on the combined list will be certified in any one certification only from his higher rating.

RENAMING OF COLUMBUS STADIUM IN HONOR OF PAUL J. SAUNDERS.

The following was received:
City of Boston,
Office of the Mayor, April 6, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners relative to your order of March 23, 1953, requesting the renaming of the Columbus Stadium in South Boston the "Paul J. Saunders Stadium" in honor of Paul J. Saunders, a veteran who lost his life in the service of his country in World War II.

Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Street Laying-Out Department,
March 31, 1953.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am enclosing herewith Council order and your communication of March 24, 1953, requesting that the Committee to Memorialize Veterans consider the renaming of the Columbus Stadium in South Boston in honor of Paul J. Saunders. This order should be referred to the Park Commission, to whose jurisdiction the naming of parks, playgrounds, etc., is delegated.

Very truly yours,
LAWRENCE W. COSTELLO, Secretary.

PLAY AREA ON HYDE PARK AVENUE.

The following was received:
City of Boston,
Office of the Mayor, April 6, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of March 22, 1953, requesting that a survey be made of the area located on Hyde Park Avenue, facing Nos. 1449 and 1453, with a view to establishing a play area for the small children of this section.

Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Park Department, March 31, 1953.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This will acknowledge receipt of a memo from your office with attached enclosure, City Council order requesting that the Park Department and the White Fund make a survey of an area at 1449 and 1453 Hyde Park Avenue, relative to establishing a play area for small children.

The chief engineer of this department reports that the area of the area is approximately 4,807 square feet. The owner of the property is Assenda Piccirilli, 7 Wilton street, Hyde Park. Located on the property is a 3-car garage of concrete block. The land and building is assessed for \$1,400.

To develop a small tot's play area here with proper equipment would cost approximately \$10,000. We have no money in our budget to do this work.

In fact, our requests under the Park and Playground Improvement account were reduced so low that we will not be able to do over one third of the work that we contemplated.

I regret under the conditions as they exist that we cannot be of service on this request.

Very truly yours,
FRANK R. KELLEY, Chairman.

CONSTRUCTION OF PLAYGROUND, WEST ROXBURY.

The following was received:
City of Boston,
Office of the Mayor, April 6, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of March 23, 1953, requesting that a survey be made of the Baker, Spring, and Gardner Streets section of West Roxbury, with a view to constructing a playground for the use of the children of that area.

Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Park Department, March 27, 1953.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order requesting that a survey be made of the Baker, Spring, and Gardner Streets section of West Roxbury, with a view to constructing a playground for the children of that area.

I am not too familiar as to just what property is available in this section that the Park Department might acquire if funds were available, but I will have Mr. J. Byrne, Jr., our chief engineer, make a visit to this vicinity to ascertain if there is any land available to the developing of which we might give consideration in the future.

Very truly yours,
FRANK R. KELLEY, Chairman.

SALE OF WATER PIPE.

The following was received:
City of Boston,
Office of the Mayor, April 6, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works and order for sale of 2,840 feet of cast-iron high pressure water pipe. As will be noted from the communication of the Public Works Commissioner, this pipe, which was purchased by the city for \$7 per foot in 1932, is no longer needed for city purposes in view of the fact that acceptable pipe can be purchased for \$14.25 per foot.

The current market price for this surplus pipe is \$7.25 per foot. The proposed purchaser is willing to pay this price, and I therefore recommend that the pipe be sold at the price quoted.

I respectfully recommend passage of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Public Works Department,
March 30, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
At the present time, the Water Division of this department has surplus stock consisting of 2,840 feet of so-called Class H, 16-inch cast-iron high pressure water pipe. The pipe was purchased in 1932, and I am informed by Division Engineer Sullivan he has no further need for it, and, therefore, it should be disposed of.

It so happens that the contractor engaged in the construction of the Central Artery, in the vicinity of Haymarket square and the Summer Tunnel, is required to relay some 2,200 feet of 16-inch high pressure pipe, and I have negotiated with said contractor, the V. Barletta Company, for the purchase of this pipe. The contractor is willing to pay the current market price of \$14.25 a foot for said pipe. This market price has been double-checked by Division Engineer Sullivan and Assistant to Purchasing Agent Eugene K. Welsh.

Incidentally, the pipe was purchased in 1932 for \$7 a foot, and it unquestionably, therefore, is to the best interests of the department, in my opinion, to dispose of approximately 2,840 feet of this surplus pipe at this time by selling it to the above-referenced contractor. If the pipe is not disposed of, we can use it in place of so-called Class C pipe, which the type of pipe normally used in our water system. However, the latter-referenced Class C pipe can be purchased for approximately \$7.75 per foot, and, therefore, no advantage would accrue to the city by using the Class H pipe in place of the Class C. The only advantage to the contractor in buying this pipe from the city is that it is immediately available. Purchase from a foundry probably would result in delays in pipe delivery.

For the reasons as outlined hereinbefore, therefore, I respectfully recommend that the enclosed order be forwarded to the City Council for the approval of that body, authorizing in substance, the sale of 2,200 feet of surplus Class H, 16-inch cast-iron high pressure water pipe to the V. Barletta Company at the current market price for new pipe of \$14.25 per foot.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and he is, authorized to sell to the V. Barletta Company not in excess of 2,200 feet of Class H, 16-inch cast-iron high pressure water pipe, at the present market price for new pipe of \$14.25 per foot.

LOAN OF \$3,000,000 FOR SCHOOLHOUSE CONSTRUCTION.

The following was received:
City of Boston,
Office of the Mayor, April 6, 1953.
To the City Council.
Gentlemen:

I am in receipt of the attached letter from the Chairman of the Boston School Committee which contains the request that a recommendation be submitted to your Honorable Body covering the appropriation of \$3,000,000 for the purpose of acquiring land for, and constructing, public school-

houses in the City of Boston. At the present time, it would appear that while the Mayor, under the provisions of section 17E of chapter 452 of the Acts of 1948, as amended by chapter 376 of the Acts of 1951, lacks authority to recommend a loan order for school purposes to your Honorable Body, such an order may be originated by the City Council.

At a recent meeting in this office with the members of the School Committee, I was presented with a loan order in respect to a program for schools involving an ultimate expenditure for land and construction of school buildings of roughly \$40,000. The order indicated that it could not at this time approve of such a program but further indicated that I would look with favor upon provision for school construction in areas where new house developments had expanded the school population over and beyond existing school accommodations. Accordingly, I recommend that your Honorable Body authorize a \$3,000,000 loan order for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston now constituting, or hereafter becoming, approved school projects within the meaning of Mass. St. 1948, chapter 645, as amended, including originally equipping and furnishing such schoolhouses.

Respectfully,
J. B. HYNES, Mayor.
City of Boston,
School Committee, April 2, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
Public and private housing recently constructed, or in progress of construction, in the City of Boston has brought about a need for new elementary schools.

With a view to meeting this need in the most efficient manner, the School Committee has contracted with the Center for Field Studies of Harvard University's Graduate School of Education for a survey of Boston school areas. The School Committee is presently awaiting the receipt of the final report on this survey. It would seem self-evident, however, that the appropriate method of financing the new construction which will inevitably be involved would be by a bond issue.

Accordingly, the School Committee hereby respectfully requests that your Honor recommend to the City Council that it originate a \$3,000,000 loan order for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston now constituting, or hereafter becoming, approved school projects within the meaning of Mass. St. 1948, chapter 645, as amended, including originally equipping and furnishing such schoolhouses.

The School Committee will seek to have each of the above-mentioned schools approved by the Massachusetts School Buildings Assistance Commission under Mass. St. 1948, chapter 645, as amended, and thereby obtain a state grant of approximately 20 per cent of the cost of each school to help meet the payments on such bond issue.

Respectfully submitted,
ALICE M. LYONS, Chairman.
Referred to the Executive Committee.

REPORT OF FINANCE COMMISSION ON BUDGET FOR 1933.

The following was received:

City of Boston,
 Finance Commission, April 1, 1933.
 To the Honorable the City Council.

Inasmuch as the members of the Finance Commission have not the best of the success which took place in your Appropriations Committee meetings, the Commission has authorized the member of its staff who attended these meetings to comment upon the budget which is before you. His comment is as follows:

There is little opportunity for reduction of the items submitted by the Mayor unless it is the intention to eliminate employees and services. In other words, the budget before you might as well be a "tight" budget to provide for the existing functions.

In 1932 the Finance Commission proposed an extra cut in the budget, but the Council was of the belief that department heads could operate on a smaller budget if they were forced to. Although the City Council did not accept this recommendation, subsequent events proved the soundness of the idea because when later in the year department heads were admonished by the Mayor to avoid

spending where it was possible they completed the year with an unspent balance of appropriations amounting to \$866,775.51.

It is the accepted general practice to make budget allowances on a scientific basis, i.e., if the activity being provided for is to be continued, to determine how much it will require to provide for it and appropriate accordingly. Your records are replete with recommendations from the Finance Commission in regard to the establishment of a proper organization, and the departmental structure but of the work and employees in departments. These recommendations are still pending, inasmuch as no proper organization is obtained, appropriation must be made for the organization and functions as they are, not on the basis that it appears there is little opportunity to reduce the figures of the budget as submitted to you by the Mayor.

It appeared that little of value as regards budget reduction was produced in your budget meetings. Very little is discernible in study of the budget to warrant substantial reduction. Nevertheless, in the preparation of the 1933 budget, department heads had before them their experience in 1932 in trying to justify to you the amount recommended by the Mayor for them. This experience was valuable because in 1932 for the first time in modern municipal history the department heads were forced to give reasons in support of their requests. The effect of the attitude of the Council in 1932 is shown in the present difficulty to reduce the 1933 allowances and give reasons in support of any such proposal.

It is important to note the area within which the Council has responsibility. Although the total requirements of expenditures upon which the tax rate is based amount to close to \$150,000,000, nevertheless, the budget for city maintenance approximates \$100,000,000.

The above difference of \$50,000,000 in the total requirements represents principally the school appropriations, the Metropolitan Transit deficit, the Metropolitan assessments, the water deficit, and the Overlay Funding Account over which the Council and Mayor have no control. Also within the \$100,000,000 upon which you have no control, there are several items which are more or less fixed. These are items like the \$200,000,000 of payments which can only be roughly estimated, and the debt requirements. Such items reduce the sphere within which the Council can reduce the budget approximately \$75,000,000.

Undoubtedly the need in many of the items which are reasonably subject to Council determination could be less if there were a proper organization, upon which you have no control, and the work within the departments. However, such saving as might come from reorganization can not be counted upon at this time.

Taking the services and staffs as they now exist, we have these observations.

I. PERSONAL SERVICES.

The 1933 total of the Personal Service item for the City, County, and Income Departments for permanent employees is approximately \$27,500,000. In comparison with the 1932 expenditure, plus Compensation Plan commitment, these two amounts are in substantial agreement, as may be seen from these figures. The total expenditures for permanent employees was \$48,836,849.76 in 1932. Adding Compensation Plan commitment of \$1,880,000 plus other commitments, the total is \$50,716,849.76. In 1933, the amount allowed is \$50,711,847.07. For the County, the corresponding amounts are \$4,779,607 and \$4,799,327; for the Income Departments, \$2,615,333 and \$2,678,071.

To ascribe "tightness" to the personal item, as it before you assumes that all the positions for which you made appropriation in the 1932 budget were essential. However, it should be noted that in the instances of the departments which developed later, allotment is not made in the 1933 budget to permit retaining the positions vacated by the department heads state that they must be filled.

This no-hiring policy can be continued in regard to positions now held from which there will be 1933 retirements, but the opportunity to save thereby cannot be reliably figured in this year's allowances without knowing the intended retirement date. It is further complicated this year by several factors: (1) legislative proposals to raise the minimum age from 35 to 60 or 65 to move more veterans who have reached retirement age; (2) another proposal to disallow retirement of veterans who are not members of a contributory system would impact a similar impact on retirement applications, if passed; (3) employees who, after an adjustment of their position classification on April 1, will then retire.

The average annual number of retirements in the two contributory systems during the past three years was 272; during the first three months of 1933 the rate of retirement has kept pace with the same period in 1932. There will be in addition at least 150 veteran retirements in 1933. This means that it is estimated that there will be approximately 420 retirements in 1933. In the 1933 budget, the number of positions which became vacant in 1932 and previously filled and are not provided for is approximately 300.

II. CONTRACTUAL SERVICES.

The 1933 figure in this item shows only a relatively slight increase over the 1932 figure, from \$9,187,013 to \$9,349,890. Expenditures in this

category reflect increases in prices of labor and materials; also the deferment in 1932 of many of your authorizations because of the Mayor's instructions. These considerations make it doubtful that this item can be reduced justifiably.

III. SUPPLIES AND MATERIALS.

The allowance in this item for 1933 is \$592,632 less than in 1932 for City, County, and Income Departments.

IV. CURRENT CHARGES AND OBLIGATIONS.

Of the \$20,725,200 in this item, \$20,330,000 is in the form of aid to be received for public welfare and veterans' services, an activity outside the control of the Council.

The balance of \$395,200 is largely for bond and insurance premiums, dues and subscriptions, and rents, a group in which no substantial reduction appears possible.

V. EQUIPMENT.

The equipment item has also been reduced from \$1,228,322 in 1932 to \$1,070,933 for the 1933 allowance. In our opinion, savings in this field can be realized if management should establish a perpetual inventory system, which the Finance Commission has advocated for many years.

VI. STRUCTURES AND IMPROVEMENTS.

This item has been reduced by \$394,000 for 1933 over 1932. It involves installation, alteration, and repairs on buildings, and maintenance and repairs of public works structures. It is an item which is frequently reduced on the ground that the work need not be done this year. However, it is axiomatic that the more maintenance and upkeep invariably mean greater costs in subsequent years. For this reason it is not deemed advisable to cut further into this item.

VII. LAND AND IMPROVEMENTS.

This item is concerned with Parks and Playgrounds (\$90,000) and the control of Dutch elm disease (\$50,000). To reduce these items means respectively to ignore the law on Dutch elm blight or cut down on Parks and Playgrounds; neither step is advisable. Needed cemetery extension accounts for \$28,500.

VIII. SPECIAL APPROPRIATIONS.

The items in this group may be classified under two heads, those under the control of the Council, and items involving public. Retirement System, Federal Public Health program, Boston Housing Authority, Workmen's Compensation, Pensions and Annuities, Executions of Court are outside Council control. The Re-zoning Study is needed and has been for many years. Entertainment of Distinguished Guests and Public Celebrations is a matter of policy. The Finance Commission has questioned the propriety of the people on which these activities are carried out. Civil Defense is universally demanded today. The Board of Recreation is at the minimum required to carry out the law in regard thereto.

Snow Removal is an unpredictable item. The Finance Commission is willing to accept the judgment of the Public Works Commissioner in this regard.

In the hearings on the budget certain small opportunities for reduction of allowances were revealed. Such include reduction in the number of health inspectors; elimination of the proposed bibliography unit at the library; and reducing items for certain materials to be purchased in view of the present quantities on hand. The transfer of Child Welfare to the state was recommended in 1949 by the Finance Commission, was acquiesced to by the Commissioner of Institutions, but was not to be pressed by the Legislature. If the state is to assume the burden, no such appropriation has yet been made. In the event that state welfare is assumed, this function becomes a fact, the yearly saving would be approximately \$500,000 of the city's present \$750,000 rate of expenditure.

On the whole, substantial reduction in the spending rate of the city departments, as set in the allowances in the Mayor's 1933 budget, would allow realization of the reduction in which the Finance Commission has proposed.

REPORTS OF COMMITTEE ON APPROPRIATIONS AND FINANCE.

Report of the majority members of the Committee on Appropriations and Finance was submitted as follows:

The problem raised by the yearly analysis of the municipal budget is so multifarious and complex and of such crucial importance, that the majority of your Committee on Appropriations and Finance feel that, in recommending repairs, alterations, and, secondly, that the usual type of committee report, involving comparisons and language sufficiently vague so that all members might agree without undue strain, would be inadequate in this context. The committee, therefore, submits the recommendations of the majority members individually in the hope that a committee report in this form would have the merits of individuality and might be more thought-provoking than would be the results were the usual type of report used.

Report of Councillor Haller, vice chairman of the committee, was submitted as follows: Boston is no different from any other large municipality of its comparable size when we talk of its budgetary problems. The budgetary problem is not the fault of any Mayor or City Council but a nation-wide condition which has grown worse as inflation and, therefore, the costs of government services, have increased and tax revenue sources have decreased.

This year, with a tax rate over \$70 a reality, the majority of your Appropriations Committee feel that many cuts were necessary in the various departmental budgets which make up the whole city budget.

We don't feel that our cuts should be absolute and binding in every instance, but we do know that the effort was made to be as exact and as reasonable as possible.

The cuts that have been specifically recommended have been recommended with the utmost regard for the taxpayers of the city and with the utmost caution toward not impairing the efficiency of services provided by the city.

A close study of the greater majority of the recommended cuts in the budget such as Repair and Maintenance of Buildings, Repair and Servicing of Equipment, Purchase of Office Supplies, Office Furniture, and the miscellaneous 99 items show that there is a definite lack of planned budgeting on these items.

A planned capital improvement program is definitely needed rather than inaccurate guessing.

From the budget hearings have come many ideas and constructive recommendations for greater savings for the taxpayers.

1. A centralized motor pool under the motor division which would be solely responsible for the maintenance, operation and repair of all city automotive equipment. This would provide for closer budgetary planning.

A long-range plan for capital replacement and improvement for municipally owned and maintained buildings. This would lessen the guess work and demand for emergency repairs.

A salvage pool where the city could sell obsolete equipment and equipment no longer useful to the city.

Centralized photographic pool where all city photography and development could take place. This in effect could be a great saving to the city.

Recommend that all highways in the city be placed under the Public Works Department. This would provide for greater efficiency in the road maintenance program and would permit the city to receive grant in aid reimbursement from the state.

Report of Committee Member Foley was submitted, viz.:

The problem of high cost of municipal government naturally subdivides itself into three considerations: (1) revenue base; (2) level of services; (3) effectiveness of administration.

I shall here deal almost exclusively with the third problem, that of effectiveness of administration. The problem here would at first seem to be lack of the machinery whereby effective action might be exercised by the Chief Executive. However, the root of the problem is a simple problem in that it must be found in the structure of government—federal, state, and municipal. If you would understand it, put yourself in the shoes of a head of a municipal department with the very natural desire to make a name for yourself. You would soon find that departmental frugality produces no honor for the head of the department. The more to departmental glory leads at worst to empire building, and at best to a sort of creeping, uncontrolled, almost unconceivable expansion of the size of the department year by year. In the main, we rest our hopes for municipal economy on and if we rely on the heads of the departments. This said, no disparagement of our present department heads. Bigger and better is the American dream, and a man who is a great department head without ever giving thought to economy.

Who then will do the job? Any chief executive in discharge of his ceremonial, planning and day-to-day administrative

functions simply cannot reasonably be expected to have the time to devote to the detail work which must be done to achieve economy in operation. However, since the Chief Executive in his person represents the city to the voters and the taxpayers, it is in his interest to operate at the least cost. To summarize it so far, where the department head has the time, but all too often not the will, to achieve the most efficient operation, the Chief Executive has the will, but not the time. Therefore, one would seem led to the conclusion that the person who is in charge of department should be interested in economy. Budget Department with basic loyalty to the Chief Executive and not to the department head. Such a Budget Department should be organized and staffed to do precise cost analysis of municipal operations in every department and should be prepared to do field work, if necessary for it.

The present Budget Department is almost ridiculously understaffed for this function. The need for such a department is only re-emphasized when one takes into consideration the truly excellent services of the present Budget Commissioner, who, because of his outstanding qualifications, has not only the budget officer, a full-time job for any man, but also the de facto municipal personnel officer, and also bears a major share of the responsibility for reorganization of the municipal department. There is, therefore, an immediate need for expansion of the Budget Department, to the point where it will be able to accomplish the duties of the other municipal departments. Its function should clearly be a staff function through which the Mayor exercises effective control over the other municipal departments. It should be the Mayor's agency for control of day-to-day operation just as the Planning Board is the Mayor's staff agency for the long-range direction of policies which affect the future problems of the city.

The annual budget hearings of the City Council, at best, are a somewhat superficial study of the cost of running the government of the City of Boston. Municipal cost analysis via Council budget hearings can all too easily degenerate into an exercise in rhetoric or a pointless debate. It is something like asking a surgeon to remove an appendix with nothing more than a kitchen knife. Something more is needed, suggest (1) professional help to the Council; (2) program rather than item budgeting; (3) a much strengthened Budget Department.

I would like to offer one further and distinct suggestion. The current budgeting practice in Boston of a simultaneous calendar and fiscal year costs the city an unnecessary \$300,000 a year which might be saved if the fiscal year ran from July 1 to July 1. Why not try to seek some advantage from the present system since it costs us so much?

There would seem to be one advantage in our present system over the system of establishing the budget before the fiscal year begins. Our budget is not determined until early in April, and the size of the supplemental budget is not determined until late in May. It is fair to say that almost one half of the year has gone before the size of the budget is established. There are a great many items in the budget which are merely estimates and vary depending upon one or another factor, which will effect the estimate during the year.

but surely the element of guesswork in these items is much reduced when there can be, by use of the supplemental budget, a definite figure to act, when almost one half of the year's payments has been made on the item.

The conclusion would seem to follow that the Council should err on the low side, if it is at all, rather than on the high, since there is ample time to correct any low estimate up to early June, and by that time a department should have a much more informed estimate available than it has when the budget is prepared in January.

Report of Committee Member Joyce was submitted, viz.:

I regard the present condition of the budget, together with the attitude of many city officials and organizations toward the budget, as one of unhealthy and unrealistic toward the mounting burdens of Boston taxpayers—attitudes that reflect traditional inertia, and a desire to maintain the status quo of municipal bureaucracy rather than a vigorous effort to cut expenditures.

The very inadequacy of the system of budgetary review by the Council, wherein the budget is presented to the Council on February 2, with an approximate two-month deadline of April 6, militates against careful investigation and deliberation and produces the ludicrous situation wherein the Council is given but one day's deliberation, while its Appropriations Committee is given only two months to study \$100,000,000 expense account. Meanwhile it is well to remember that the Legislature receives its budget from the Governor on April 1 and has approximately six months to study same.

Faced with these inadequacies, the Appropriations Committee has recommended what I consider minimum cuts, which have been criticized from many quarters that, incidentally, are committed by public statement to a reduction in municipal expenses. This presents the familiar hypocrisy of those who are alarmed by the cutting the budget as a general philosophy, but who are always against cutting every specific item as a general policy.

In the light of these conditions, I commend the other members of the committee for their courage and forthrightness in recommending these cuts.

My specific recommendations in regard to these statements will be made when the committee report is discussed in the Council.

RECESS.

At the request of Councillor Ward President AHEARN declared a recess at 4.12 p.m. The members reassembled and were called to order by President AHEARN at 4.25 p.m.

Coun. Haller, for the Committee on Appropriations and Finance, submitted the following:

The Committee on Appropriations and Finance to which was referred on February 2, 1933, the appropriation bill submitted by the Mayor, recommends the passage of the same with reduced items as shown on the accompanying orders:

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1933.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1933, for performing the duties and exercising the powers devolved by statute or ordinance, or by resolution of the Council of the City of Boston, or County of Suffolk, or the Departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payments to the state under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendments thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the Department of Finance and any excess over income from taxes; that the appropriation for the Sumner Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that appropriations for the maintenance and operation of parking meters and the regulation of parking and other traffic activities incident thereto, be met by the income from parking meter fees; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1932, exclusive of the money raised by loan or needed to carry out the requirements of the State or Federal, or trust or special appropriation; by the income of the financial year beginning January 1, 1933; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered, or for division of the income of the city, or for the payment of other taxes or assessments payable to any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised for the appropriations of the city, and all taxes assessed for meeting the requirements of the State for the year 1933, or for the State or County of Suffolk, or the City of Boston, or the Commonwealth, shall be due and payable on July 1, 1933. Interest shall be charged at the rate of 4 per cent per annum and computed from October 1, 1933, on all real estate and personal property taxes remaining unpaid after November 1, 1933, and assessed and payable in the year 1933, before said November 1, 1933, until all such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriate for such specific purpose or item.

PUBLIC WORKS DEPARTMENT.

Boston, March 27, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time a hazardous condition exists on the West Fourth Street (commonly called Dover Street) Bridge, due to the slipperiness of the wood plank surface during, and subsequent to, rainstorms.

The traffic in the past three weeks has increased tremendously on this bridge, due to the closing of the Broadway Bridge. To my knowledge, at least four rather serious accidents have happened in the past two weeks on the West Fourth Street Bridge, caused by the above-referenced hazardous conditions during, and subsequent to, rainstorms. Last Saturday morning's Boston Herald carried a picture showing one of two accidents that occurred the previous day during the rainstorm.

It is absolutely imperative, in my opinion, to take steps to cover the existing plank surface with a bituminous concrete material, in order to make it

**CONTRACTS AWARDED.
WITHOUT ADVERTISING.**

(Continued from page 518.)

skidproof and safe for the passage of the thousands of motor vehicles that pass over this structure daily. The only time that the work can be done is on a Sunday, and the condition is so serious as to be considered in the nature of an emergency.

Therefore, I have made arrangements with Baker & Co. to cover the entire wood plank surfacing of the bridge on next Sunday with Type I bituminous concrete. It is estimated that we shall need not in excess of 250 tons of material, and the above-referenced contractor has agreed to lay the same at a price of \$13.50 per ton, which is very reasonable and compares favorably with prices that we received last year as a result of competitive bidding for Sunday work.

In addition to the bituminous concrete surfacing, it is also our intention to apply a tack coat of asphalt emulsion to the present plank surface, in order to insure a bond with the bituminous concrete. The contractor has agreed to apply the tack coat at a rate of 50 cents per gallon. It is estimated, therefore, that the cost of the work will not exceed \$3,200. Due to the emergency nature of this contract, we cannot publicly advertise for proposals.

I respectfully request, therefore, that you permit me to dispense with advertising and that you approve the awarding of a contract to Baker & Co., Inc., of 3475 Washington street, Jamaica Plain, in an amount not to exceed \$3,200, for the resurfacing of the wood plank surfaces of the West Fourth Street Bridge with bituminous concrete, with the understanding that the work is to be done on next Sunday, March 29, weather permitting.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 25 your Honor approved the awarding of two-month contracts, effective April 1 of the current year, to certain designated contractors for collecting and removing garbage and refuse, pending the approval of the City Council to the award of contracts in excess of one year to those contractors to whom the above-referenced short-term contracts were awarded.

I have been informed by the Law Department that on contracts in excess of a one-year period it will be necessary—before obtaining the approval of the City Council—for the contracts to be awarded to the contractors and executed by said contractors and the undersigned. Subsequently, these contracts will then be forwarded by me to your Honor, with the request that the necessary approval of the City Council be obtained, as required under the provisions of section 6 of chapter 486 of the Acts of 1909.

Publicly advertised proposals for this work were opened in this office on Thursday, March 12, but, as the proposed contract periods are different than those specified in the proposals, it will be necessary to award the contracts without publicly advertising for proposals,

but on the basis of the lowest bids obtained as the result of publicly advertising for same.

I respectfully request, therefore, your authorization to dispense with advertising and to award contracts to the following-named contractors in the districts and for the periods as designated, at the monthly prices appearing below, which, as stated, were obtained as the result of publicly advertising for bids:

District 3, Charlestown, Milano Brothers, Inc. (closed trucks), from June 1, 1953, to March 31, 1956, \$3,953.

District 7B, Dudley, M. DeMatteo Construction Company (closed trucks), from June 1, 1953, to March 31, 1955, \$6,729.

District 7D, Roxbury, M. DeMatteo Construction Company (closed trucks), from June 1, 1953, to March 31, 1955, \$9,980.

District 2A, Back Bay, Dooley Brothers, Inc. (closed trucks), from June 1, 1953, to March 31, 1955, \$4,572.

District 10, North and West Ends, Ward General Contracting Company. (closed trucks), from June 1, 1953, to March 31, 1956, \$14,300.

If contracts were awarded in the above-referenced five districts on the basis of the low bid prices submitted for one-year periods, the annual cost would be \$24,612 in excess of the cost of contracts awarded for periods in excess of one year. For this reason it is advantageous to award the contracts for the longer periods and to obtain the necessary Council approval thereto.

The contracts specify that the contractors have until October 1 to provide the all-enclosed steel bodies. During the period that a contractor does not provide these bodies he is paid on the basis of the bids submitted for the conventional open-top type of refuse collection body. In all cases the contractors furnished the same bid or a lower bid for furnishing the conventional body, with the exception of the bid submitted in District 10, North and West Ends. In this district the Ward General Contracting Company furnished a low bid of \$14,300 per month for the furnishing of closed bodies, and a bid of \$14,995 for furnishing open-top trucks. However, the contractor has agreed to a price of \$14,300 per month for open trucks, which eliminates the minor inconsistency in the bid.

You will note that the above-referenced contracts are recommended for awards on the basis of the contractors furnishing the all-steel enclosed type of refuse collection body, which, in my opinion, is far superior to the outmoded, open-top body. Eventually we hope to have the closed bodies used in all sections of the city.

I wish to call to your attention that the above-referenced five contracts providing for closed trucks will cost \$11,088 more per year than if contracts for similar periods were awarded for the furnishing of open-top trucks. I feel, however, that the additional expense of providing the closed trucks is justified, in view of the benefits that should accrue to the city by modernizing our refuse collection equipment.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CONTRACTS AWARDED.
WITHOUT ADVERTISING.

(Continued from page 520.)

BOSTON, April 8, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award contracts, without publicly advertising for bids, for refilling motor sweeper brooms to the following:

New England Broom and Supply Company, 191 Forest Hills street, Jamaica Plain, in an amount not to exceed \$4,000.
E. J. Broom and Service Company, 296 Binney street, Cambridge, in an amount not to exceed \$4,000.

This permission is requested for the reason that these two concerns are the only ones in this area known by this department, from past experience, to furnish material and workmanship of the highest quality in the work of refilling motor sweeper brooms.

The unit prices charged by both of these companies for refilling the motor sweeper brooms for the various types of sweepers are identical, and as follows: Elgin, \$50; Austin-Western, \$25; Wayne, \$24.

It is necessary to have two concerns do this work in order to insure an adequate supply of brooms, so that the sweepers may be kept in operation at all times. Deliveries are to be completed not later than August 31, 1953, and will meet the city's needs for approximately five months.

It is not possible to state definitely at this time the city's total requirements in respect to the refilling of motor sweeper brooms for the remainder of the year, and, furthermore, I consider it doubtful whether these concerns are in a position to undertake larger contracts at this time in view of their outside concurrent commitments for this sort of work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 20, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 20, 1953, your Honor approved a letter granting me authority to award contracts to several companies for furnishing perishable foods to the various city departments for the period of time from April 1, 1953, to March 31, 1954, inclusive.

One of the companies listed in the letter was Rush Fish Company. Authority is requested at this time to change the name of the company from Rush Fish Company to O'Hara Brothers Company, Inc., the correct legal name.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 20, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 19, 1953, your Honor approved a letter granting me authority to award a contract to Gorham Fire Equipment Company for furnishing "Re-fills" to the Fire Department as a result of a publicly opened bid on February 16, 1953.

Authority is requested at this time to change the name of the company from Gorham Fire Equipment Company to Joseph F. Gorham, doing business as Gorham Fire Equipment Company, the correct legal name.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 8, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Sewer Service of the Public Works Department has submitted a requisition for replacement parts for Worthington pumps.

Worthington Corporation, which is the manufacturer of these parts, has submitted an informal quotation on the above. Inasmuch as this company is the manufacturer and the only source of supply, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Worthington Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$5,136.48, f.o.b. Harrison, New Jersey, and \$60, approximate cost of delivery and crating, making the total amount \$5,196.48, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

EAST BOSTON DISTRICT COURT.

Boston, March 21, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with public advertising for proposals and to award a contract to Sylvester J. Wynters, of 150 St. Andrew road, East Boston, for the transportation of prisoners from this court, as directed, for the period commencing on April 1, 1953, and ending March 31, 1954, in order to continue and maintain contractual arrangements now in existence because of the absolute necessity of maintaining these services to this court and likewise to fully observe the requirements of the Acts of 1909, chapter 486, section 30, as amended, in respect to the same. The total amount to be expended under the proposed contract is not to exceed the sum of \$155 per month, including tunnel tolls.

In my opinion nothing would be gained by publicly advertising for bids in this work, since the prices charged for these services are reasonable and because this contractor carries out the work in a most commendable and satisfactory way.

Very truly yours,

CHARLES J. BROWN, *Justice*.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

Boston, March 31, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is hereby requested for the award of a contract for transportation of prisoners without public advertising to Daniel A. Wiles, 3 Dexter Row, Charlestown, for the period commencing April 1, 1953, and ending with the last day of March, 1954.

The approximate total amount contemplated for expenditure shall not exceed \$1,800.

The above-named individual has performed this essential service for a considerable number of years, and has proven himself highly dependable and efficient. This performance has always been highly satisfactory and his rate is fair and reasonable for the services rendered. I therefore am of the opinion that nothing could be gained by publicly advertising for bids.

Yours very truly,

JOHN GILMORE, *Justice*.

PROCEEDINGS OF CITY COUNCIL.

BUDGET AS PRESENTED BY MAYOR HYNES.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1953.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1953, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; that the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that appropriations for the maintenance and operation of parking meters and the regulation of parking and other traffic activities incident thereto, be met by the income from parking meter fees; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1952, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1953; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the city, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1953, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July 1, 1953. Interest shall be charged at the rate of 4 percent per annum and computed from October 1, 1953, on all real estate and personal property taxes remaining unpaid after November 1, 1953, and assessed and payable in the year 1953, before said November 1, 1953, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Coun. FOLEY moved that the clock be turned back to 10 P.M. The Chair ruled that the motion was out of order.

Coun. FOLEY appealed the decision of the Chair, the appeal being seconded by Councillor Joyce. The question was put as follows:

Shall the decision of the Chair stand as the judgment of the Council.

The decision of the Chair was sustained, yeas 5, nays 4:

Yeas—Councilors Ahearn, Hurley, Kerrigan, Ward, White—5.

Nays—Councilors Foley, Hailer, Joyce, Piemonte—4.

Coun. HURLEY informed the Council that the time was three minutes before twelve.

Shortly after 12 o'clock the President announced that the Mayor's budget became effective because of the expiration of the time limit, and no further action was in order on said budget.

The items of the budget as submitted by the Mayor on February 2, 1953, are printed starting on page 522.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Cypress street, West Roxbury district, as a highway, from Beech street to Walworth street, with the name of Eugenia road or some other distinctive name, bounded and described as follows:

A highway named Eugenia road is hereby laid out, from Beech street to Walworth street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Beech street, 40.01 feet; northwesterly by the northwesterly line of said Eugenia road as hereby laid out, 315.21 feet; easterly by Walworth street, 56.53 feet; and southeasterly by the southeasterly line of said Eugenia road as hereby laid out, 274.50 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Eugenia road (formerly Cypress street), will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan heretofore referred to and on file in the office of this department.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening and construction of Dorchester avenue, South Boston district, as a highway, at the northeasterly corner of West Broadway, bounded and described as follows:

The highway named Dorchester avenue is hereby widened at the northeasterly corner of West Broadway, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Elisabeth B. Worcester, bounded:

Southwesterly by West Broadway, 10.74 feet; westerly by the easterly line of Dorchester avenue as it existed prior to this order, 39 feet; and easterly by the easterly line of Dorchester avenue as widened under this order, 46.88 feet, containing 155 square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Dorchester avenue as hereby widened is bounded:

Southwesterly by the northeasterly line of West Broadway as it existed prior to this order, 10.74 feet; westerly by the easterly line of Dorchester avenue as it existed prior to this order, 39 feet; and easterly by the easterly line of Dorchester avenue as hereby widened, 46.88 feet, containing 155 square feet, more or less.

Voted, That this Board determines that the unmentioned person sustains damages in her estate by the making of the public improvement consisting of the widening and construction of Dorchester avenue, South Boston district, as a highway, at the northeasterly corner of West Broadway, under the order of the Board of March 23, 1953, in the amount hereinafter mentioned, and awards said amount therefor.

Elisabeth B. Worcester, 155 square feet, \$1.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be five (5) days, vehicles are excluded from the following park road, from 8 A.M. to 6 P.M. each day, effective April 13, 1953:

Commonwealth Avenue, Boston Proper.

Both roadways of underpass at Massachusetts avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of horse racing at Suffolk Downs, parking of vehicles is prohibited in the following street, from April 20, 1953, to June 27, 1953, inclusive:

Waldemar Avenue, East Boston.

Both sides, from Mclellan Highway to Walley street, 24 hours.

LAND-TAKING IN WEST ROXBURY.

The Mayor approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Sunnybank road, bounded:

Easterly by the easterly line of Sunnybank road, 35 feet; southerly by the southerly line of said road, 85 feet; westerly by another part of said road, 35 feet; and northerly by the northerly line of said road, 85 feet, containing 2,975 square feet, more or less.

The sewerage works to be constructed are as follows: 75 lineal feet of 10-inch sanitary sewer from existing manhole on 10-inch pipe sewer to 75 feet easterly, at an estimated cost of \$750.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Sunnybank road, beginning at a point approximately 240 feet east of Maple street and extending approximately 85 feet easterly, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan

hereinafter referred to, and on file in the office of this department.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING ADDITIONS AND ALTERATIONS TO THE HEATING AND VENTILATING SYSTEM AT EDWARD EVERETT SCHOOL, PLEASANT STREET, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereby referred to as the Awaiting Authority, invites sealed proposals for furnishing and installing additions and alterations to the heating and ventilating system of the Edward Everett School, Pleasant street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, April 30, 1933, at the office of the Awaiting Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awaiting Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awaiting Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, to the sum of \$300, shall be submitted with the copy of the proposal filed with the Awaiting Authority. The bid deposit shall be in separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awaiting Authority. All subbidders' proposals must be in the possession of the Awaiting Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, April 27, 1933.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, to the sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awaiting Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after the date of the opening of proposals.

A performance bond, issued by a surety company satisfactory to the Awaiting Authority, in the amount of the public interest to be secured by the successful general contractor.

The Awaiting Authority reserves the right to waive any informalities and to reject any and all bids, and the public interest so to the Awaiting Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 430 of the Acts of 1933.

TO ELECTRICAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR ELECTRICAL WORK AT CHARLESTOWN HIGH SCHOOL, 30 MONUMENT SQUARE, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awaiting Authority, invites sealed proposals for electrical work at Charlestown High School, 30 Monument square, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, April 28, 1933, at the office of the Awaiting Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awaiting Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awaiting Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$100, shall be submitted with the copy of the proposal filed with the Awaiting Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications may be obtained at the office of the Awaiting Authority on or after April 21, 1933.

A performance bond, issued by a surety company satisfactory to the Awaiting Authority, in the full amount of the contract will be required of the successful general contractor.

The Awaiting Authority reserves the right to waive any informalities and to reject any and all bids.

CIVIL DEFENSE DIRECTOR JOSEPH L. MALONE REPORTS TO MAYOR JOHN B. HYNES ON LESSONS LEARNED AT OBSERVATION OF ATOM BOMB EXPLOSION IN NEVADA DESERT—PLANS IN MAKING FOR MEETING THREAT OF ATOMIC BOMBING, SHOULD BOSTON BE ATTACKED.

The following is the report by Joseph L. Malone, Director of Boston's Civil Defense Department, to Mayor Hynes, on observations of atom bomb test at the Nevada Proving Grounds at Las Vegas, Nevada, on March 17:

As Director of Civil Defense for the City of Boston, I was delighted to take advantage of the opportunity which an invitation from the Department of Defense, the Atomic Energy Commission, and the Federal Civil Defense Administration presented to attend the atomic

BY COURTEOUS COOPERATION REFUSE COLLECTED IN CHARLESTOWN AND NORTH AND WEST ENDS OF CITY TO BE DUMPED IN CLAY PITS IN CHELSEA—MAYOR QUIGLEY AND MAYOR HYNES COOPERATE IN ARRANGEMENT GREATLY BENEFITING BOSTON—TO CONTINUE WHILE SCOWS ARE OUT OF SERVICE.

Boston's refuse material collected in Charlestown and the North and West Ends is being disposed of in the clay pits of Chelsea. This advantageous arrangement for the City of Boston has been arranged by Commissioner of Public Works George G. Hyland, with the cooperation and courtesy of Mayor Andrew Quigley of Chelsea. Mayor Hynes has been informed of the arrangement and has approved it. The letter from Commissioner Hyland to the Mayor, announcing the cooperative action, reads as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 21, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

BOSTON'S PARK RECREATION SYSTEM BEING READIED IN ANTICIPATION OF THE BEST AND BUSIEST SUMMER SEASON EVER KNOWN—MAYOR JOHN B. HYNES HAS PASSED WORD ALONG TO CHAIRMAN FRANK R. KELLEY TO EXPAND RECREATIONAL PROGRAMS TO FURNISH ENTERTAINMENT AND HEALTH BUILDING FOR ALL AGE GROUPS OF CITIZENS—KNOWN AS BOSTON'S MOST RECREATION-MINDED MAYOR.

With the advent of spring and summer weather Boston's citizens are looking forward with more interest and excitement than ever before to recreation and enjoyment. The Park Department, under the direction of the Chairman of the Commission and Mayor John B. Hynes, has expanded its programs so as to provide entertainment in sports for all the thousands of Boston citizens who are recreation minded. This has been due to the fact that the city has as its chief executive the most recreation-minded Mayor it has ever known. There is not a branch of athletic activity which does not claim, or has not claimed, the earnest attention and support of his Honor.

This is not due to any recent impulse. The St. Mark's Semi-Pro Football Team of yesteryear had a young man by the name of "Johnnie Hynes" who appeared in the lineup as the regular quarterback for no less than four years. Boston's youngsters and oldsters have acquired more recreation areas in the past three years under Mayor John B. Hynes than in any previous ten-year period.

Last November his Honor called the Chairman of the Boston Park Commission, Frank R. Kelley, and renamed the park gymnasiums Boston Park Recreation Centers. Commissioner Kelley was instructed to develop, in addition to the physical education program that has predominated in this system over the past 50 years, a yearly well-rounded recreation program for all age groups of Boston's citizenry. It was suggested that programs should be planned to make the maximum use of all the facilities available for recreation.

For Leadership.

The Mayor explained that it is just as important to provide facilities and leadership in a public music program as in a football program. The Mayor outlined plans for other activities, such as arts and crafts, dancing, and special activities, to be made a permanent part of the Boston Park Recreation Program.

The present public recreation program, under the direction of Pat Ryan, Director of Recreation, is second to none in this country. Boston Park Recreation caters to the unaffiliated youngster. The boy or girl who is not a member of any particular organization receives a high priority in the Park Recreation Program. These activities have functioned year in and year out, so that now they are an expected service, free to the public, but many times not publicized further than the participants.

The Boston Park Leagues in baseball, softball, football, and basketball are so organized that it has never been known that any "gang" or team of youngsters desirous of participating in any of these sports has been turned away. Every afternoon, Monday through Saturday, from September through May, there is a program in the Recreation Centers for youngsters of elementary school age.

REFUSE TO BE DUMPED IN CHELSEA.

(Continued from page 537.)

material collected in the Charlestown, North End, and West End areas is being disposed of at the clay pits in Chelsea. All of the equipment at the dump location is being furnished by the city.

This arrangement is particularly advantageous to Boston during the period, not later than July 1, that the sews are out of service. It eliminates the necessity of hauling all of the refuse area from the above-designated districts through the streets of the City Proper and South Boston to the Calf Pasture in Dorchester. In addition, the city is effecting a saving in the contracts with the Ward General Contracting Company and with Milano Brothers, Inc., because the latter-referenced contractors would have to be paid additional money if the dumping operations ceased in Chelsea. Because of local objections from Chelsea residents, it is impossible for me at this time to determine how long the present arrangements with Mayor Quigley will remain in effect.

I have made tentative arrangements with the Mayor whereby we will furnish cover material for the dumping area in Chelsea and pay agreed amounts for the disposal by Chelsea of the refuse material. Up to date we have furnished 500 yards of clean fill for the dump in Chelsea, and I have now made arrangements with the Mayor to pay an additional \$1,000 at this time for the service being performed by the City of Chelsea.

I respectfully request, therefore, that you authorize the payment to the City of Chelsea of the sum of \$1,000 for the disposal of the above-referenced material, with the understanding that the above-referenced amount will be paid out of Budgetary Item 252 of the Sanitary Division Budget of this department for the disposal of waste materials.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR HYNES SPONSORS HUGE RECREATION PROGRAM.

(Continued from page 537.)

Mayor Hynes is also the President of the Association of Park Leagues in all the competitive sports. This is an extensive organization, when actual figures are considered. The Boston Park Recreation Baseball Leagues comprise 34 leagues of 8 teams each, on which at least 20 members are registered. These teams of young adults are fully uniformed and play in the twilight hours. In addition there are an estimated 10,000 youngsters who play in the afternoon leagues on the Boston Park Recreation playgrounds. These youngsters manage their own teams and compete in leagues according to age classification. All are being readied now for the summer activities and competitions.

The public recreation service of the Park Department provides these youngsters with all essentials for their Junior Baseball Leagues, including officials, bats, baseballs, and a complete catcher's outfit.

In addition to the sports and athletic program, there are also programs for the "oldsters," such as the "Boston Park Recreation Golden Age Group." This is an organization of over 800 members, all

over sixty years of age, who have been brought together through the Park Recreation Program. The organization's meetings consist of a real oldtimers' get-together, with songs, dances, and entertainment, usually led by some prominent entertainers of yesteryear.

There is also the Boston Park Recreation Sailing Program, which provides any citizen of Boston an opportunity to learn and enjoy the relaxing art of sailing on the Charles River or Jamaica Pond. An important part of any public recreation program should include "Safety." It is unusual that the Boston Park Recreation is starting its eighteenth year of a Saturday radio program on safety for youngsters. This program, sponsored by the Boston Police M-1 Safety Squad, is organized by Park Recreation, with youngsters from the School Department during the school seasons and from the playgrounds during the vacation seasons.

ALL FREE TO PUBLIC.

Boston Park Recreation not only presents a program for all age groups but, in addition, plays a leading role in assisting the promotion of youth activity programs that are also free to the public. The Soap-Box Derby, the Silver Skates, Easter egg hunts, etc., are all assisted by Park Recreation with programs, personnel, or facilities when necessary. Another manifestation of the interest of Mayor Hynes in the youth of the city was evidenced during the Evacuation Day Road Race for Novice Boy Runners, when his Honor insisted on not only conducting the affair but also contributed a personal trophy—not from the Mayor of the City of Boston, but from John B. Hynes.

The youngsters of Boston are very fortunate in having a man who is a father first when it comes to considering the need of these youngsters. As recently as this week his Honor once again proved he is Boston's Most Recreation-Minded Mayor. The Boston School Committee did not provide funds to continue the summer playground program on the Park Department areas, as they have in previous years. The Boston Park Department budget was in the hands of the City Council before the School Department's move to drop this playground program from 67 areas. This would mean that youngsters of all ages would not have a playground program on any of these 67 areas. The Mayor did not have any fund available from which he could transfer the necessary money to carry on this program, but he could violate his own economy program, and this he has done, to provide Boston's youngsters with their ten weeks' summer playground program.

CIVIL DEFENSE DIRECTOR REPORTS OBSERVATIONS ON ATOM BOMB EXPLOSION IN NEVADA.

(Continued from page 537.)

bomb test conducted on March 17, 1953, at the Nevada Proving Grounds. Approximately six hundred newsmen, scientists, and Civil Defense officials were present. Press, radio, and television gave such splendid coverage to the test that the American public has become thoroughly familiar with this latest chapter in the atom bomb story.

Much could be said about the purposes of the test, they were both many and diverse. The test involved a relatively small nuclear device detonated

from a 300-foot tower under conditions which had been deliberately standardized in many respects for the purpose of measuring specific variables. For the soldiers in the trenches, it represented an opportunity to experience, feel, and know the effects of an atomic weapon at a distance of two miles from ground zero. Their experience proved that a 5-foot open trench can provide perfect protection for our soldiers from all of the effects of atomic weapons.

For the Air Force it provided a testing ground not only for aircraft with atomic capabilities, but also for those which are used to track down radiation, provide meteorological information, or serve as drones or mother planes. This was a test in which planes of various sizes and types were subject to blast pressures in the air and on the ground in the vicinity of the detonation.

For Civil Defense it provided a laboratory experiment which subjected two frame houses, several weighted mannequins, 70 automobiles, 12 home bomb shelters, and various fabrics to the effects of an atomic weapon. At the Nevada Proving Grounds, for the first time, objects and materials familiar to us all were subjected to atomic blast, heat, and radiation.

FORBIDDEN AREA.

The Proving Grounds are located out in the desert 64 miles from Las Vegas, and covers an area of approximately 415,000 acres, roughly 640 square miles. It was necessary for the 600 assembled to witness the test to make the trip in approximately 20 buses over the desert road on four different occasions, twice for the dress rehearsal on Sunday and twice for the actual test on Tuesday. Private cars were forbidden in the area. On the way out Sunday, we passed Camp Indian Springs, a U. S. Air Force installation and stopped briefly 19 miles further on at Camp Mercury, the Atomic Energy Commission's facility, which has now achieved the importance and size of a village and is a permanent installation. At this point, all cameras were temporarily confiscated and placed in mail sacks for security reasons. We then proceeded on our way past Desert Rock, the location of a tented city of the U. S. Army, past Frenchman's Flat and the Yucca Basin to the Nevada Proving Grounds where the test was to take place in the pre-dawn hours two days later.

Upon our arrival, we examined the second of the two white houses which was located 7,500 feet from ground zero, noted the detailed arrangement of weighted mannequins upstairs, downstairs, and in the bomb shelters, and inspected towers, bunkers, planes, tanks, and many of the automobiles which would be exposed to the blast. All of these were equipped with thermal couplings to measure heat, and with radiation badges to measure roentgens. In addition to the bomb tower there were other towers at various distances armed with wires, thermal couplings, and radiation measuring devices.

Near ground zero were instrumentations bunkers built to resist shocks of earthquake proportions, wired with many types of photographic and electronic recording devices, sealed against injury, and operated from the control point seven miles away by wire, radio, or radar. The successful operation and evaluation of an atomic test is dependent on this complex equipment which is

ready to measure extremely high temperatures, air pressures, blast pressures, time in millionths of a second, meteorological data, light waves, and air spectra, as well as radiation effects. The planes, tanks, "ducks," mail trucks and various weapons apparently scattered over the entire area which would be exposed to the effects of the atomic blast, had in fact, been carefully placed to measure these effects.

As Civil Defense officials, we were particularly concerned with the 12 different shelters for home use that were to be tested by FCDA. These included everything from the simple, wooden, lean-to shelter at a cost approximating \$40 to the reinforced concrete and steel type which runs well over \$1,000 in cost of installation.

After inspecting the area which would be subjected to the blast—a level area extending for miles in all directions—we returned to News Knob, seven miles away, and examined the area from which we were to observe the blast in the early morning darkness two days later. To the left and front were bleachers for the approximately 600 who would witness the detonation. To the right was the precipitous area known as News Knob which, covered with wires, cameras, television loudspeakers, and sound recorders, would tell the story to the waiting public. In front of these were 20 large tables for the typewriters that would click out the press releases.

Following our arrival, inspection, and departure from News Knob, we were briefed with regard to Desert Rock, a tent city numbering more than four thousand inhabitants, established by the U. S. Army to assist the Atomic Energy Commission in this Nevada Proving Ground Project. Inspection of the tent city and company streets followed lunch, after which we gathered on bleachers in an open-air assembly area to listen to an address by General Bullock, in which he explained the purpose of the realistic military A-bomb exercise in which his troops would engage and likened this maneuver or atomic break through to the break through at St. Lo in World War II.

AT INDIAN SPRINGS.

At Indian Springs we were addressed briefly by the officers of the U. S. Air Force. The operation at Indian Springs involved many types of aircraft, from the smallest jet to the largest bomber, all of which have atomic capability. Officers were assigned to every type of plane to answer any questions which did not violate security regulations. They explained in detail the nature, purpose, and mission of the various planes and indicated the extent to which the Air Force would participate in the exercise. Air Force units, in addition to large, medium, and small type bombers and jets, included meteorological aircraft, balloons, kytoons, and decontamination equipment for rendering planes exposed to radiation—Radsafe. From Indian Springs we returned to Las Vegas.

Monday's program included addresses by the Governor, the Mayor, Civil Defense Director Peterson, generals of the U. S. Army, representatives of the Atomic Energy Commission, and Federal Civil Defense project leaders.

On Monday night we retired at 10 P.M., were called at 12 midnight, and met in the dark outside of the City Hall in Las Vegas, at approximately 12:30 A.M.

In view of the fact that many had retired but two hours earlier, it was no easy task to rout out 600 people and have them ready to move in the buses to which they had been assigned on the previous Saturday and Sunday. However, everyone was there on time.

On the way to the Proving Grounds, radiation badges, special plastic goggles for viewing the bomb, and booties, which were to be drawn over shoes and taped to trouser legs as protection from radiation, were issued to all by the group leader in each bus. All of us were wearing extra layers of clothing as protection against the cold of the desert as we waited for the predawn exercise to develop. Later in the morning, we were glad to shed all superfluous clothing.

Every inch of space on News Knob was crammed with photographic or sound recording instruments, and a network of temporary wiring for telephone, telegraphic, and signaling equipment covered the ground and provided a hazardous web for unwary walkers. Loudspeakers in the darkness directed personnel from the various buses to the areas reserved for them, issued special instructions to Civil Defense officials, scientific groups, press and radio men, and briefed us on what was occurring elsewhere on the proving grounds.

We were told that the Command and Control Post adjacent to us was manned and ready for operation. The planning for the past several months at Yucca Flats, at Desert Rock, at Indian Springs, and in college laboratories throughout the country would be put to the test within the next hour, following which a long period of study, examination, and evaluation of the results of the test would be necessary. Five miles in front of us, clustered in slit-trench foxholes 5 feet deep, approximately two miles from ground zero, members of the Army unit stationed at Desert Rock prepared to sit out and survive the bomb burst. They were to be closer to a nuclear detonation than any group had ever been. Some miles to the rear a pilotless Navy Sky Raider was ready to take off in the darkness under the direction of a mother ship. Shortly thereafter we heard the drone in the sky and listened to the loudspeakers trace its path in the direction of the test area.

SEVENTY-FIVE AIRPLANES TAKE PART.

Approximately 75 airplanes acting under the U. S. Air Force participated in this test. Many had toured the skies the previous evening for meteorological purposes. Balloons and kytoons had recorded the scientific data which gave a final "OK" to this experiment in the desert, and a score of planes were ready to trace the path of the radioactive cloud which, following the bomb burst, would eventually move eastward to the Atlantic. Approximately 15,000 pounds of explosives and rockets were set off just before H-Hour so that their standard blast pressures might be recorded as a basis for the higher pressures soon to follow from the detonation of the bomb. The final seconds were announced one by one.

Precisely at H-Hour a bright flash as of a hundred suns illuminated the darkness of night. The brilliant white glare momentarily blinded the unshielded eyes of onlookers as the fireball lighted up the sky. The brilliance of that glare was plainly visible and recorded by photographers in Las Vegas 75 miles distant

and in Los Angeles 300 miles away. Earth and sky were rocked by the thunderous roar which followed the terrific impact of the bomb and the reverberations of that sound echoed and re-echoed from the surrounding foothills to prolong the moment of explosive violence. The ball of fire billowed upward, the earth was shaken into violent upheaval, and a towering pillar of smoke and dust boiled upward to form the familiar A-bomb cloud. The heat from the fireball immediately ignited and in large measure consumed with its intensity the first house located 3,500 feet from ground zero. In fact, the house was completely demolished.

(a) The blast wave hit the front of the house and blew out the ends, the chimney crashed to the ground, and one wall fell on the post office truck parked nearby.

(b) The roof fell on a car parked behind the house, wrecking the car, but in such a manner that occupants of the car would have been safe if they had been on the floor.

(c) The house was pushed back so that it was possible to enter the basement through a hole in the corner. In the basement the ground floor had fallen in but was supported by the box-type shelter in the corner.

(d) In the lean-to shelter in the basement, the undisturbed mannequins were proof that much safety exists below ground level even when the violence and heat are sufficient to destroy everything above ground.

(e) The first floor of the modern frame dwelling was unable to sustain the debris-load. It collapsed, and the lean-to and box-type room were necessary shelter protection for those seeking refuge in the basement.

The lean-to shelter was made of 2-inch by 6-inch joists closely spaced at 5 inches on center with 1-inch matched board sheathing. It was attached to two pieces of 4-inch by 6-inch timber which had been securely bolted to floor and cellar wall.

(f) The mannequins in the lean-to type shelter 3,500 feet from ground zero appeared undisturbed by the violence which demolished the upper floors and destroyed furniture.

The corner shelter room in house No. 1 was apparently unaffected by the blast. The box-like structure with 4-inch by 6-inch framing and 2-inch by 6-inch joists and 1-inch sheathing provided a solid resistance to even the heavy debris-load.

(g) Fire effects were greater than had been expected.

(h) Radiation in the cellar was but 1/10 of that above stairs.

At house No. 2, located at 7,500 feet from ground zero, the damage was estimated to be between \$1,000 and \$1,500.

(a) The first floor beams were split, the joists were moved approximately six inches, and the flooring was pulled away from the fireplace.

(b) Closet doors were splintered and driven into closets.

(c) Blinds, hardware, furniture and mannequins became flying missiles.

(d) All mannequins above the ground level were victims of violent upheaval and destructive blast.

The mutilation of the mannequins above the ground floor in house No. 2 indicated that serious injury or death would have resulted instantly to those not sheltered in the basement.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the temporary appointment of Edmund G. White, 192 Faneuil street, Brighton, as deputy assessor at \$120.07 a week.

HOSPITAL DEPARTMENT.

General Division.

For the week ending April 7:

The following permanent employees have been appointed:

Robert W. Burgess, 26 Dorset street, Roxbury, James D. Colbert, 9 P street, John R. Hogan, 174 Highland street, James J. Slack, 25 Santuit street, hospital medical workers, \$43 a week.

The following special nurses have been appointed at \$11 a day:

Marie Allen, 51 Cherry street, Malden, 7 days; Priscilla Beckwith, 686 Massachusetts avenue, 1 day; Mary Cauty, 145 Magdala street, 3 days; Laura Coe, 12 Wildwood street, 2 days; Delia DeHont, 298 West street, Hyde Park, 5 days; Mary Fraser, 99 Norway street, 1 day; Vivian Gallius, 38 Train street, Dorchester, 2 days; Mary Grant, 49 East Springfield street, 1 day; Margaret Hopkins, 16 Sanderson place, 3 days; Mary Hunt, 695 Heath street, Chestnut Hill, Veronica McElligott, 34 Dickinson street, Somerville, 1 day; Catherine McGuinness, 14 Alsen road, 2 days; Mary Mahan, 29 Kempton street, Mildred Pearce, 4 Haviland street, 3 days; Alyce Powers, 67 Prospect avenue, Wollaston, Phoebe Smith, 2 days; Kathryn Welch, 1 Stockton street, 1 day; Ruth Droleite, 1515 Veterans of Foreign Wars Parkway, 3 days.

The following weekly nurses have been appointed:

Permanent.—Anne Marie McInnis, 553 East Third street, floor nurse, \$1.50 an hour, Jeanne Papineau, 736 Washington street, Dedham, floor nurse, \$68 a week; Anna Rowe, 10 Perkins Manor, floor nurse, \$1.50 an hour; Mary McCarthy, 819 East Fourth street, floor nurse, \$63 a week; Anne Masel, 103 Waverly street, Everett, floor nurse, \$60.50 a week; Adele (Pavilionis) Mulvey, 477 Haverhill street, Lawrence, floor nurse, \$63 a week; Dorothy Gulgankian, 710 Massachusetts avenue, floor nurse, \$58 a week.

Temporary.—Bridie Kerrigan, 55 Mt. Vernon street, floor nurse, \$1.50 an hour; Lee Alford, 99 Ellington street, floor nurse, \$1.70 an hour; Rita Buscher, 235 Norfolk street, Margaret Morrell, 507 Newfield avenue, Stamford, Connecticut, Veronica McElligott, 34 Dickinson street, floor nurses, \$1.50 an hour.

The following provisional employee has been appointed:

Santo Michael Diaferi, 44 Highland street, hospital medical worker, \$43 a week.

The services of the following employees have been terminated:

Permanent.—John J. Horrigan, 8 Linden street, hospital kitchen worker, \$48 a week; Brandon J. Perron, 35 Worcester square, hospital medical worker, \$43 a week; Dorothy Bowman, 719 Tremont street, hospital medical worker, \$48 a week; Adrienne Merrill, 5 Grove street, hospital medical worker, \$50.50 a week; Isaac R. Logan, 397 Camden street, hospital house worker, \$53 a week; James G.

Robertshaw, 1479 Washington street, nurse, \$68 a week; Therese Pouliot, 2 East Greenwood street, Amesbury, floor nurse, \$60.50 a week; Alice M. Hofstatter, 256 Market street, Brighton, floor nurse, \$1.70 an hour; Mary L. Doyle, 29 Golden avenue, Medford, Genevieve Chaplin, 82 Commonwealth avenue, floor nurses, \$1.50 an hour.

Temporary.—Josephine Lane, 44 Hillsboro road, housemother, \$58 a week; Bridie Kerrigan, 55 Mt. Vernon street, Rita Buscher, 238 Norfolk street, Wollaston, Veronica McElligott, 34 Dickinson street, Somerville, Margaret Morrell, 507 Newfield avenue, Stamford, Connecticut, floor nurses, \$1.50 an hour.

South Division.

For the week ending March 31:

The service of the following employee has been terminated:

Permanent.—Edward J. McLellan, 20 McGreevey Way, Roxbury, hospital medical worker, \$43 a week.

The following permanent employee has been appointed:

Mary E. Williams, 9 Laurel street, Roxbury, floor nurse, \$60.50 a week.

For the week ending April 7:

The service of the following employee has been terminated:

Temporary.—Helen M. Dowdy, 39 Delle avenue, Roxbury, hospital medical worker, \$43 a week.

The following doctors have been appointed:

George E. Morin, senior assistant resident, Oral Surgery, \$132 a month; Frederick L. Landrigan, resident, Ophthalmic, \$162 a month.

Sanatorium Division.

Approval has been given for the re-employment of John P. McGovern of 249 River street, Mattapan, as part-time patient male nurse at \$1 an hour.

Permission has been given to fill the vacancy for senior hospital house worker (grounds), caused by the retirement of Gaetano LaCorte.

Approval has been given for the provisional employment of James A. Kelly, 40 Duncan street, Dorchester, as hospital house worker at \$43 a week, no maintenance.

Approval has been given for the employment of Thomas J. Moroney, 1087 Boylston street, as part-time patient male nurse at \$1 an hour.

Approval has been given for the appointment of Frank Ziman, 249 River street, Mattapan, as patient male nurse at \$1 an hour.

Approval has been given for the provisional employment of Maurice Swart, 134 West Newton street, as hospital medical worker at \$43 a week.

Approval has been given for the resignation of Alfred Sammer, principal hospital kitchen worker.

Approval has been given for the permanent appointment of the following hospital medical workers at \$43 a week:

Phyllis Jennings, 128 West Newton street, to replace Anna LaPrise, resigned; Anna E. Keane, 48 Magazine street, Roxbury, to replace Hazel Cole, resigned; Margaret Bowman, 267 Roxbury street, Roxbury, to replace Pauline Reed, transferred; Anna M. Gallagher, 31 Hollingsworth street, Roxbury, to replace Mary Higgins, resigned; Anna L. Vigent, 17

Parsons street, Brighton, to replace Grace McNulty, resigned; Elizabeth Mott, 117 Bower street, Roxbury, to replace Ruth DiCicco, resigned.

PARK DEPARTMENT.
Cemetery Division.

Approval has been given to extend the temporary employment of the following as grave diggers, for a period of six months, at \$55.50 a week:

Walter C. Evans, 544 Columbus avenue, Boston; Joseph P. Connor, 156 Minor street, Dorchester; James J. Burke, 40 New Heath street, Jamaica Plain; Mario Gilberti, 89 Surrey street, Brighton.

Approval has been given to appoint the following as temporary grave diggers, for a period of six months, at \$55.50 a week:

Warren J. Bailey, 6 Gardner place, South Boston; Cornelius J. Doherty, 50 Robey street, Roxbury; William J. McGrath, 866 East Second street, South Boston; James F. Cronin, 100 I street, South Boston; Albert A. Devlin, 750 Parker street, Roxbury; John P. Toohy, 157 Roxbury street, Roxbury; Chester J. Wojcik, 2 Jeffries street, East Boston.

Approval has been given to extend the temporary employment of the following grave digger, for a period of six months, at \$55.50 a week:

Eugene F. Reilly, 149 Eustis street, Roxbury.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the promotion of the following employees of the Water Division, from laborers at \$58 a week to motor equipment operator and laborers at \$60.50 a week, to fill existing vacancies:

John P. Kiro, 79 Perkins street, Jamaica Plain; Michael F. Prendergast, 46 Barton street; Arthur J. Austin, 1 Phillips place, Dorchester; James Bellino, 2 Murray court, East Boston; Frederick P. Horner, 7 Malbon place, Roxbury.

Water Division.

Approval has been given to continue the temporary promotion of the following employees for a period of six months:

Samuel I. Blum, from senior civil engineering draftsman at \$90.50 a week to assistant civil engineer at \$98.75 a week; John P. Sullivan, from junior civil engineer at \$85.50 a week to assistant civil engineer at \$89.38 a week.

Motor Pool, Division of Engineers.

Approval has been given for the adjustment in compensation of the following-named employees and to their assignment to the Motor Pool, which provides service to the commissioner and division engineers, as well as to other city officials and guests of the city:

Charles A. Lydon, motor equipment operator and laborer (Sewer), from \$60.50 a week to \$65.50 a week; James F. Johnson, motor equipment operator and laborer (Sanitary), from \$60.50 a week to \$65.50 a week.

Thomas J. Sullivan, motor equipment operator and laborer (Highway), from \$65.50 to \$70.50 a week; John M. Barbati, temporary motor equipment operator and laborer (Sanitary), from \$60.50 to \$65.50 a week.

These adjustments are to compensate the above named, who, in the performance

E. T. Stretton Transportation.—Rate per truck for two trucks for a 40-hour week (Monday through Friday), \$110 plus 6.5 cents a mile over 100 miles plus \$9.50 per week for handling moneys (overall charge); rate per hour per truck for all hours trucks are used beyond eight hours in any working day, \$2.57; rate per hour per truck for a third or more additional trucks during the eight hours in any working day, \$3.25, four hours minimum; rate per hour per truck for a third or more additional trucks beyond eight hours in any working day, \$3.25.

During the period of the agreement the cost of the service will be approximately \$17,000.

Upon April 16 the Mayor approved a contract with Careful Cleaning Company for the cleaning of certain windows during the period April 1, 1953, through March 31, 1954, in the Central Library Building and in 31 branch libraries. Bids, opened Thursday, March 12, were as follows:

Group I.—Bay State Cleaning Company, \$4,062.60; Careful Cleaning Company, \$4,884.

Group II.—Bay State Cleaning Company, \$2,211.60; Careful Cleaning Company, \$1,296.

PARK DEPARTMENT.

Upon April 14 the Mayor approved a contract with John McCourt Company as requested in the following letter:

Boston, April 9, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

You are respectfully notified that advertised proposals for "Development of Play Areas at Orchard Park, Roxbury," were publicly opened and read at this office on Tuesday, March 31, 1953, at 2 o'clock P.M., as follows:

Louis Recine, \$50,100; John McCourt Company, \$71,965.50; Joseph P. McCabe, Inc., \$72,230.10; Martin J. Kelly Company, Inc., \$73,567.50; Faletta Brothers, Inc., \$75,496.50; Charles Callahan Company, \$76,106.50; Walter Reed Corporation, \$77,442; A. Singarella & Son, \$77,708.25.

The low bidder, Louis Recine of 290 Centre street, Newton, Mass., has addressed a letter to me stating that in the process of figuring the contract work to be done, a mistake was made by him due to his erroneous interpretation of the specifications. He therefore requests that we allow him to withdraw from doing the work specified.

A survey of the other bids indicates that a proper bid should have been in the range from \$72,000 to \$75,000, which was also the approximate estimate set up by the engineers of this department. There is no question that Louis Recine would be unable to properly fulfill the conditions of the contract at the price he bid.

The second bidder, John McCourt Company, has done considerable work of this character over the years for this department and also has been engaged in contractual work for several other city departments. This concern enjoys a fine reputation and there is no question in our minds that the work will be done in a satisfactory manner.

It is expedient that we proceed with this work at once as this improvement in the Orchard Park section is long overdue. There are no real play facilities available in this highly congested area, where a large housing development has been constructed.

The Board of Park Commissioners believe that nothing would be gained by re-advertising and, accordingly, request that the award be made to the second bidder, John McCourt Company, 910 Huntington avenue, Boston, for the approximate sum of \$71,965.50, to be charged to the special appropriation, "Establishment of Parks and Playgrounds, Non-Revenue."

Respectfully yours,
FRANK R. KELLEY, Chairman.

PUBLIC WORKS DEPARTMENT.

Upon April 14 the Mayor approved a contract with N. Bevilacqua & Son for sewerage works in Washington street and Breck avenue, Brighton, and Southampton street, Roxbury, at an estimated cost of \$2,108. The work to be done under this contract is to be completed within thirty days after approval by the Mayor. The following bids were received Thursday, April 9:

N. Bevilacqua & Son, \$2,108; Joseph J. Struzziery, \$2,384.50; Joseph Capone & Son, \$2,725; R. A. Buccella & Sons, Inc., \$2,900; C. Russo, Inc., \$3,280.

Remarks.

Herlihy Brothers, Inc. Our milk prices, herewith submitted and effective April 1, 1953, are subject to fluctuations, upward or downward, based on the prices paid our producers, and effective on the same date that any reductions or increases are ordered by the United States Department of Agriculture, through the Federal Milk Market Administrator of order No. 4, Boston, Mass. These attached prices have already been adjusted on the premise of a decrease in producer's cost to us as of April 1, 1953. Our cream prices are firm prices.

United Farmers of New England, Inc. Please see letter attached to proposal on homogenized Vitamin D milk in half-gallons furnished in modern containers. Homogenized milk, 1-quart bottles; light cream, 1-pint jars; heavy cream, 8-ounce jars, quantities available in paper containers at the same bid price.

H. P. Hood & Sons, Inc. Prices on Items 2 and 3, half-gallon paper containers of light and heavy cream, are based on two 1-quart paper containers.

White Brothers Milk Company. Prices are net and are subject to increases or decreases on fluid milk as per State Milk Control Board or Federal Milk Market Administrator advises for each month beginning April 1, 1953, it being understood that the State Milk Control Board cannot quote prices for Zone 17, therefore Federal Milk Market Administrator's price changes shall apply.

* Contract awarded.

Upon March 25 the Mayor approved a contract with lowest bidders as indicated for furnishing clothing and cotton goods for the Linen Room at the Boston City Hospital. Authority has been given to award the items to the lowest bidders meeting specifications as per samples at the City Hospital. WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

BOARD OF REAL ESTATE COMMISSIONERS.

Boston, April 14, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Board of Real Estate Commissioners from time to time engages the services of contractors to clean refuse from vacant lots of land under its jurisdiction. During the course of a year the total cost of such cleanings will total over \$1,000. However, it is impossible to determine or even approximate the cost, due to the fact that we order the cleaning generally upon complaints of the Health Department, Fire Department, Police Department, and of private citizens. In each case the cleaning job is an emergency at the time of the complaint, necessitating the employment of a contractor at that specific time to do emergency work.

In view of the above-mentioned facts, it would be impractical to advertise for bids, and it is respectfully requested that permission be given this department to employ such contractors as are necessary from time to time to clean lots of land without public advertising.

Respectfully yours,

HERMAN CARP,
Chairman.

FIRE DEPARTMENT.

Boston, April 16, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to execute a contract, without publicly advertising for bids, with the Bethlehem Steel Company, 256 Marginal street, East Boston, Mass., for drydocking, painting, and general repair work on fireboats, Engines 31 and 47, for a sum not to exceed \$3,840.

The fireboats have not been in drydock for almost three years. However, in order to keep them in efficient operating condition, they must be drydocked in the very near future.

For the proper protection of the waterfront property, each boat should be out of service for the shortest possible period of time in order to effect the necessary repairs. This is emergency work, and the Bethlehem Steel Company is the only concern in Boston that has proper and adequate facilities for performing the work within two or three days on each boat.

In my opinion, no advantage would be gained by the city in publicly advertising the work inasmuch as the price quoted by the Bethlehem Steel Company is reasonable. It is also my opinion

that no lower price could be obtained by the Fire Department for said work.

Respectfully yours,

JOHN V. STAPLETON,
Acting Fire Commissioner.

LIBRARY DEPARTMENT.

Boston, April 9, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of an agreement with the New England Deposit Library for the storage of books and other library materials for the period April 1, 1953, through March 31, 1954.

The New England Deposit Library Building is located at 135 Western avenue, Allston. The institution was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. The act names the Boston Public Library as a "Participating Institution" together with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials for which there is only occasional use and for which storage space is not available in intensively used library buildings. The "Participating Institutions" share comparatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "Participating Institutions."

The Trustees of the Public Library have voted "that there be entered into with the New England Deposit Library, 135 Western avenue, Allston, an agreement for the rental during the period April 1, 1953, through March 31, 1954, of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into this agreement, the trustees have set a limit of \$9,145.50 on the amount to be expended for storage space for the period of the agreement.

Your approval of the agreement is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

Boston, April 9, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of a service agreement, without public advertising, with the General Alarm Corporation, 89 Broad street, Boston, for the period April 1, 1953, through March 31, 1954, for furnishing inspection service for the combination watchman-recording and fire alarm system in the Central Library Building. In 1951 the equipment for the system was installed by the General Alarm Corporation and the servicing of this equipment can be obtained only from the General Alarm Corporation.

The trustees have therefore

"Voted, That there be entered into with the General Alarm Corporation, 89 Broad street, Boston, a service agreement for the period April 1, 1953, through March 31, 1954, for furnishing of inspection service for the combination watchman-recording and fire alarm system in the Central Library Building, the total fee for such service not to exceed one thousand ninety dollars (\$1,090)."

Inasmuch as the total cost for this service will exceed one thousand dollars (\$1,000), your permission to enter into this agreement without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

Boston, April 9, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the signing of a service agreement with the International Business Machines Corporation for the period April 1, 1953, through March 31, 1954, for the preparation of classified reports from punched record cards furnished by the library in connection with the expenditures for books and other library material. During the period of the agreement the cost of the service will be approximately \$2,200.

Since the cost will be in excess of \$1,000, and the service is to be procured without public advertising for competitive bids, it is necessary to obtain your Honor's approval for entering into this agreement. No useful purpose, it is believed, would be served by obtaining competitive bids. Not only would a disruption of the record-keeping system of the Library's Book Purchasing Department result from the transfer of the work to another concern, but an investigation of the rates charged by other companies rendering similar services indicates that no saving would result from such transfer. The trustees of the library have therefore

"Voted, That there be entered into with the International Business Machines Corporation, 590 Madison avenue, New York, a service agreement for the period April 1, 1953, through March 31, 1954, for the preparation of classified reports from punched record cards in connection with the expenditures for books and other library material, the total fee thus charged to be subject to terms, agreements and conditions set forth in said agreement."

The permission of your Honor for the signing of the agreement is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

PARK DEPARTMENT.

Boston, April 14, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In order to carry out our garden program at the Cummings Estate in Wo-

burn for 1953, it is necessary that we arrange for the transportation of children from all sections of the city to take part in this program. For the past few years the cost of transporting children—by bus for those living in some sections of the city and by railroad for those living in the North End section—has been paid by the Park Department from the income of the Randidge Trust Fund.

All arrangements for transportation are made through the Boston School Department under the supervision of Henry G. Wendler Supervisor of Gardening for the schools and for the entire garden program at the Cummings Estate. In previous years the buses were hired from the Metropolitan Transit Authority on service order from the Park Department and were paid directly through the City Auditor's office by the Park Department. Railroad fares were paid by the School Department under their own order numbers, and at the end of the season the School Department, through the Business Manager, bills the Randidge Trust Fund income for the amount of the railroad transportation.

We have received a request from the School Department for the same arrangement for this year. The rate for the 1953 buses will be \$33.25 per day, the same as in 1952. The railroad charges will be at the current fare rates in effect during the summer and fall seasons. The cost last year for all transportation required for this program was approximately \$1,500. It appears that the cost will be the same this year.

We therefore request your approval to provide transportation by bus and railroad for school children who will take part in the garden program at the Cummings Estate during 1953, for a sum not to exceed \$1,500, to be charged to the Randidge Trust Fund income.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

Boston, April 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For the past few years, in several sections of the Park System, particularly on larger areas, we have had the trees sprayed by airplane. We have found this method very effective and it is possible to get the work done in a short period of time. The areas that we cover are, mainly, Franklin Park, George Wright Golf Course, and the larger cemetery areas in the city.

We are somewhat late in starting this work because of the delay in the passage of the budget. As the season is now advanced and in order to save time, we sent to six different concerns asking them for bids for doing this work on the basis of price per acre. Proposals were received from the following three concerns: Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, \$1.80 per acre.

Blueview Nursery, 32 Gaston street, Roxbury, \$2 per acre.

Superior Tree Service, Inc., 15 Littlejohn street, Arlington, \$2 per acre.

The area to be sprayed is approximately 885 acres. The spray material will be furnished by the contractor.

To do this particular spraying by regular truck and hand labor would cost considerable money. As we have re-

ceived the bids listed above and as we believe nothing will be gained by publicly advertising for bids, the Board of Park Commissioners respectfully requests that we be allowed to enter into a contract with Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, for spraying large tree areas, for a sum not to exceed \$1,600, same to be charged to the special appropriation, "Trees Afflicted with Dutch Elm Disease, Removal of" (1-31-43).

Respectfully yours,

FRANK R. KELLEY,
Chairman.

Boston, April 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Park Department spraying program for the year 1953 has been planned for some few weeks, but we have failed to go through with it because of the delay in the passage of the budget. It is now necessary that we proceed immediately with this work so as to offset any infestation from various types of bugs that attack the trees.

Because of the pressure of time, we asked for bids from six different tree concerns. Four of the concerns submitted proposals for doing the work, as follows:

Superior Tree Service, Inc., 15 Littlejohn street, Arlington, \$1.75 per hour.

Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, \$1.75 per hour.

Blueview Nursery, 32 Gaston street, Roxbury, \$12 per hour.

Davey Tree Expert Company, 43 Leon street, Boston, \$16.50 per hour.

The lowest bid received, \$1.75 per hour, was submitted by two companies, Superior Tree Service, Inc., 15 Littlejohn street, Arlington, and Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham. Each company agrees to furnish a truck and hydraulic sprayer with three men to operate truck and sprayer, also all equipment necessary for spraying, including oil and gasoline for the truck. The spray material to be used, either arsenate of lead or DDT solution, is to be furnished by the Park Department.

In order to expedite the work, I feel it is necessary to divide the work between the two low bidders.

I therefore respectfully request your approval of the award of one contract for spraying trees in all sections of the city, as designated by the Park Department, to the Superior Tree Service, Inc., 15 Littlejohn street, Arlington, Mass., at the rate of \$1.75 per hour, under the terms and conditions as explained above. The total cost of the work to be done by this company is not to exceed \$6,500, to be charged to the special appropriation, "Trees Afflicted with Dutch Elm Disease, Removal of" (1-31-43).

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PRINTING DEPARTMENT.

Boston, March 23, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing

Department to award a contract, without advertising, to the Moore Business Forms, Inc., 255 Columbus avenue, Boston, Mass., for furnishing 642,000 continuous carbon interleaved tax bills and 47,500 continuous carbon interleaved tax lists for the 1953 tax requirements for the Collecting and Assessing Departments. Total cost of these forms will be approximately \$15,387.03.

These forms are to be lithographed and are designed for use with automatic pinfed devices and form detaching and decollating machinery now in use at the Assessing Department. This equipment was purchased from the Moore Business Forms, Inc.

The above-named company has furnished the city with tax bill forms and tax bill lists since the tabulating machines were installed at the Assessing Department and its product has always been highly satisfactory.

In view of the satisfactory performance continually rendered on the part of this contractor during so many years and because of the special type of device purchased by the Assessing Department applicable for use on these forms, in my opinion nothing is to be gained by publicly advertising, and therefore I respectfully request your permission for the awarding of a contract, without advertising, to the Moore Business Forms, Inc., for furnishing these tax bills and tax lists to the city at an estimated cost of \$15,387.03.

Respectfully submitted,

JOHN J. TWOMEY,
Superintendent.

Boston, March 30, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Uarco, Inc., 132 Newbury street, Boston, Mass., for furnishing 100,000 sets 5-ply continuous bump fastened authorization forms at \$22.20 per thousand sets, \$2,220, 50,000 sets continuous relief disbursement forms at \$86.59 per thousand sets, \$4,329.50, total cost approximately \$6,549.50.

These forms are to be furnished to meet the yearly requirements of the Welfare Department.

These continuous forms are designed for use on machines equipped with a tabulator loaned to the Overseers of Public Welfare several years ago by the Uarco, Inc., and it is still in use at this department. This tabulator is a pin-wheel feeding device to insure perfect alignment in the feeding of these forms through the machine. The present market price of this device is \$350.

The above-named company has furnished the Overseers of Public Welfare with these forms for many years and its product has always been highly satisfactory.

In view of this satisfactory performance continuously rendered on the part of this contractor during so many years and because of the special type of feeding device used by the Overseers of Public Welfare on these forms, in my opinion nothing would be gained by public advertising, and therefore I respectfully request your permission for the awarding of a contract, without advertising, to

the Uarco, Inc., for the furnishing of these forms to the city at an estimated cost of \$6,549.50.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, April 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 25, the approval of your Honor was obtained to the awarding of a contract for a one-year period to Frank James Cavaliere for collecting and removing garbage and refuse in the Brighton district.

The award was made on the basis of the low bid price of \$16,000 per month that was submitted by the above-referenced contractor as the result of publicly advertising for proposals. The contract was also awarded on the basis of the contractor's furnishing the all-enclosed type of steel refuse collection truck bodies.

The latter-referenced type of body is most satisfactory and provides a sanitary method of transporting refuse material. However, it is not suitable for hauling large bulky items, such as bedspreads, refrigerators, articles of furniture, etc., and, therefore, it appears not only advisable but most essential to require the contractor to furnish one open truck body for the collecting of the above-referenced type of material, with the express understanding that the open-top body is not to be used for the collection of refuse deposited in barrels, boxes, or for the collection of any refuse material that can be hauled in the enclosed trucks. The contractor has agreed to furnish an additional open-top truck, without additional cost to the city.

I therefore respectfully request your approval to the amending of the above-referenced contract so as to require and permit the contractor to furnish one conventional open-top truck for collecting bulky material that is too large to enter the enclosed body opening, with the understanding that no additional payment will be made to the contractor, and with the further understanding that the requirement for providing all refuse trucks with enclosed steel bodies shall have been complied with if all trucks, except the one to be used for collecting bulky material, are provided with enclosed steel bodies.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, April 1, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 20, 1953, authority is requested at this time to award contracts, without public advertisement, to the following companies for furnishing perishable foods, etc., to the various city departments from April 1, 1953, to March 31, 1954, inclusive:

Chamberlain's, a Division of Armour & Co., 24 South Market street, Boston;

F. H. Hosmer Company, 31 North Market street, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, April 14, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for Wheat light parts to be called for as required.

Kocher Manufacturing Company, Inc., the manufacturer of the above parts, has submitted an informal quotation. Inasmuch as this company is the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Kocher Manufacturing Company, Inc. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$5,931.37, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACT.

PUBLIC BUILDINGS DEPARTMENT.

M. S. Kelliher Company has been ordered to make the following changes in the contract for the Municipal Building, 1481-1491 Tremont street, Roxbury, dated May 5, 1952:

Item 1. Furr, lath and plaster around ducts in Rooms 308 and 330; omit picture moulding, and quarter round, and change size of base in various areas as noted in proposal of March 2, 1953, total addition, \$590.

Item 2. Furnish and install a 24-inch bronze gate valve on the main water line, in order to allow a shut-off of all water beyond the boiler room line, \$93.50.

Item 3. Furnish and install a fixed platform and seats in the space between the wall and the top line of folding bleachers in the Community Room; omit the protective rail, and brackets at the top level and the sash operators which are controlled from the floor. The total for this additional work, in accordance with proposal of March 2, 1953, is \$1,117.80.

Total additions for Items 1, 2, and 3, \$1,801.30.

Item 4. The following allowances are carried in the contract:

Special electric fixtures, \$500, exterior aluminum lettering, \$1,000, bronze tablet, \$900—\$2,400.

The official directs to order the following items, carried under the allowances, from the E. T. Ryan Iron Works, in the amounts set forth below. This work to be subject to the approval of the official and the architect, before fabrication or erection:

Special electrical fixtures, \$325, exterior aluminum lettering, \$693, bronze tablet, \$476—\$1,494.

Total deduction on work noted under Item 4, \$906.

Deduction as noted under Item 4, \$906.

Total addition to the contract on this change order, \$895.30.

Summary of Contract.

Original contract, \$923,915; change order, No. 1, \$2,113.38; change order, No.

2, no change; change order, No. 3, \$326.70—\$926,355.08; this change order, No. 4, add \$895.30; total amount of contract to date, \$927,250.38.

Contractor's proposals covering Items 1, 2, and 3 are attached hereto.

MR. GEORGE P. DONOVAN, Superintendent,
Public Buildings Department,
City Hall Annex, Boston.

Re: Municipal Building, 1481 Tremont Street, Roxbury, Mass.

Change Order No. 4.

Furring, Lathing and Plastering.
Water Gate Valve—Basement. Additional Bleacher Seats. Bronze Tablet. Aluminum Lettering. Special Electric Fixtures.

DEAR MR. DONOVAN:

We are enclosing six copies of change order, No. 4, covering additional work at the above-mentioned project, and also items of work carried under allowances in the contract, as follows:

Item 1. In Rooms 308 and 330 there was exposed duct work and piping on the ceilings, which in our opinion should be boxed in, furred, lathed, and plastered, to make a better appearance. Along with this suggested change, we find in a number of rooms it is inadvisable to install picture moulding as called for, and the wood base should be changed to match the height of the metal base. The contractor, M. S. Kelliher Company, has submitted a price covering the additional furring, lathing, and plastering in Rooms 308 and 330, and a deduction covering the omission of picture moulding and base in several areas. The total addition for this work is \$590.

Item 2. Our plumbing engineer recommended the installation of an additional 24-inch bronze gate valve on the main water line, in order to allow a shut-off of all water beyond the boiler room line. This recommendation is made so that a water supply would always be available in the boiler room. The contractor has submitted the plumbing subcontractor's price in the amount of \$93, plus 10 per cent, making a total addition of \$93.50.

Item 3. The contract calls for folding bleachers in the Community Room. The top portion of these bleachers left a space between the wall and the top line of seats. We had a protective rail at this level, but find now, at the suggestion of the bleacher subcontractor, that it would be possible to install a fixed platform and seat at this level, extending back to the wall, which would eliminate the danger of people in the top seats falling to the floor through carelessness, and also the throwing of debris into this area. This change would eliminate the brackets and rail protection at the top level, and would also eliminate the necessity of sash operators controlled from the floor. The contractor has given us an estimate covering the additional row of seats and a deduction covering the omission of sash operators, rail supports and labor. The total addition for this work as submitted by the contractor is the sum of \$1,117.80.

Item 4. Under allowances in the contract, the following sums are carried:

Special electric fixtures, \$500, exterior aluminum lettering, \$1,000, bronze tablet, \$900, total, \$2,400.

The special electric fixtures cover lanterns over the main entrance.

The aluminum lettering is to be installed in the parapet on the front elevation.

The bronze tablet is 24 inches x 30 inches and is to be installed in the lobby.

On the above items, the E. T. Ryan Iron Works have submitted prices as follows, and this change order will authorize the general contractor to instruct the E. T. Ryan Iron Works to furnish these three items:

Special electric fixtures, \$325, exterior aluminum lettering, \$693, bronze tablet, \$176, total \$1,194.

You will note in the change order that the deduction for work ordered under the allowances will total \$906.

The first three items in the change order total \$1,801.30, and deducting the \$906 saved on the allowance items, the total amount to be added to the contract on this order is the sum of \$895.30.

It is our recommendation, in accordance with letters sent you previously on the allowance items and bleacher seating, that the change order attached be approved by you.

Yours very truly,

JOHN M. GRAY COMPANY.

Re: Municipal Building Gymnasium, Roxbury, Mass.

Subject: Horn Auxiliary Fixed Seating (Rear of Horn Folding Seating).

GENTLEMEN:

At Mr. John Gray's request (architect), we are enclosing herewith our quotation

FGS 820-1 in triplicate for furnishing and installing the auxiliary fixed gym seating along the east and west walls of the gymnasium.

We had previously visited the architect to discuss the problem of providing either open or closed space behind these units. At that time, we suggested that the lost space could be utilized by installing fixed seating between the arched columns. The architect is interested in our suggestion and requested a price for the additional work. This price was given verbally to Mr. Gray who, in turn, referred the idea to the owners.

For more details, we would suggest that you contact Mr. Gray. Mr. Gray is to get in touch with both the owners and the M. S. Kelliher Company concerning this question.

Factory wired requesting that we furnish them with delivery date. Factory is to move April 1, 1953, and if materials are required prior to that date, it is imperative that all details be completed in order to fabricate and ship.

We are awaiting numbering details and specifications and trust that the auxiliary seating question is answered either way. We must have this and all information in the very immediate future, in view of factory relocation.

Trusting that the entire situation is clarified this week, we thank you and remain

DEAR SIR:

We propose to furnish the following: Two hundred and twenty-four (224) linear feet fixed gymnasium seating along east and west walls, same to be located between columns and at rear of Horn folding gymnasium seating, for the sum of \$1,568.

The above-quoted price is for additional material to standard folding gymnasium seating and includes freight and installation.

Materials and details are in accordance with architect's preliminary approval and subject to final approval before fabrication.

Final shop drawings will be submitted for approval.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

PUBLIC WORKS DEPARTMENT.

Paving Service.

From Code 470, Rents, \$20, to Code 430, Insurance, \$20.

Sanitary Service.

From Item 573, Waste and Garbage Removal Equipment, \$100, Item 594, Motorless Vehicles, \$100, Item 599, Miscellaneous Equipment (Not Otherwise Classified), \$100, to 532, Fire Hose, \$300.

REPORT ON ATOM BOMB EXPLOSION.

(Continued from page 549.)

(c) Fire effects were less than had been expected.

(f) Radiation in the cellar was $\frac{1}{2}$ of that above stairs.

(g) Rescues could have been effected by prompt action minutes after the blast in spite of lingering radiation.

The above summarizes briefly the effects of the bomb burst. More important, however, was the special interest of Americans everywhere in the atomic explosion which took place at 5:20 A.M. on March 17, 1953, on the Nevada Proving Grounds. It shocked the nation into interest in Civil Defense, unprecedented since the end of World War II. The atom bomb itself was an old story. Men and women of all ages and even children in our elementary schools are familiar with the atom bomb, know its hazards, and have been informed of the effects of blast, heat, and radiation. Air-raid instruction cards have been issued to every school child for classroom use and reading at home. The word "atom" has become familiar because of press, radio, and television.

However, the test in the predawn hours of St. Patrick's Day marked the first time that an American home had been subjected to atomic attack. For Mr. and Mrs. America, the home near Yucca Flats was their home; and the fire and destruction which the cameras recorded in less than two seconds was grim warning that this was atomic power at its worst, capable of striking at us in our cities, our suburbs, and our crowded streets.

The two single-family houses were built according to our Eastern specifications with plaster-finished walls, cinder block and brick foundation, concrete slab cellar laid on the ground, and sub-floor and finished floors which used 2-inch by 8-inch joists 16 inches on center, and walls using 2-inch by 4-inch studs 16 inches on center.

Scientists and Civil Defense officials had anticipated the result, but when it happened we were amazed and bewildered by the terrific impact of what we had witnessed.

Following the detonation of the bomb, we listened to reports from soldiers and civilians who were in the foxholes two miles removed from ground zero. These men were flown back by helicopter. Scientific observers were flown into the area with radiation instruments which indicated that the ground was heavily ionized and charged with radiation probably because this bomb approximated a ground burst.

Approximately six hours later, all observers were allowed to approach to a point 6/10 of a mile removed from both houses to witness firsthand the results of the atomic explosion.

A firsthand view of the area revealed that:

1. The 300-foot steel tower was vaporized. Nothing but the concrete base remained. Sand at the base was scorched in a 1,700-foot ring.

2. At a distance of 300 feet an M-24 tank weighing 22 tons was moved 50 feet by the blast.

3. The landing craft with tractors was torn apart at 500 feet.

4. Three cars within half-mile limit became twisted bits of metal.

5. Sandbags on bunkers were scorched at 3,000 feet.

6. Radiant heat from the fireball set fire to the first house, and momentarily the house was completely in flames. Blast pressures, seconds later, however, extinguished the flames and left the house a mass of rubble.

All of the experimental bomb shelters, including those built at 1,250 feet, 1,450 feet, and 1,800 feet from ground zero provided complete protection from the blast effects of the bomb. Whether they would protect occupants from heat and radiation is still a question to be answered by experts.

Absence of stoves, electrical wiring, gas, and oil eliminated possible sources of secondary fires which would have sustained burning in the face of blast pressures.

7. One automobile burned at 3,000 feet and another at 5,000 feet.

8. All of the 59 cars suffered some damage. However, the first four examined at the 1½-mile limit started readily.

9. The tops of the cars were unharmed wherever windows were open to equalize pressure.

10. Evidently automobiles with their rubber tires, heavy-duty springs and streamlined bodies are well constructed to resist blast pressures and momentary radiant heat effects.

11. Wooden stakes were charred at 4,500 feet.

12. Radiant heat was not sufficient to char or kindle the house at 7,500 feet. Blast pressures, however, ripped off doors, and the blinds, hardware, and furniture became flying missiles.

"One bomb, one minute, one city," is more than a headline; it is a reality, and one which we must be prepared to face. No ordinary home could withstand the shock, the heat, or radiation resulting from the detonation of this nuclear device at 3,500 feet ($\frac{3}{4}$ of a mile) from ground zero.

The average city block of buildings would be leveled by the blast or gutted by the resulting fire. The people there-in would find protection solely below ground and then only if shelter areas had been carefully selected or constructed in advance.

Out of the test came a few hopeful signs. The simple 5-foot trench, two miles away, provided safety for soldiers from the terrific blast pressure, radiant heat, and radiation of the bomb. The simplest type of wooden lean-to shelter structure provided amazing protection even at close range. Greater safety lies below ground, according to Civil Defense authorities, and this was proved by the soldiers and observers in the foxholes at the two-mile limit and by the apparently undamaged mannequins in the simple home shelters in both of the dwellings.

What was the reaction of the average person to the Civil Defense lesson carried by press, radio, and television into his home? For the first time, many began to realize that the A-bomb, even an A-minus-bomb, packs a terrific wallop which can cripple even our large cities with crushing pressures. It carries a torch which can burn out the heart of a metropolitan or suburban area in a mat-

ter of minutes. It emits radiation which can be deadly to those exposed within the devastated area.

But there is a defense against the A-bomb. Adequate warning signals must be installed and people must know these air-raid signals. Shelter areas must be made available for all who live, work, or shop in Boston. Simple lean-to or box-type basement shelters could protect the average family. Shelter areas in the Type I buildings which house our large stores and business and industrial establishments provide considerable shelter for patrons and personnel. Even our apartment houses and other places of multiple occupancy are, for the most part, somewhat removed from the critical area and have inner lower corridors that provide considerable safety.

The test in Nevada proved that there is a tremendous job to be done if personal protection against the effect of atomic weapons is to result. No eager few can do this job. No city, state or federal government could begin to bear the entire expense. It is a task for the willing many; and all of us—at home, in business or industry, or as members of permanent organizations of city, state, or federal governments—must actively participate and bear the burdens thereof. Only thus by utilizing our total resources in terms of manpower and equipment can we begin to meet the threat of atomic bombing.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Donato Antonellis for gross alterations in various schools in Group A-4, from May 1, 1953, to August 31, 1953. This extension was requested because of delays in getting necessary materials to complete work.

HOSPITAL DEPARTMENT.

Sanatorium Division.

(Contract for Repairs, Alterations and Renewals in Building "G" at the Sanatorium Division.)

It is agreed that the word and figures "September 30, 1952," appearing in the contract between the City of Boston and M. Solimando, dated December 26, 1951, as subsequently amended, be stricken out and the word and figures "February 15, 1953," be submitted in their place.

PARK DEPARTMENT.

Eugene R. Eisenberg, Inc., has been granted an extension of time until April 25, 1953, for the completion of the contract for constructing a sanitary and locker building at the William J. Barry Playground, Charlestown.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Underground Construction, Inc., dated November 7, 1952, for the building of sewerage works in Metropolitan avenue and Huntington avenue, Hyde Park, from February 5, 1953, to March 20, 1953, a period of 43 days. This extension was requested because the work was suspended from about December 22, 1952, until the contract was amended January 19, 1953.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 13, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M. President AHCARR in the chair. Absent, Councillor Ward.
The Reverend William I. Reeves, pastor of the Gloucester Memorial Presbyterian Church, Boston, was escorted to the rostrum.

INVOCATION BY REV. WILLIAM I. REEVES.

Let us pray. We thank Thee, Eternal God, that Thou dost bring us together as citizens of the Commonwealth. We thank Thee that Thou dost bring these men who assemble here in a singular capacity as Councillors of this metropolitan city. Help them as they bring to their deliberations their various backgrounds of experience. Help them that they may look to Thee for divine guidance in solving these very difficult and challenging problems that are before them. May they constantly be conscious of their relationship to the people whom they serve. Help all of us that, as we serve, we serve with humility of spirit. May Thy will be done through our lives that we may carve in this place a better society for all who dwell herein. This we ask in the name of Thee. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointment:
Weigher of Coal for the term ending April 30, 1954: John H. Sullivan, 32 Mt. Pleasant street, Cambridge.
Referred to the Committee on Confirmations.

CERTAIN INFORMATION RE BOARD OF REAL ESTATE COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, April 7, 1953.
Gentlemen:

The amount of information requested from the Board of Real Estate Commissioners, as outlined in the order adopted by your Honorable Body on March 30, 1953, is not yet available.

I forward herewith communication to that effect from the Chairman of the Board of Real Estate Commissioners, together with copies of the annual reports of the Real Estate Commission for the years 1950, 1951, and 1952.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
April 3, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
In response to your request for information in accordance with the Council order under the provisions of section 17F, chapter 37A, of the Acts of 1951, said information to be furnished on or before April 6, 1953, I enclose herewith all the information that my office staff has been able to assemble in the short time allocated. Due to the holidays we were unable to complete the request.

However, my staff will continuously work on the request until all the information sought has been compiled, and, upon completion, we shall forward the balance to you.

Respectfully submitted,
HERMAN CARP, Chairman.

(Annexed hereto were statements of real estate sales by the Board of Real Estate Commissioners for the period October 31, 1951 to December 31, 1950, and for the years 1951 and 1952, and copies of the annual reports of the Board of Real Estate Commissioners for the years 1950, 1951, and 1952.)

Referred to the Executive Committee.

CLEANING OF CATCH BASINS IN CITY.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of the Public Works Department relative to your order of March 9, 1953, concerning the request that all catch basins throughout the city be cleaned.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 6, 1953.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of March 9:

"I ordered, that the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the cleaning of all catch basins throughout the city."

It is our intention, as soon as the 1953 budget is passed, to advertise a contract to clean about 3,000 of the 22,000 catch basins in Boston. An additional 3,000 catch basins will be cleaned during the year by the labor force of the Sewer Division.

Respectfully yours,
GEORGE G. HYLAND,

Commissioner of Public Works.

Placed on file.

APPLICATION FOR FINAL ADVANCE CONTRACT FOR WEST END PROJECT.

The following was received:

City of Boston,
Office of the Mayor, April 9, 1953.
To the City Council.
Gentlemen:

The preliminary planning studies for urban redevelopment in the West End section of the city have been completed. In order to go

further with these studies, an application for a final advance contract with the federal government must be made. The accompanying letter of the Boston Housing Authority explains, in some detail, the need for this contract and the uses to which the money advanced will be put.

I also transmit to your Honorable Body a resolution in the nature of a recommendation by the federal government. Before the federal government will advance any further monies, this resolution must be approved by the City Council and the Mayor.

In order that the city may go forward with as much speed as possible, taking advantage of federal aid for urban redevelopment, I most respectfully request adoption of the attached resolution by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
April 7, 1953.

Hon. John B. Hynes,
City Hall, Boston.
Re: City Council Resolution Authorizing an Application for Final Advance Contract for \$96,300 for the West End Project.

My dear Mr. Mayor:

I am submitting for your review copies of the report of the West End Project, containing results of the preliminary planning studies for the area. The report, together with supporting documentation, constitutes the application for final advance contract with Washington. A resolution by the City Council authorizing the application for a final advance contract is required by Washington. The prescribed form of the necessary resolution is attached hereto.

The final advance contract for the West End Project, if authorized by the City Council and approved by Washington, will provide funds for the following activities:

- (1) Detailing the project plans;
- (2) Final appraisals of each parcel of property to determine acquisition costs;
- (3) Land re-use appraisal to determine the disposal value of the cleared land;
- (4) Marketability analysis;
- (5) Preparation of final cost estimates for site improvements, site preparation, and supporting facilities;
- (6) Engineering surveys;
- (7) Preparation of a financial plan, redevelopment plan, relocation plan, land acquisition plan, land management plan, and disposal plan;
- (8) Public hearing;
- (9) Negotiations with prospective developers;
- (10) Administrative, legal, and public relations;
- (11) Preparation of the loan and grant contract for the actual project undertaking.

Attached also is a progress report on the present status of the urban redevelopment program.

If any further information is necessary, I shall be glad to furnish the same.

Respectfully yours,
JAMES J. MAHAH, Chairman.

Status of Urban Redevelopment Program.

Mattapan.—Preliminary planning studies completed except for engineering surveys; application for final advance contract has been submitted to Washington; approval contingent upon results of engineering surveys, which are in process.

New York Streets Project.—Preliminary planning studies completed; application for final advance contract approved by Washington; final advance planning studies are currently being completed; application for a loan and grant contract for the actual project undertaking is expected to be ready for submission to Washington in approximately five months.

West End Project.—Preliminary planning studies completed; application for final advance contract ready for submission to Washington.

Whereas, It is necessary and in the public interest that the Boston Housing Authority avail itself of the financial assistance provided by Title I of the Housing Act of 1949 to assist local slum clearance and urban redevelopment projects, and

Whereas, It is necessary that surveys be made and other activities be performed preparatory to undertaking such projects; and

Whereas, It is recognized that Title I of the Housing Act of 1949 requires that contracts for financial assistance thereunder impose certain obligations and responsibilities upon local public agencies availing themselves of such financial assistance, including, among other things:

(1) The approval of the redevelopment plan by the governing body of the locality in which the project is situated, with appropriate findings;

(a) That financial aid by the federal government is necessary;

(b) That the redevelopment plans for the redevelopment areas in the locality will afford maximum opportunity consistent with the sound needs of the locality as a whole for the redevelopment of such areas by private enterprise; and

(c) That the redevelopment plan conforms to the general plan for the development of the locality as a whole;

(2) The provision of the local grants-in-aid;

(3) The development of a feasible method for the relocation of families displaced from the project area; and

(4) The several other local obligations and responsibilities that are imposed pursuant to Title I of the Housing Act of 1949 in connection with the undertaking and carrying out of such clearance and urban redevelopment projects; and

Whereas, Pursuant to Title I every contract for a federal capital grant will require local grants-in-aid in connection with the project, which, together with the local grants-in-aid to be provided in connection with all other projects of the local public agency on which contracts for federal capital grants have been made, will be at least equal to one third of the total cost of project costs involved in such projects; and

Whereas, Such local grants-in-aid may be provided by a state, municipality, county, public body, or by any other entity, and may consist of donations of cash, land, demolition, or removal of works, and streets, utilities, or other improvements, and the provision of parks, playgrounds, and other public buildings or facilities which

SUPPLEMENTARY APPROPRIATION OF \$915,000.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1953.
To the City Council.
Gentlemen:

There are forwarded herewith supplementary appropriations totaling \$915,000, and allocated as follows:

Police Department.....	\$425,000
Fire Department.....	\$325,000
Assessing Department.....	\$80,000
Park Department.....	70,000
Public Celebrations.....	15,000
	<u>\$915,000</u>

The sums of \$425,000 and \$325,000 for the Police and Fire Departments, respectively, are requested in order that the uniformed forces of these departments, not having been included in the compensation plan adopted last year for city employees, might be given a modest increase which is more or less in line with the general compensation plan. This increase is to be effective as of April 1, 1953.

The sum of \$80,000 is requested by the Board of Assessors for the purpose of initiating a revaluation survey of the 115,000 parcels of real estate in the city. The result of this survey will assist the assessors in placing fair and equitable valuations upon the real estate of the city. It is a much needed survey which should have been undertaken some years ago.

The sum of \$70,000 for the Park Department is requested in order to continue the summer program of activities organized by the School Committee for the past several years. This year the School Committee eliminated the necessary funds for this program from its 1953 budget without any consideration being given as to how this most necessary activity would be continued without interruption. Because I am convinced this program is absolutely essential, particularly in these times of unrest and delinquency among our youngsters, this sum is requested to provide leadership, supervision, and supplies to the 70 areas formerly operated by the School Committee, for a summer program of ten weeks' duration from 9 A.M. to 5 P.M., Monday through Friday. These 70 areas consist of 57 Park Department areas and 13 in districts where playgrounds are not available. This program will be consolidated with the Park Department's regular summer program in 14 areas now under its control.

The sum of \$15,000 for Public Celebrations is requested in order that the city may participate in the Second Annual Art Festival to be held under the auspices of the Boston Art Festival Committee. Last year, without adequate time or funds, the committee was able to present an exhibition that thrilled over 150,000 visitors and was so successful that it is intended, if possible, to make this an annual event. This year the committee plans for a bigger and better festival, lasting for eight days.

Early consideration and passage of the accompanying supplementary appropriation order by your Honorable Body is recommended.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estate of the City of Boston, and that all orders heretofore or hereinafter passed by the City Council in relation to appropriations, taxes, and interest thereon, apply to the appropriations and taxes herein provided for.

CITY MANAGER.

Police Department.

1. Personal Services.....	\$425,000
Fire Department.....	
1. Personal Services.....	\$325,000
Assessing Department.....	
Revaluation Survey.....	\$80,000
Park Department.....	
1. Personal Services.....	\$67,000
3. Supplies and Materials.....	3,000
	<u>\$70,000</u>
Public Celebrations.....	\$15,000
Total.....	<u>\$915,000</u>

TRANSFER OF APPROPRIATION.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1953.
To the City Council.
Gentlemen:

So that there will be no question as to the legality of the expenditures for roping streets and the maintenance of flagstaffs, it has been decided to transfer control of these expenditures from the City Council to other city departments. The appropriations for these activities are now included in the 1953 budget of the City Council, and total \$16,300.

In order that the roping of streets for parades and other public functions may be placed under the jurisdiction of the Traffic Commission, it is necessary that the sum of \$7,000 be transferred from the City Council appropriation to the Traffic Commission appropriation.

In order that the maintenance of flagstaffs, the raising of flags on prescribed days, and the purchase of flags may be placed under the jurisdiction of the Park Department, it is necessary that the sum of \$9,300 be transferred from the City Council appropriation to the Park Department appropriation.

Because the first expenditure for roping the streets will occur on April 13, in connection with the marathon race, it is requested that your Honorable Body give immediate consideration and passage of the accompanying order.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 436 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation to the City Council, 2. Contractual Services, \$15,500, 599, Other Equipment, \$800, to the appropriation for Boston Traffic Commission, 2. Contractual Services, \$7,000, Park Department, 2. Contractual Services, \$8,500, 599, Other Equipment, \$800.

Referred to the Executive Committee.

ADDITIONAL INFORMATION FROM BOARD OF REAL ESTATE COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1953.
To the City Council.
Gentlemen:

I transmit herewith additional information from the Chairman of the Board of Real Estate Commissioners in conformity with the order adopted by your Honorable Body on March 30, 1953.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
April 13, 1953.

Hon. John B. Hynes,
Mayor of Boston.

I enclose herewith further information, in accordance with the request of the Boston City Council.

Please be informed that the compilation is slow and tedious work and that our entire staff have been working on this matter, compelling the information requested, full time, necessary interruptions excepted.

The information requested is quite voluminous and might require quite a considerable amount of time before the queries are completely answered.

A portion of the work is completed, I shall forward same to your office.

Very truly yours,

HERMAN CARP, Chairman.

(Annexed hereto are lists of rent collections by the Board of Real Estate Commissioners from October 30, 1950, to December 31, 1950, and for the year 1951.)

ORDERS FOR RESCISSION OF AUTHORIZATIONS FOR BORROWING OF MONEY.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1953.
To the City Council.
Gentlemen:

The latest monthly exhibit issued by the City Auditor discloses that loans totaling \$16,945,000 have been "authorized but not

issued." An analysis of the various projects included in this total reveals that in the case of the project with the largest authorized sum totaling \$13,710,000, considerable doubt exists as to whether the existing authorizations ever will be utilized. The following schedule indicates the basis for this statement:

New City Hall plans, etc., authorized December 12, 1935, unissued amount, \$10,000.
 Finally, \$400,000 authorized for this project, but the plans, as finally prepared, cost the city \$50,000. These plans are now on file in the Public Buildings Department, so that the project may be deemed to have been completed and no further need exists for the outstanding authorization.

Permanent veterans' housing project, authorized November 13, 1946, unissued amount, \$1,500,000.

Against an original authorization of \$10,000,000, bonds totaling \$8,500,000 were actually issued. Under the terms of the legislation governing this authorization, construction is limited to one- and two-family houses, and any debt issued is limited to a term of fifteen years. These two features make any further issues of debt under this authorization undesirable.

Incinerator building, authorized November 5, 1946, unissued amount, \$200,000.

This authorization was intended to cover the construction of an incinerator in the Brighton district. Because of the refusal of the Board of Appeal to change zoning restrictions in this district to permit such construction, no action has been taken under the original authorization. No further need for continuance of the authorization exists.

Low-income housing project, South End, authorized December 1, 1947, unissued amount, \$3,000,000.

This authorization was specifically for the Cathedral Project, which was subsequently constructed with other funds. No further use can be made of this authorization.

Permanent veterans' housing project, authorized June 8, 1948, unissued amount, \$2,000,000.

The original authorization was for \$10,000,000, against which bond issues totaling \$8,000,000 have actually been made. Since it appears that approximately \$2,000,000 in state and federal funds are still available to the Boston Housing Authority for the construction of veterans' housing, it is believed that no further expenditure of city funds in this respect should be made.

Permanent veterans' housing project, authorized May 10, 1950, unissued amount, \$7,000,000.

This authorization, together with the two veterans' projects authorized in 1946 and 1948, totals \$27,000,000, which sum is the maximum amount the city was authorized to incur for veterans' housing under the provisions of chapter 32 of the Acts of 1946 as amended. Subsequent to the adoption of this order, the Commonwealth, under the provisions of chapter 200 of the Acts of 1948, as amended, assumed the responsibility of guaranteeing veterans' housing bond issues as well as making certain annual contributions on behalf of such projects. Because of this development, the Boston Housing Authority has made no plans for construction under this \$7,000,000 authorization. As previously pointed out, further expenditure of city funds for veterans' housing while a substantial amount of state and federal funds are available appears unwarranted.

In view of the doubt attached to the desirability of any further utilization of the authorizations set forth in the foregoing schedule, I deem it for the best interest of the city to recommend that they be rescinded. The retention of them in the financial records of the city may cause misinterpretations to arise which might eventually prove harmful to the city. The city investors are entitled to their establishments, who otherwise might be interested in purchasing bonds and notes of the city, should be assured that the use of the city because of the existence of these authorizations the city is faced, at some future date, with a 20 per cent increase in its net debt. Such exemption would naturally lessen investor interest in our securities.

I submit herewith six orders providing for the rescission of the six authorizations previously discussed and respectfully recommend adoption of the same by your Honorable Body. Respectfully,

E. B. HYNES, Mayor.

Ordered, That the right to borrow money for new City Hall plans, etc., approved by the Mayor on December 12, 1935, be limited to \$50,000, and that the authorization to borrow in excess of said amount for said purposes be, and the same hereby is, rescinded.

Ordered, That the right to borrow money for veterans' housing, approved by the Mayor on November 13, 1946, be limited to \$8,500,000, and that authorization to borrow in excess of said amount for said purposes be, and the same hereby is, rescinded.

Ordered, That the order of the City Council approved by the Mayor on November 5, 1946, authorizing the sum of \$200,000 for the construction and equipping of an incinerator building, be, and the same hereby is, rescinded.

Ordered, That the order of the City Council approved by the Mayor on December 1, 1947, appropriating the sum of \$3,000,000 for low-income housing, South End, be, and the same hereby is, rescinded.

Ordered, That the right to borrow money for veterans' housing, approved by the Mayor on June 8, 1948, be limited to \$8,000,000 and that authorization to borrow in excess of said amount for said purposes be, and the same hereby is, rescinded.

TAKING OF SHELLFISH IN BOSTON.

The following was received:

City of Boston,
 Office of the Mayor, April 13, 1953.
 To the City Council.

The ordinance regulating the taking of shellfish in the City of Boston which was passed by your Honorable Body on December 22, 1952, and approved by me on December 23, 1952, has not been approved by the Director of the Division of Marine Fisheries as required by General Laws, chapter 130, section 13. His objections thereto are threefold. In the first place, he insists that an uncontaminated, though less accessible, area be set aside for holding of shellfish; secondly, he feels that provision should be made for the issuance of commercial-use shellfish permits to inhabitants of the Commonwealth not resident in Boston in the event that the number of shellfish permits granted to Boston residents are insufficient for the proper working of the shellfish areas in Boston; and, thirdly, he believes that the precise conditions of both family-use and commercial-use shellfish permits should be specifically stated in the ordinance rather than embraced by the phrase "upon such other conditions as the City Council shall think proper." Transmitted herewith is an ordinance which he has notified me would meet with his approval. I recommend its adoption. Respectfully,

J. B. HYNES, Mayor.

City of Boston,
 In the Year Nineteen Hundred and Fifty-three.

An Ordinance Regulating the Taking of Shellfish in the City of Boston.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Chapter 5 of the Ordinances of 1952 is hereby repealed.

SECT. 2. Chapter 49 of the Revised Ordinances of 1947 is hereby amended by inserting after section 22 the following:

Taking of Shellfish.

SECT. 22A. (1) Effective May 15, 1953, there shall be granted by the city council family-use shellfish permits and commercial-use shellfish permits. A family-use shellfish permit may be granted upon written application by an inhabitant of the city of Boston except that, at such times as the city council shall deem the number of commercial-use shellfish permits so granted to be insufficient for the proper working of the shellfish areas in the city, a commercial-use shellfish permit may be granted upon written application by any inhabitant of the Commonwealth. No application for a family-use or for a commercial-use, shellfish permit shall be denied except for good cause. Every family use, and every commercial use, shellfish permit, shall be upon the following conditions: (a) that the permit shall not be transferable; (b) that the permit shall expire in accordance with law and, prior to such expiration, may be terminated by revocation in accordance with law; (c) that the holder thereof shall at all times conform to all applicable laws, ordinances, rules and regulations; (d) that the holder thereof shall not take shellfish from any area determined under section 74 of chapter 130 of the General Laws to be contaminated, or in accordance with a permit granted under section 75 of said chapter 130; and (e) that the holder thereof shall at no time during the period in any year beginning May fifteenth and ending September fifteenth take any shellfish from a beach area. Any family use, or commercial use, shellfish permit, shall expire, after due notice and hearing, be revoked

by the city council for any breach of condition or other good cause. No family use, or commercial use, shellfish permit shall be transferable. Every family use, and every commercial use, shellfish permit, shall, unless sooner revoked, expire on the fifteenth day of whatever month the month of January, May or September next succeeds the month in which such permit is granted. The fee for every family use shellfish permit shall be, for every renewal thereof, shall be one dollar; and the fee for every commercial use shellfish permit shall be, for every renewal thereof, shall be five dollars.

(2) Any inhabitant of the Commonwealth holding a family-use shellfish permit granted under paragraph (1) of section 13 of chapter 130, and after May 15, 1953, take, for his own family use, shellfish from the following area in the city of Boston, to wit: the flats and coastal waters lying within the territorial limits of the city of Boston and easterly of a line drawn from Wind Mill Point in the town of Hull to the southeasterly corner of Deer Island and through Deer Island to Point Shirley, except the shores of Lovell's, Gallup's and George's Islands; provided, however, that no shellfish shall be taken from a beach of a size or at a season prohibited by law; and provided, further, that the amount taken for any family shall not exceed in any one week one bushel of any or all kinds of shellfish; and provided, further, that no shellfish shall be taken from so much of said area as shall from time to time be determined under section 74 of chapter 130 of the General Laws to be contaminated except in accordance with a permit granted under section 75 of said chapter 130.

(3) Except as otherwise provided in paragraph (2) of this section, on and after May 15, 1953, no person shall take any shellfish within the city of Boston unless he holds a commercial use shellfish permit granted under paragraph (1) of section 13 of chapter 130. No shellfish shall be taken for commercial purposes from the area described in paragraph (2) of this section.

Referred to the Committee on Ordinances.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Bryant road, West Roxbury district, as a highway, from Stimson street approximately 210 feet northeasterly, bounded and described as follows:

A highway named Bryant road is hereby laid out, from Stimson street approximately 210 feet northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Stimson street, 70 feet; northerly by the northerly line of said Bryant road as hereby laid out, 23.56 feet on a curve of 15 feet radius; northwesterly by the northwesterly line of said Bryant road as hereby laid out, 135 feet; westerly by the westerly line of said Bryant road as hereby laid out, 36.68 feet on a curve of 30 feet radius; northerly by the northerly line of said Bryant road as hereby laid out, 227.88 feet on a curve of 50 feet radius; southeasterly by the southeasterly line of said Bryant road as hereby laid out, by two measurements, 66 feet on a curve of 341.07 feet radius and 135 feet; and easterly by the easterly line of said Bryant road as hereby laid out, 23.56 feet on a curve of 15 feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on Bryant road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan heretofore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Bryant road, West Roxbury district, as a highway, from Stimson street approximately 210 feet northeasterly, under the order of the Board of April 7, 1953, and awards no damages therefor.

TRAFFIC COMMISSION RULING.

Voted. That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective April 15, 1933: Kilmarnock Street, Boston Proper.

From Queensberry street to Park Drive.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1915 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati—*American City Magazine*.

NOTICE TO CONTRACTORS.

PROPOSALS FOR FURNISHING AND INSTALLING FURNITURE AND EQUIPMENT IN THE NEW ELEMENTARY SCHOOL IN THE ELIHU WOOD DISTRICT, HYDE PARK DISTRICT, BOSTON, MASS., FOR THE DEPARTMENT OF SCHOOL BUILDINGS, CITY OF BOSTON.

Sealed proposals for furnishing and installing furniture and equipment in the new elementary school in the Elihu Wood District, Hyde Park district, Boston, Mass., will be received by the Superintendent of Construction Buildings, 26 Norman street, Boston, Mass., until 12 o'clock noon of Thursday, May 7, 1933, and at that place and time will be publicly opened and read. The proposal submitted to the Superintendent of Construction shall not be separated from the book of specifications. The additional copy of the proposal shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston, at City Hall, School street, Boston, Mass., before the time for the opening of the proposals.

A bid deposit in the form of cash or a certified check, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum of five per cent (5%) of the amount of the bid, except that the minimum amount of check shall be \$50, shall be submitted with the copy of proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A bond of an approved surety company will be given by the successful bidder in the full amount of the contract price, and no bond will be required for contracts under \$1,000. All contracts are subject to the approval of the Mayor.

Specifications and forms of proposals may be obtained at the office of the Superintendent of Construction, Department of School Buildings, 26 Norman street, Boston, Mass.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 152, to which appears in the specifications.

The successful bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject any or items in accordance with the provisions of chapter 480 of the Acts of 1933.

COMPLICATIONS INVOLVED IN COLEMAN BROTHERS CONTRACT FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN TWO DORCHESTER DISTRICTS SMOOTHED OUT AND WORK TO PROCEED—COMMISSIONER HYLAND ANNOUNCES SATISFACTORY OPERATIONAL CONDITIONS ACHIEVED.

On April 22, the Mayor approved the following plans for garbage and refuse removal in two Dorchester districts as presented by Public Works Commissioner George G. Hyland:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
April 21, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 25, the authority of your Honor was obtained to the awarding of a contract to Coleman Brothers Corporation for collecting and removing garbage and refuse in District 6A, Dorchester North, and District 6B, Dorchester South.

The above-referenced contractor submitted low bids in the amounts, respectively, of \$22,912 and \$25,430 per month, as the result of publicly advertising for

MAYOR HYNES MOVES TO SELL 156,575 SQUARE FEET OF PARK DEPARTMENT LAND TO BOSTON COLLEGE—ORDER PRESENTED TO COUNCIL ASKING APPROVAL OF SALE AT \$28,000.

The following communication has gone forward from the Mayor's office:

To the City Council.

GENTLEMEN:

I transmit herewith communication received from Frank R. Kelley, Chairman, Board of Park Commissioners, relative to a proposed sale of 156,575 square feet of land at Commonwealth avenue and Chestnut Hill Drive, in the Brighton district, to the Trustees of Boston College for a minimum price of \$28,000. The land is located near the Boston-Newton line and is adjacent to Boston College properties.

Since the Board of Park Commissioners has determined that the land is no longer required for park purposes, I submit herewith an order whereby the City

BOSTON APPEALS TO WASHINGTON FOR LARGER SHARE OF FEDERAL HIGHWAY FUND AS MEANS OF RELIEVING TAX BURDEN BORNE BY CITY'S REAL ESTATE OWNERS—PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND, REPRESENTING MAYOR JOHN B. HYNES, SUBMITS ARGUMENTS AND PLEA BEFORE HOUSE OF REPRESENTATIVES SUB-COMMITTEE ON ROADS, COMMITTEE ON PUBLIC WORKS, IN WASHINGTON—POINTS OUT INJUSTICES WORKED ON LARGER CITIES UNDER PRESENT PRACTICES.

The City of Boston was well represented at a hearing by the Sub-Committee on Roads, Committee on Public Works, House of Representatives, at Washington a few days ago by Public Works Commissioner George G. Hyland, who represented Mayor John B. Hynes at the meeting in an appeal for a larger share for Boston in the Federal Highway Fund.

Commissioner Hyland, in his report to the Mayor on the sessions, where he read his paper, has submitted to the Mayor the following communication:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
April 29, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I submit herewith copy of statement that I read to the Committee on Public Roads in Washington yesterday.

I am sorry that I did not have an opportunity to discuss this matter with you before I left for Washington, but I trust that the statement, as presented, was satisfactory and meets with your approval.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Sub-Committee on Roads, Committee on Public Works, House of Representatives, Congress of the United States, Washington, D. C.

GENTLEMEN:

I respectfully submit my views on the all-important problem of highways, with particular reference to federal participation in aiding the larger municipalities to improve their highway systems. My remarks, in general, will be confined to the problem as it affects the City of Boston.

Boston has a population of approximately 790,000, which is 17 per cent of the total population of the state; an area of 47 square miles; and 720 miles of public streets. It is the tenth largest city in the country and one of the most densely populated, with approximately 17,000 persons per square mile. Its assessed valuation is \$1,433,681,000, which is approximately 21 per cent of the total assessed valuation of Massachusetts. Our real estate tax rate is one of the highest—if not the highest—of any large city in the country. Our overburdened real estate owners need relief from whatever source possible.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-termining plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons', and thy daughters' unselfish devotion."
From Boston Centennial Poem by
NATHAN HASKELL DOLB

* Residents and non-residents included.

In conclusion, I wish to state that I feel that the Bureau of Public Roads probably has done more than any other single agency to promote a safe, adequate highway system throughout the country, and I am strongly in favor of its retention as the governing body in controlling the expenditure of the Federal Highway Fund. Its duties and responsibilities should not be decreased or curtailed in any respect. I do feel, however, that it should change its thinking and encourage the construction of toll highways, as the latter referenced, in my opinion, would do much to solve the rural highway problems affecting the entire country.

SEEKS COOPERATION.

However, as stated, my main purpose in submitting this brief to you and appearing before your committee is to obtain your cooperation in allocating additional federal-aid money direct to the cities to pay the cost of the construction and reconstruction of the local highway system, or to increase the urban allocation under the present system so that the larger cities of this country will receive a more generous share of the total available Federal Highway Fund than heretofore. Increasing the percentage for urban projects will permit the larger cities to amortize the cost of projects, such as the one now under construction in Boston. Setting up an appropriation to be paid direct to the larger municipalities to pay for part of the cost of local improvements will, as stated, afford direct relief to the owners of real estate.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CONDITIONS FOR COLEMAN BROTHERS DISPOSAL CONTRACT FOR TWO DORCHESTER DISTRICTS SETTLED.

(Continued from page 565.)

proposals. The contracts have never been executed because of the inability of the contractor to obtain the use of the Hallet Street dump that has been used by said contractor each year for the past 12 or 14 years. I was not informed of this situation until noon of Tuesday, March 31, and—as explained in my previous confidential report to you of April 1—I had to take emergency measures to insure uninterrupted garbage and refuse collection service in the two Dorchester districts, comprising a population in excess of 200,000 people.

Up to the present time, therefore, the contractor has been working without a written contract and has been using the so-called South Bay dump furnished by the department. For a period of years, the Coleman Company has been using the Hallet Street dump in Dorchester, with the oral permission of the owner of the dump. It is my understanding that the dump owner would never grant the permission in writing, which was an unsatisfactory arrangement, but did not create any serious condition until recently, when the dump owner refused to make the dump available to the Coleman Company under the terms previously in effect. During the past three weeks, we have held several conferences in an effort to reconcile the situation, but I have come to the conclusion that the matter cannot be adjusted, and I have been required, therefore, to review the entire subject affecting the contract awards, in order to provide for the execution of a contract that will be in effect until March 31, 1954.

Too Costly Plan.

If the proposed contracts to the Coleman Company were canceled and the contracts were awarded to the second low bidder for the furnishing of a dump, the cost to the city would be \$49,656 per year in excess of the Coleman bid. I have, therefore, rejected any thought of awarding the contract to the second bidder, Marlucci Brothers & Co., Inc. Incidentally, the owner of the controversial dump is M. J. Verrochi, president of the

Marlucci Company, and, therefore, we would be assured of a dump if the contract were awarded to this bidder. However, as stated, in view of the substantial increase in cost, no consideration should be given to such an award.

If the contract were awarded to the Coleman Company on the basis of the bids that it submitted for the dump to be furnished by the city, the annual cost to the city would be \$54,900 in excess of the costs involved in the contracts authorized by you under date of March 23.

Under the circumstances, therefore, I felt that the only sensible solution to this problem was to negotiate with the Coleman Company, in an attempt to arrive at an agreement that would be fair to both parties. The condition was brought about through no wilful fault of the Coleman Company, as it assumed that the dump would be available and submitted its bid in good faith and in the same manner as in previous years. This company has rendered excellent service over the years in collecting garbage and refuse in Dorchester, and I was anxious to retain their services, if possible. Therefore, as stated, I negotiated with representatives of the company, and have reached a satisfactory agreement.

We have agreed that the city will permit the contractor to use the South Bay dump, and the contractor will be given a modest increase of \$767 per month to compensate, in part, for the additional length of haul involved in the change of dumping sites, and also for the increased cost of operating the South Bay dump, which is a so-called sanitary fill located in tidal waters.

It is my well-called opinion that the best interests of the city will be served by awarding a contract to the Coleman Company on the above-referenced negotiated basis, and the additional cost to the city will be far less than if we readvertise for bids. In addition, the readvertising for bids would result in confusion and complications. I am certain that the Coleman Company is one of the best qualified contractors to handle the large Dorchester districts, and I am equally certain that the price for which that company has agreed to do the work is lower than we could obtain by advertising for bids, having in mind that a contract of this kind should not always be awarded to the lowest bidder, but to the lowest qualified bidder.

The present situation in the Dorchester area leaves much to be desired, but—as stated—I feel that, under the circumstances, the agreement that I have reached with the Coleman Company is the best one possible and in the public interest to insure a continuity in the important garbage and refuse collection work, at a minimum cost to the city consistent with good service. Because of the emergency nature of the work, I wrote to your Honor under date of April 1 and described the entire situation, and requested your approval to permit the contractor to work without a written contract, pending the adjustment of the situation. This approval was granted, and properly so, as such action could not be considered contrary to the spirit of any law governing municipal contracts. The situation involved an extreme emergency affecting public health and no other course was open but to permit the contractor to proceed in the absence of a completely executed contract.

I respectfully request, at this time, your authorization to dispense with advertising, and to award a written contract to Coleman Brothers Corporation for collecting and removing garbage and refuse in District 6A, Dorchester North, and District 6B, Dorchester South, at agreed prices, respectively, of \$23,162 per month, and \$25,947 per month, with the understanding that the period of the contract will be from April 1, 1953, to March 31, 1954.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CITY PROPOSES TO SELL LAND TO BOSTON COLLEGE.

(Continued from page 565.)

of Boston may sell this land to the Trustees of Boston College for the minimum price of \$28,000, subject to an easement for water purposes. The reservation of the easement is necessary at the present time since a water line runs through the premises to Evergreen Cemetery, which is also in the control of the Board of Park Commissioners.

Respectfully,

J. B. HYNES, Mayor.

NOTE.—The foregoing parcel of land was appraised by two appraisers, both of whom set a price of not less than \$28,000 for the said land.

TRANSFER OF MANAGEMENT OF CERTAIN DORCHESTER LANDS FROM PUBLIC WORKS DEPARTMENT TO REAL ESTATE COMMISSIONERS URGED BY MAYOR.

The following communication has been issued from the office of the Mayor:

To the City Council.

GENTLEMEN:

I transmit herewith an order transferring certain lands at Centre street, Dorchester, Boston and Bellflower streets, Dorchester and South Boston, and West First street, South Boston, from the care, custody, control, and management of the Public Works Department to the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, which lands the Commissioner of Public Works has determined are no longer required for public purposes, together with approximately 4,145 square feet of land at Freepoot street, Dorchester, from the care, custody, control, and management of the Board of Street Commissioners to the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, which land the Board of Street Commissioners has determined is no longer required for public purposes.

Respectfully,

J. B. HYNES, Mayor.

NOTE.—The area of the above parcels is as follows: Centre street, Dorchester, 7,271 square feet; Boston and Bellflower streets, 535 square feet; 212 West First street, 16,500 square feet; 214 West First street, 24,576 square feet; 176 and 178 West Second street, 8,250 square feet; 175-179 West First street, 8,250 square feet; Freepoot street, 4,145 square feet.

CITY OF QUINCY ALLOWED TO PURCHASE BOSTON LAND IN SQUANTUM DISTRICT—MAYOR URGES COUNCIL APPROVAL OF PROPOSAL AS LAND NO LONGER REQUIRED TO BE HELD BY PUBLIC WORKS DEPARTMENT.

The following communication has gone forward from the office of the Mayor:

To the City Council.

GENTLEMEN:

Chapter 174 of the Acts of 1953 provides that the City of Boston may sell to the City of Quincy for park and playground purposes any part or parts or the whole of the land in the Squantum district of the City of Quincy held by the City of Boston for sewerage purposes, and that the City of Quincy is authorized to pay to the City of Boston a sum not exceeding \$25,000 for the land.

The Commissioner of Public Works has determined that certain portions of the city-owned land at Squantum, viz., Parcel A, Parcel B, Parcel C, and Parcel D, on a plan dated November 26, 1952, are no longer required by the City of Boston for sewerage purposes, and I therefore recommend the adoption of the accompanying order authorizing the sale of said parcels to the City of Quincy for the sum of \$25,000.

Respectfully,

J. B. HYNES, Mayor.

Note.—The parcel of land above described, has 630,000 square feet, all of which is in the City of Quincy. The City of Boston has been paying about \$590 per year to the City of Quincy as taxes on the land. The City of Boston reserves part of the entire area for sewerage purposes and for highway purposes.

MAYOR'S APPEAL FOR CEREBRAL PALSY FUND CONTRIBUTIONS.

Mayor John B. Hynes has issued the following declaration in observance of the Annual Fund-Raising Appeal for 1953 of the United Cerebral Palsy Association, Inc.:

DECLARATION.

Whereas, The well-being and strength of any community depends upon the health of its individual citizens; and

Whereas, Residents of this community are numbered among the more than half a million children and adults in the United States who were born cerebral palsied; and

Whereas, The condition of those affected by this crippling ailment can be greatly improved through correct diagnosis, treatment, and education;

Now, therefore, I, John B. Hynes, Mayor of the City of Boston, do hereby declare the week of May 4, 1953, as Cerebral Palsy Week, and I earnestly urge the citizens of this community to support to the fullest the current campaign of United Cerebral Palsy in the humanitarian effort to alleviate suffering and assist the cerebral palsied to become useful, self-sustaining citizens.

CIRCULAR LETTER NO. 11.

CITY OF BOSTON,
MAYOR'S OFFICE, April 28, 1953.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are members of the Army Reserve Corps, the Naval Reserve, the National Guard, the Marine Corps Reserve, and the Coast Guard Reserve and Auxiliary, to attend the annual tour of duty.

Respectfully,

JOHN B. HYNES, Mayor.

Approval has been given for the extension of the provisional employment of Thomas C. Flood, 26 Rutland square, as a senior engineering aid (draftsman) at \$60.50 a week, for three months.

Approval has been given for the extension of the temporary transfer of John L. Galvin, 574 Newbury street, as senior engineering aid (draftsman) at \$63 a week, for six months, from March 28.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

John J. Donovan, steam fireman, has been appointed to the position of jail officer. Next August, Mr. Donovan would have completed three years in the county service. His current pay has been \$65.67 a week and in August he would be entitled to another step rate which would give him \$68 a week. For this reason his starting pay as an officer should be \$68 a week and a new anniversary date established for his future step rates.

SUPERIOR CRIMINAL COURT.

Albert J. Powers, 31 Gwinnett street, Hyde Park, has been appointed as senior clerk at \$55.50 a week.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

The salary of the chief probation officer, Joseph H. Burns, has been in-

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

CITY PLANNING BOARD.

Boston, April 22, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On April 14, 1953, at a meeting of the City Planning Board the following vote was taken:

"That the contract with Adams, Howard & Greeley, City Planning Consultants, 100 Memorial Drive, Cambridge, be renewed for a period of eleven months, from May 1, 1953, to March 31, 1954, at a total cost of \$1,600, to provide assistance and guidance to the Board in conducting its master plan work and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that

your authorization be given for the awarding of the proposed contract, without public advertising, to Adams, Howard & Greeley, Consultants, to cover the period from May 1, 1953, to March 31, 1954, for the furnishing of the above-mentioned services at a cost not to exceed \$1,600.

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Respectfully,

THOMAS F. McDONOUGH,
Chairman.

LIBRARY DEPARTMENT.

Boston, April 22, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that you approve the signing of a lease, without public advertising, with Ezra Sherman for the rental of the premises located at 386 and 388 West Broadway, South Boston. These premises have served as quarters for the South Boston Branch Library since May 1, 1950. The lease will be for the period May 1, 1953, through April 30, 1954, and the rental will be thirty-one hundred and eighty dollars (\$3,180).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), your permission to enter into this lease without public advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

Boston, April 22, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the signing of a contract with Messrs. Ames, Child & Graves, 50 Beacon street, Boston, for architectural services in the year 1953, the estimated cost of which will be approximately \$7,500. Much work will be required of the architects in connection with a program of reallocation of departmental space which is under way in the Central Library building for the purpose of improving service to the public. The architects' professional services consist of necessary conferences; preparation of preliminary studies, working drawings, specifications, and large-scale and full-size detail drawings; drafting of forms of proposals and contracts; and responsibility for and supervision of work required by the trustees.

Messrs. Ames, Child & Graves have been the consulting architects for the library for over eleven years. The Central Library building is a complex monumental structure. The making of renovations and repairs presents problems of unusual difficulty, requiring close knowledge of the building and familiarity with the needs of library service. The firm of Ames, Child & Graves has that special knowledge and has rendered satisfactory service. The Trustees of the Public Library therefore have voted:

"That there be entered into with Messrs. Ames, Child & Graves, 50 Beacon street, Boston, a contract for architectural services in the year 1953, the total fee

thus charged to be subject to the terms, agreements and conditions set forth in said contract."

It is believed that no useful purpose would be served by proceeding to competitive bidding for these architectural services. Your permission is therefore requested for dispensing with the procedure of publicly advertising for bids in this instance.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

PUBLIC WORKS DEPARTMENT.

Boston, April 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the course of the construction season, we are called upon to effect many highway improvements that do not come within the normal scope of maintenance work as done by our district yard forces, and neither do said improvements come within the normal scope of contract construction work that lends itself to publicly advertising for proposals.

The work that I refer to consists principally of effecting changes in existing traffic islands, installing new islands, adjusting the line and grade of edgelines, installing cross-overs in center divisional islands, effecting sidewalk and roadway repairs, and work of that nature. I find that this type of highway work is done more satisfactorily and expeditiously by engaging the services of contractors at agreed unit prices or on a cost-plus basis, with rates for equipment, labor, etc., established by the department.

I therefore respectfully request your approval to the award of a contract in the estimated amount of \$4,000, without public advertising for proposals, to Gaddis Construction Company, 324 Chestnut Hill avenue, Brighton, for effecting highway improvements as designated by the Commissioner of Public Works in any public highway in the city at agreed unit prices or on a cost-plus basis, at rates for labor and equipment as specified by the department, and at actual cost of materials plus 10 per cent.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, April 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, so-called patch paving work involving the restoration of areas opened by public service corporations in roadways surfaced with bituminous concrete and sheet asphalt is being done in District 1 by the Walsh Company, Inc., 55 Perham street, West Roxbury; District 2, Vulcan Construction Company, 193 Hanover street, Boston; District 3, John McCourt Company, 910 Huntington avenue, Boston; and in District 4, Baker & Co., Inc., 3475 Washington street, Jamaica Plain. The above contractors have been designated by me to do this work for the corporations; the cost of the work being paid by said corporations.

In connection with the type of pavement restoration work that involves so-called "corporation cuts" it is most es-

sential—for obvious reasons—also to restore, concurrently, the sheet asphalt and bituminous concrete areas removed by the Water Division of this department, in connection with the repair and maintenance of its underground structures. It would not be good policy, nor in the best interests of the motoring public, for the department to adopt a program for the restoration of pavements by one contractor on roadway areas opened by public service corporations and by another contractor for openings made by the Water Division.

I have therefore negotiated with the above-referenced contractors and these firms have agreed to restore pavements in roadway areas opened by the Water Division at a price approximately 27 per cent less than that established for pavement restoration work in areas opened by public service corporations. We are able to obtain these substantial reductions in prices because these contractors have the organization and equipment in operation, performing the pavement restoration work for the public service corporations and the additional expense involved in permanently resurfacing the so-called "water cuts" is far less than it would be if a contractor were engaged in resurfacing the latter-referenced cuts only. The latter-referenced contractors are among the best qualified in this city to do this type of work and the unit prices for which they have agreed to do the work, in my opinion, are fair and reasonable, and no advantage will accrue to the city by publicly advertising for bids.

Authority is respectfully requested therefore to dispense with public advertising and to the award of contracts for this work in District 1, to Walsh Company, Inc. in an amount not to exceed \$6,000; in District 2, to Vulcan Construction Company, in an amount not to exceed \$6,000; in District 3, to John McCourt Company, in an amount not to exceed \$12,000; and in District 4, to Baker & Co., Inc. in an amount not to exceed \$12,000. The work under these contracts is to be restricted to the district and section of the city in which these contractors have been designated to do similar work for public service corporations. There is an available appropriation in the budget of the Water Division to cover the proposed contracts.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 22, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of April 7, the authority of your Honor was obtained to dispense with advertising and to award contracts to the following-named contractors in the districts and for the periods as designated below, which, as stated in my previous communication, were obtained as the result of publicly advertising for bids:

District 3, Charlestown.—Milano Brothers, Inc., closed trucks, contract awarded from June 1, 1953, to March 31, 1956, monthly bid, \$3,953.

District 9A, Back Bay.—Dooley Brothers, Inc., closed trucks, contract awarded from June 1, 1953, to March 31, 1955, monthly bid, \$4,572.

District 10, North and West Ends.—Ward General Contracting Company, closed trucks, contract awarded from June 1, 1953, to March 31, 1956, monthly bid, \$14,300.

The above-referenced contracts require the city to provide scows at the Fort Hill and Albany Street Receiving Stations for the disposing of the refuse material. However, it does not appear that the disposal contractor, M. DeMatteo Construction Company, will place the scows in operation before July 1, and, therefore, the above-referenced three contracts will have to be amended so as to provide the contractors with additional payments for the month of June, if they are required to haul to dumping sites other than the Fort Hill or Albany Street Receiving Stations.

I respectfully request, therefore, your authorization to dispense with advertising, and to amend the above-referenced contract in District 3, so as to provide that the bid price under Item 1B-b will be increased \$400 per month for the period from June 1 to June 30, 1953, if the contractor is required to haul the refuse to the Chelsea clay pit. It is understood that the payments are to be prorated for any lesser period than the one month involved; and it is further understood that the total increase in cost shall not exceed \$400.

I further respectfully request your authorization to dispense with advertising, and to amend the contract for District 9A, Back Bay, so as to provide that the contractor will be paid, under Item 1B, for the period from June 1 to June 30, 1953, an increase of \$1,400 per month, if said contractor is required to haul the refuse material to the Calf Pasture dump, and an additional amount of \$400 per month if the contractor is required to haul to the South Bay dumps. The additional amounts referred to are in excess of the bid price of \$4,572. It is agreed that the additional payments are to be prorated for any periods less than the month involved that the contractor is required to haul to either South Bay or Calf Pasture; and it is mutually agreed that the total increase in cost shall not exceed \$1,400 for the one-month period.

I also respectfully request your authorization to dispense with advertising, and to amend the contract in District 10, North and West Ends, so as to provide for an increase in the monthly payment of \$3,000 per month, under Item 1B, for the period from June 1 to June 30, 1953, if the contractor is required to haul the material to the Chelsea clay pit, and for an increase of \$3,500 per month, if the contractor is required to haul to Calf Pasture. The increases referred to would be in excess of the bid price of \$14,300 per month, and the payments are to be prorated for any period less than the one-month period. It is mutually agreed that the total increase in cost shall not exceed \$3,500, the maximum cost of the additional work for the one-month period involved.

If the DeMatteo Company puts the scows in operation prior to June 1, no additional payments will be paid to the collection contractors, but I feel that the DeMatteo Company will not place the scows in operation until July 1, and, therefore, provisions must be made in the above three contracts to provide for payments to the contractors involved

for hauling to locations other than the Albany Street and Fort Hill scows.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 22, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of April 7, the authority of your Honor was obtained to dispense with advertising and to award contracts to the following-named contractors in the districts and for the periods as designated, at the monthly prices as appearing below, which were obtained as the result of publicly advertising for bids:

District 3, Charlestown.—Milano Brothers, Inc., closed trucks, contract awarded from June 1, 1953, to March 31, 1956, monthly bid, \$3,953.

District 7B, Dudley.—M. DeMatteo Construction Company, closed trucks, contract awarded from June 1, 1953, to March 31, 1955, monthly bid, \$6,729.

District 7D, Roxbury.—M. DeMatteo Construction Company, closed trucks, contract awarded from June 1, 1953, to March 31, 1955, monthly bid, \$9,980.

District 9A, Back Bay.—Dooley Brothers, Inc., closed trucks, contract awarded from June 1, 1953, to March 31, 1955, monthly bid, \$4,572.

District 10, North and West Ends.—Ward General Contracting Company, closed trucks, contract awarded from June 1, 1953, to March 31, 1956, monthly bid, \$14,300.

The above-referenced contracts will be executed by the contractors and by the undersigned and then forwarded to your Honor for transmittal to the City Council for approval, in accordance with the provisions of section 6 of chapter 456 of the Acts of 1909.

In the original advertisement and form of proposal that were prepared in connection with the publicly advertised bids that were opened in this office under date of Thursday, March 12, there was a provision to the effect that the successful bidders would be required to furnish a so-called performance bond in the sum of 100 per cent of the amount of the contract sum for the entire term. After discussing this matter with the contractors involved and with representatives of the bonding companies, it has been called to my attention that the contractors on the above-referenced contracts will be required to pay, as premiums on the bonds, amounts varying from twice to three times the normal amounts that they would be required to pay if annual contracts were awarded for the 22- and 34-month contract periods.

In submitting bids, the contractors informed me that they assumed that they would be required to pay the same annual premium that would be charged by the bonding companies each year on yearly contracts, and they all feel that it would be an unreasonable and unanticipated financial burden on them if we required them to carry 100 per cent performance bonds for the entire period of the above-referenced five contracts.

In view of the circumstances, it is my unqualified opinion that the city's interests will be well protected if we require these contractors to furnish bonds in an amount equal to 50 per cent of the total contract on the three contracts involving 22-month periods, and for 35

per cent of the contract sum on contracts involving the 34-month periods.

I respectfully request, therefore, that you authorize me to insert a provision in the above-referenced contracts requiring a performance bond in the amount of 50 per cent of the contract sums for the contracts to be awarded to M. DeMatteo Construction Company and Dooley Brothers, Inc., and I further request that you authorize the insertion of a provision in the contract documents requiring a performance bond in the amount of 35 per cent of the total contract sums in the contracts awarded to Milano Brothers, Inc., and Ward General Contracting Company.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

M. Solimando has been allowed to amend the contract for repairs to windows in chapel and medical director's residence at Long Island Hospital, as follows:

By substituting as the date of completion of the work "April 9, 1953," in place of March 2, 1953. This extension is necessary due to the difficulty in obtaining special made chapel windows from subcontractor on time. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

Construction Units, Inc., has been allowed to amend the contract for installation of elevators in the Nichols and Morris Buildings, Long Island Hospital, as follows:

By substituting as the date of completion of the work "February 15, 1953," in place of October 1, 1952. This extension is necessary due to the delay in delivery of the hollow metal partitions. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

P. J. Riley & Co. have been allowed to amend the contract for renovations to plumbing in toilets of Recreation Building and Wards Q and R, Long Island Hospital, as follows:

By substituting as the date of completion of the work "May 27, 1953," in place of April 15, 1953. This extension is necessary due to certain delays beyond the control of the contractor. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

Domenick Puleo has been allowed to amend the contract for additions and alterations to Fire House, Long Island Hospital, Boston Harbor, as follows:

Additional Work.

Furnish all necessary labor and materials for new window, for the sum of \$195.50.

Original contract, \$31,936.76; add, \$195.50, total contract to date, \$32,132.56.

All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect.

CHANGES IN CONTRACTS.

PUBLIC BUILDINGS DEPARTMENT.

M. S. Kelliher Company has been ordered to make the following changes in the contract for the Municipal Building, 1481-1491 Tremont street, Roxbury, dated May 5, 1952:

Order from P. J. O'Donnell Company, Inc., lockers and benches for basement locker rooms, as follows:

One hundred twenty-six lockers 12 inches x 12 inches x 72 inches with closed base and slanting top, to be installed in the large basement locker room. Lockers shall be numbered and separate keying arrangement made for each locker. Three keys shall be furnished for each locker and one master key for the 126 lockers.

Seventeen lockers 12 inches x 12 inches x 72 inches with closed base and slanting top, to be installed in the small basement locker room. Lockers shall be numbered and separate keying arrangement furnished for each locker. Three keys shall be furnished for each locker and one master key for the 17 lockers.

Eight 8-foot benches shall be furnished and installed in the large locker room, and two 6-foot benches shall be furnished and installed in the small locker room.

All lockers and benches shall be securely bolted to floor and walls where same are on the wall side, and shall be installed in accordance with plan approved by the architect. The finish of the lockers shall be baked on enamel, either gray or brown. The lockers and benches shall be Lyon type, as approved by the City of Boston Park Department, to be furnished and installed complete, in accordance with proposal of P. J. O'Donnell Company, Inc., for the sum of \$3,485.

JOHN M. GRAY COMPANY, 169 High Street, Boston, Mass.

Re: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass.

GENTLEMEN:

Confirming visit of our representative, we are pleased to submit the following quotation for your consideration:

One hundred twenty-six 12-inch x 12-inch x 72-inch lockers with closed base and slant top (large basement locker room), three (3) keys for each locker, plus one (1) master key.

Seventeen 12-inch x 12-inch x 72-inch lockers with closed base and slant top (small basement locker room), three (3) keys for each locker, plus one (1) master key.

Eight 8-foot benches (for large locker room).

Two 6-foot benches (for small locker room).

Above items to be furnished, installed, and secured to walls and floors. To be furnished in gray or brown color for the sum of \$3,485, terms, net, delivery, three weeks after receipt of order.

Very truly yours,

MR. GEORGE P. DONOVAN, Superintendent of Public Buildings, City Hall Annex, Boston, Mass.

Re: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass. Change Order No. 5, Lockers.

DEAR MR. DONOVAN:

We have included in the contract the amount of \$2,500 for lockers and shelving and \$1,000 for the Community Room equipment.

The locker allowance was set aside in order to cover lockers and shelves for the two men's sections adjoining the shower rooms in the basement. We have checked this item with Mr. Kelley, Chairman of the Board of Park Commissioners, and he has approved of ordering a total of 143 lockers and 10 benches for these two locker rooms.

We have obtained an estimate from the P. J. O'Donnell Company, Inc., in the amount of \$3,485 for furnishing and installing these items, and would recommend your approval of same.

We are therefore enclosing six copies of a change order showing the above allowances in the amount of \$3,500, and the cost of the lockers and shelves in the sum of \$3,485, which will make a total deduction from the contract sum under this change order in the amount of \$15.

A copy of the P. J. O'Donnell Company, Inc., proposal is attached to each copy of the change order. This change order will authorize the M. S. Kelliher Company to order the lockers and benches.

Yours very truly,

JOHN M. GRAY COMPANY.

EXTENSION OF CONTRACTS.

PUBLIC BUILDINGS DEPARTMENT.

M. S. Kelliher Company has been ordered to amend the time for completion of the contract for the Municipal Building, 1481-1491 Tremont street, Roxbury, dated May 5, 1952, as follows:

The time for completion of contract is hereby extended from April 25, 1953, to June 15, 1953. There will be no change in the contract sum.

John M. Gray Company,
169 High Street, Boston,

April 10, 1953.

MR. GEORGE P. DONOVAN, Superintendent of Public Buildings, City Hall Annex, Boston, Mass.

Re: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass.

DEAR MR. DONOVAN:

We have received a letter from the M. S. Kelliher Company, contractors for the above-mentioned project, requesting an extension of the time of their contract to June 15, 1953. The contract is dated April 25, 1952, and calls for completion in 12 months, and therefore would expire April 25, 1953.

The contractor gives as his reason for requesting this extension, the fact that he was delayed in carrying on his contract due to a strike at the plant of the Timber Structures, Inc., which delayed the delivery of the wood trusses for the Community Building for two months.

In view of the above, we would recommend that you grant the M. S. Kelliher Company an extension to June 15, 1953.

Attached hereto is an order for an extension of time together with a copy of the contractor's request dated April 7, 1953.

Yours very truly,

JOHN M. GRAY COMPANY.

Subject: Municipal Building, 1481-1491
Tremont Street, Roxbury, Mass.

GENTLEMEN:

We respectfully request an extension of time for the completion of the above contract from April 25, 1953, to June 15, 1953.

The reason for this extension of time is due to a strike at the plant of Timber Structures at Seattle, Washington, which delayed the delivery of the wood trusses for the Community Buildings for two months.

Yours very truly,

M. S. KELLIHER COMPANY,

DEDUCTION FROM CONTRACT.

HOSPITAL DEPARTMENT.

M. Solimando, contractor for alterations and repairs to Dowling Building Tunnel, overhanging door in Receiving Room, and new elevator door installations in various locations for Boston City Hospital, has been instructed to deduct from the contract the sum of \$700 for alternate No. 1, omit work in Kitchen Stores Building (receiving entrance).

Original contract, \$29,476; corrected contract, as per order No. A.2638, \$31,236; now deducted, \$700; corrected contract, \$30,536; total added \$1,760.

M. Solimando,
584 Columbia Road, Dorchester.

February 26, 1953.

JAMES H. RITCHIE & ASSOCIATES, 135
Clarendon Street, Boston, Mass.

GENTLEMEN:

I hereby agree to a deduction in the amount of seven hundred dollars (\$700) from my contract for the omission of work in Kitchen Stores Building, under alternate No. 1.

Very truly yours,

M. SOLIMANDO.

ADDITIONS TO CONTRACT.

HOSPITAL DEPARTMENT.

M. Solimando, contractor for alterations, repairs and renewals in Building "G," Boston City Hospital (Sanatorium Division), has been instructed to add to the contract the sum of \$2,126 for additional work in connection with plumbing. Furnish and install 48 vacuum breakers for all toilets and slop sinks. Furnish and install 13 Standard B No. 348 tub fillers. Furnish and install new Watts No. 340 pressure and temperature

relief valve and No. 235 Watts vacuum valve. Furnish and install 14 vacuum breakers for bedpan sterilizers, including piping. Furnish and install four vacuum breakers on dishwashing sinks, first and second floors. Furnish and install new by-pass on hot water tank.

Original contract, \$55,057; corrected contract, \$55,057; now added, \$2,126; corrected contract, \$57,183.

Parkman Construction Company, contractor for alterations in basement of Maternity Building, Boston City Hospital, has been instructed to add to the contract the sum of \$8,239 for renewing soil lines in the sewerage system under the basement floor in the area within the scope of this contract as shown in red on attached drawing, and in accordance with letter from Parkman Construction Company, dated March 10, 1953, and Powers & Mehegan's breakdown of March 9, 1953.

Original contract, \$62,170; corrected contract, \$62,170; now added, \$8,239; corrected contract, \$70,409.

Powers & Mehegan Company.

March 9, 1953.

PARKMAN CONSTRUCTION COMPANY, 730
Boylston Street, Boston, Mass.

GENTLEMEN:

For the sum of twenty-five hundred and thirty dollars (\$2,530) we propose to furnish and install all necessary soil pipe and fittings to renew basement drains in the above building. This proposal is limited to that section outlined in red on the white print and consists on one side of a run of about 70 feet and on the other side a run of about 90 feet. This pipe and fitting to be factory tarred.

For the additional sum of two hundred and eleven dollars (\$211) we propose to repair a break in the rain leader crop. This proposal is limited to labor and materials necessary to replace a 5-foot section of 3-inch pipe, a "Y," and a couple of bends. It was necessary to make this limitation because the break in the rain leader at this writing has not been exposed for proper examination.

Included in this figure is the sum of forty-one dollars (\$41) to provide new water supplies for floor drains as demanded by the Plumbing Inspector.

All digging, bracing, cutting, and patching, and backfitting, etc., to be done by others.

Yours very truly,

POWERS & MEHEGAN COMPANY,
ALFRED C. MEHEGAN.

By order of Acting Fire Commissioner
JOHN V. STAPLETON.

JAMES J. KANE,
Acting Chief of Department.

General Order No. 18.

ANNUAL COMMUNION SUNDAY.

The Tenth Annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in the Cathedral of the Holy Cross, Washington street, Boston, at 9 A.M., Sunday, May 10, 1953.

The celebrant of the Mass will be department chaplain, Very Reverend Monsignor Henry J. O'Connell; the sermon will be given by Right Reverend Matthew P. Stapleton, D.D., S.S.L.

The guest speaker for the breakfast will be Reverend Arthur J. Riley, Ph.D., National Historian of the Knights of Columbus. The toastmaster will be Fire Commissioner Michael T. Kelleher. His Honor, Mayor John B. Hynes, will be present.

Upon completion of the Mass, members will form outside the church and march from there to the Hotel Bradford, Tremont street, Boston, where the Annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves shall be worn on this occasion.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members who desire to participate in the Annual Communion Sunday exercises are privileged to exchange time.

Members may have their sons accompany them at the Mass and at the breakfast.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department inducted during the past year, it will be an opportunity to meet their spiritual leader and to make new contacts and friendships in the department during the breakfast. The committee earnestly requests that all members off duty make every effort to attend the Mass and the breakfast. It is particularly requested that members possessing uniforms should wear same, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

A delegation of New York City firemen will be present at the Mass and breakfast. The New York firemen will arrive in Boston on Saturday, May 9. Members of this department are requested to extend every courtesy to our guests during their stay in this city. Aide to Deputy William H. McClelland will be host to the New York delegation.

Deputy Chief James J. Kane, liaison officer to Chaplain O'Connell, will be host of the department to all visiting guests and delegations.

COMMUNION BREAKFAST COMMITTEE.

Honorary Chairman, Michael T. Kelleher.

District Chief John A. O'Neill, Districts 9 and 10.

District Chief William F. Dewan, District 8.

Capt. John E. Broughton, Ladder 24.
Lieut. John C. Kabachus, Fire Prevention Division.

Lieut. Gerard E. McGowan, Fire Prevention Division.

Lieut. Edward W. Sharkey, Engine 30.

Lieut. George E. Graney, Engine 1.

Lieut. Daniel J. McLoud, Boston Protective Department.

Ladderman Martin E. Pierce, Ladder 17.

Hoseman Robert A. Cook, Fire Prevention Division.

Hoseman Frank L. Mayo, Headquarters.

Hoseman Frederick G. Hoppe, Engine 12.

Hoseman Daniel F. Duffy, Engine 44.

Hoseman Walter J. Stewart, Engine 53.

PROPOSALS FOR SEWERAGE WORKS IN OAKMERE STREET, BILLINGS STREET, AND HEMLOCK ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof, owned by citizens or citizens of the United States, for sewerage works in Oakmere street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Oakmere Street, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 5 P. M. of THURSDAY, MAY 14, 1953, with a certified check for NINE HUNDRED (900) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BOSTON PROUD OF THE NEW FEDERAL RESERVE STRUCTURE AND ALL IT STANDS FOR IN BEAUTY AND STRENGTH, FINANCIALLY, MORALLY, AND SPIRITUALLY IN COMMUNITY—MAYOR HYNES SHARES IN DEDICATORY EXERCISES OF NEW FEDERAL RESERVE BANK BUILDING.

Sharing in the exercises dedicating the new Federal Reserve Building Mayor Hynes spoke as follows:

I am old enough to recall, rather vividly, the great controversy which arose back in the early part of this century, when the Federal Reserve System was proposed.

Its opponents predicted the rapid decline and fall of America. It was one of the big, major, domestic issues which stirred our people into a mild frenzy, in the days before we became a world power in both the military and economic sense.

As a boy, working for the munificent sum of four dollars per week, right in this neighborhood, I can recall my superiors loudly proclaiming that the

MAYOR HYNES NAMES GROUP OF LEADING CITIZENS AS ADVISORY COMMITTEE IN PROMOTION OF RESTORATION OF BLIGHTED REAL ESTATE IN "PILOT AREA" OF SOUTH BOSTON—BANKER RICHARD G. WELSH CHOSEN CHAIRMAN—INAUGURATION OF CITY-WIDE REHABILITATION PROGRAM.

A number of prominent South Boston leaders have been named by Mayor John B. Hynes to serve as the Advisory Committee in the promotion of the restoration of blighted real estate in the "pilot area" of South Boston. Richard G. Welsh, well-known South Boston banker, is chairman.

The pilot area will serve as an experiment for the Mayor's long-range, city-wide, permanent Neighborhood Rehabilitation and Conservation Program. The area is bounded by Broadway on the north, Dorchester Bay on the south, F

VETERANS' SERVICES EXPENDITURES CONTINUE TO DECREASE FOR 1953 AS COMPARED WITH 1952, ACCORDING TO REPORT OF COMMISSIONER FRANCIS X. COTTER TO MAYOR JOHN B. HYNES—FEBRUARY'S DROP AMOUNTED TO \$15,450.91—1,469 CASES, INVOLVING 2,664 INDIVIDUALS, AIDED THROUGH DEPARTMENT'S FINANCIAL FACILITIES.

According to the report of Commissioner Francis X. Cotter of the Veterans' Services Department for the month of February, to Mayor John B. Hynes, expenditures for the month this year were less by \$15,450.91 than for the corresponding period of 1952. There were 1,469 cases aided, involving 2,664 individuals, through the financial facilities of the department. There were 109 cases closed due to having obtained employment and other compensation. The report in full reads as follows:

MAYOR HYNES SPEAKS AT DEDICATION OF NEW FEDERAL RESERVE BANK BUILDING.

(Continued from page 593.)

Federal Reserve System would lead our country to the "demonition bowwows."

Of course, my superiors were all members of that political party which, like Rip Van Winkle, recently awakened from a long 20-year sleep. It is needless to say that the fears of 40 years ago have changed to the cheers of today.

Boston is proud of this new structure. It is a beautiful and striking addition to the face of our city. One cannot fail, in looking at this edifice, to get the feeling that here is not only beauty, but also strength.

Yes, here in concrete, in bronze, and in wood, in the heart and soul and mind of Governor Erickson and his assistants, is epitomized both beauty and strength—the beauty of America the beautiful, the strength of America the strong.

MAYOR HYNES NAMES COMMITTEE FOR REHA- BILITATION OF BLIGHTED AREAS OF BOSTON.

(Continued from page 593.)

street on the east, and I street on the west. Famous Dorchester Heights marks the center of the project.

Other members of the committee are: the Right Reverend Harry M. O'Connor, pastor, St. Augustine's Church; Henry Bowen, president, South Boston Savings Bank; Dr. James J. Regan, noted eye specialist; Judge Robert Linehan, South Boston District Court; Archibald Dresser, president, Farragut Co-operative Bank; Dr. William J. Griffin, president, South Boston Co-operative Bank; Dr. Thomas J. Giblin, president, Mt. Washington Co-operative Bank; Edward F. O'Brien; Alfred W. Archibald, assistant treasurer, South Boston Savings Bank; John L. Matthewman, assistant to the president, White Fuel Corporation; Edward H. Willey; Attorneys William H. Taylor, John J. Grigalus, Patrick J. Hurley; and William Birmingham, Gillette Safety Razor Company.

The committee will be given full authority by the Mayor, working with a small group of his department heads, to undertake and operate any logical and feasible plan they may deem wise to encourage and persuade the property owners within the area to repair, repaint, renovate, and restore their homes and real estate investments.

Although the program was not scheduled to get under way before May 1, already a staff of trained inspectors have made a thorough survey of the exteriors of the 1,448 parcels of real estate within the area. The findings of the study will be turned over to the committee for their information and guidance.

DEPARTMENT HEADS TO COOPERATE.

As a means of encouraging property owners within the area to cooperate with the program, the Mayor has instructed his "Steering Committee" of department heads to take immediate steps to plant trees on the sidewalks of all streets that lend themselves to such beautification, to replace all gas lights with modern

electric fixtures, and to repair and repave all sidewalks and streets that need such treatment.

Steps will also be taken in the immediate future to raze the few houses in the area that have been condemned as unsafe for habitation or business. If the owners do not obey the law and remove them, the city authorities will have no alternative but to raze the properties with their own demolition forces and place liens against the properties for the costs.

It is the hope of the Mayor that out of the program will come the erection of modern structures on all of the vacant lots in the area. The erection of such houses obviously will do much to enhance the value of surrounding properties.

"This movement is nothing but a campaign against blight," said the Mayor. "It is operating successfully in a number of other large cities, and I have every reason to believe that it will succeed here. The enthusiasm shown by the leaders in South Boston towards the project is most encouraging. Just as soon as the Steering Committee has learned the technique of promoting such neighborhood projects, the movement will be gradually extended to the older sections of the city where blight has become a serious menace.

"If my plans are fully realized, within a year there will be a Neighborhood Rehabilitation and Conservation Program under way in every section of the city. I am counting on all of the property owners in these areas to give their full cooperation to the committees that are established to carry on their work."

MAYOR HYNES PRAISED FOR PLANS INAUGURATED FOR REHABILITATION OF BLIGHTED AREAS.

The Boston Chamber of Commerce, through John Hill, chairman of its Committee on Municipal Affairs, has lauded Mayor John B. Hynes for his appointment of a Committee for Neighborhood Rehabilitation and Conservation. "Such action," he states, "demonstrates an awareness of one of the most important civic needs of the city. We wish to commend your action and to offer our cooperation.

"The blight on the older sections of the city has been allowed to grow through the years without official recognition of its damaging effect and without effective action to check it.

"Your committee has an excellent opportunity for constructive accomplishment that would aid both owners and occupants in these sections. It should also have the beneficial result of preserving values and thus safeguarding the tax base of the city.

"We are impressed with the method which your committee is employing. The selection of a 'pilot area,' the emphasis upon cooperative action by citizens directly concerned, and the intention to broaden the program gradually to other areas indicate a practical approach toward the problem.

"If this venture in reconditioning these older areas proves successful, it should pay big rewards in many ways, but most of all in better living for those who reside in these areas."

MAYOR PLANS SPEEDY ACTION IN PLANS FOR ERECTION OF MUNICIPAL INCINERATOR IN SOUTH BAY AREA—ASKS COUNCIL TO APPROVE \$2,700,000 LOAN ORDER.

The following communication has gone forward from the office of the Mayor:

To the City Council.

GENTLEMEN:

Developments during the past five weeks have made it imperative that we go forward with plans for the erection of a municipal incinerator in the South Bay area as quickly as is feasible and possible. Not only will this proposed incinerator accomplish a saving of at least \$100,000 a year for the city, when placed in operation, but it will make possible a much more modern and sanitary method of disposing of a large portion of the city's rubbish and refuse than is now possible.

The Mile Road dump is located in close proximity to the large housing project now being erected in the Columbia Point section of Dorchester. It appears likely that the first tenants will begin moving into that project before the end of this year and that it will have a sizable population twelve months from now. However, circumstances probably will prevent us from closing that dump until an incinerator is ready for use, and it is possible that the operation of this dump could become a public nuisance of major proportions.

For this and other reasons I believe that the city government should proceed promptly with plans for the construction of an incinerator. Pending before your Body is an order calling for a \$2,700,000 loan order to finance the construction of Boston's first incinerator. Under the city charter that loan must be given two readings two weeks apart. I would most respectfully urge, so that no time may be lost in this matter, that your Body give a first reading today in order that final action may be taken in two weeks.

Respectfully,

J. B. HYNES, Mayor.

CHELSEA BRIDGE TO BE CLOSED TEMPORARILY FOR REPAIRS.

Chelsea Street Bridge (crossing Chelsea River), connecting East Boston with Chelsea, will be closed to vehicular and pedestrian use from 6 A.M. to 10 P.M. tomorrow, Sunday, May 10, Commissioner Hyland of the Public Works Department has announced.

This action is necessary to permit dredging operations within the drawspan, under the direction of the United States Army Engineers.

Vessels will be allowed to pass through the bridge without interference while this work is in progress, the Commissioner added.

PUBLIC WORKS DEPARTMENT.

Upon May 4 the Mayor approved a contract with Charles Callahan Company for removing and disposing of sand, gravel and other material from city-owned land northwest of Gardner street, West Roxbury, for the sum of 17.7 cents per cubic yard, paid to the city. Authorization to sell the material under this contract was approved on an order passed by the City Council April 27, 1953, and approved by the Mayor April 28, 1953. The work to be performed under this contract shall be completed within one year after approval by the Mayor. The following bids were received March 19:

Charles Callahan Company, 17.7 cents per cubic yard; John Denvency Company, 11 cents per cubic yard; Sylvester A. Ray, 4 cents per cubic yard; William P. Capone Corporation, 5 cent per cubic yard.

Upon May 4 the Mayor approved a contract as indicated in the following letter:

BOSTON, May 1, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

On Thursday, April 23, 1953, this department received bids for repairs to the public landing and stairway at Northern Avenue Bridge. There were four bids received as follows:

D. A. Rossano Construction Company, Inc., \$1,410; Martin J. Kelly Company, Inc., \$1,642.50; Anthony Castaldo, \$1,955; John M. Cashman, \$2,470.

The lowest bidder, D. A. Rossano Construction Company, Inc., had a slight inconsistency in its bid inasmuch as that firm bid \$400 per board foot under Item 1 of the proposal, whereas its total for 250 board feet was stated at \$100. However, this bidder's real intent seems clear, namely, to submit what was in effect a unit price of 40 cents per board foot. The bidder's mistake is excusable because lumber is usually bid per thousand feet board measure and in the present case the price was asked per board foot since the estimated quantity was less than 1,000 feet board measure, viz., 250 board feet.

Therefore, I respectfully request your authorization to reject all formal bids and to enter into a contract, without additional public advertising, with D. A. Rossano Construction Company, Inc., who, in fact, submitted the lowest price for the work, on the basis of the prices bid by that company, including its intended price of 40 cents per board foot under Item 1 of the proposal.

It is proposed that the contract be executed in the sum of \$1,410, plus 25 per cent thereof, namely in the maximum amount of \$1,762.50. The reason for including the additional 25 per cent is that the quantities as set out in the various items of the proposal are merely estimates; and added amounts of the contract categories of work may be found necessary as the work is actually carried on.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon May 5 the Mayor approved a contract with N. Bevilacqua & Son for sewerage works in Wyvern street, Pitts-moor road, and Quarley road, West Roxbury, at an estimated cost of \$12,981.25, including concrete pipe. The work to be done under this contract is to be completed within 90 days after approval by the Mayor. The following bids were received April 30:

Including Clay Pipe.—N. Bevilacqua & Son, \$12,981.25; Z & S Construction Company, Inc., \$13,783.50; C. Russo, Inc., \$14,391; Susi & DeSantis Company, Inc., \$14,550; Joseph Capone & Son, \$15,364; R. A. Buccella & Sons, Inc., \$15,200.30; H. DiTullio & Sons, Inc., \$16,215; A. Vozzella & Son, \$16,015.25; H. P. Construction Company, Inc., \$16,908.

Including Concrete Pipe.—N. Bevilacqua & Son, \$12,981.25; Z & S Construction Company, Inc., \$13,505.50; C. Two hundred twenty feet of 12-inch pipe surface drain and two catch basins in Public Alley No. 1001, between Louis Prang street and a point 220 feet southerly, in the Roxbury district, at an estimated cost of \$3,000.

One catch basin and connection, one drop inlet and connection, one catch basin changed to manhole in Franklin Hill avenue, between American Legion Highway and Harvard street, in the West Roxbury district, at an estimated cost of \$800.

Rebuild existing catch basin and build new drop inlet in West Broadway, at northeast corner of Dorchester avenue, in the South Boston district, at an estimated cost of \$400.

Two drop inlets and connections in Dover street, at the northeasterly and southeasterly corners of Albany street, in the Boston Proper district, at an estimated cost of \$500.

FIRE DEPARTMENT ORDERS.*General Order No. 19.***I. DANIEL F. HARRINGTON.**

It is with deep regret that the Acting Fire Commissioner announces the death, on April 27, 1953, of Ladderman Daniel F. Harrington, of Ladder Company 22. Ladderman Harrington was appointed to the Fire Department February 1, 1918.

The funeral was held from his late home, 5 Russell street, Charlestown, at 8 A.M., Thursday, April 30, 1953, followed by services in St. Francis De Sales Church, Bunker Hill street, Charlestown, at 9 A.M.

The Acting Chief of Department made the customary detail to act as a funeral escort, and members of Ladder Company 22 were excused from duty in order to attend the services.

II. JOSEPH L. MURPHY.

It is with deep regret that the Acting Fire Commissioner announces the death, on April 27, 1953, of Ladderman Joseph L. Murphy, of Ladder Company 26. Ladderman Murphy was appointed to the Fire Department July 16, 1937.

The funeral was held from his late home, 22 Gurney street, Roxbury, at 9 A.M., Thursday, April 30, 1953, followed by services in the Mission Church, Tremont street, Roxbury, at 9.45 A.M.

The Acting Chief of Department made the customary detail to act as a funeral escort, and members of Ladder Company 26 were excused from duty in order to attend the services.

III. RETIREMENT.

The following retirement, in accordance with section 5 of chapter 658, Acts of 1945, as amended, is hereby announced, effective at 5 P.M., Thursday, April 30, 1953:

Interior Electrical Inspector Augustine C. Neville, Electrical Inspection Division.

Inspector Neville was appointed to the Electrical Inspection Division on July 20, 1906, and he leaves the department with the best wishes of his associates.

IV. FIRE ALARM BOXES INSTALLED.

The following fire alarm box, which was established in General Orders, No. 5, dated January 27, 1953, has been installed and connected into Circuit No. 91:

12-2166, Elm Hill Nursing Home, 237-241 Walnut avenue.

Company commanders will add the above box to Circuit Card No. 91.

The following fire alarm box which was established in General Orders, No. 16, dated April 14, 1953, has been installed and connected into Circuit No. 79:

12-3532, Frank Wood Convalescent Home, 1135 Morton street.

Company commanders will add the above box to Circuit Card No. 79.

V. APPRECIATION.

The Acting Fire Commissioner is pleased to acknowledge receipt of a letter from Mrs. Alice Goodman, enclosing a check in the amount of \$100, in appreciation of services rendered by members of the Fire Department on April 19, 1953, when Benny Goodman, nationally known orchestra leader, was suddenly taken ill while in Boston. The

check will be turned over to the Boston Firemen's Relief Fund.

VI. COMMENDATION.

Electrical Equipment Repairman Stephen A. Lydon of the Fire Alarm Division is hereby commended for sending in a still alarm for a fire on K street, South Boston, on April 22, 1953. Repairman Lydon held the fire in check and worked at the fire upon arrival of the apparatus.

By order of Acting Fire Commissioner
JOHN V. STAPLETON.

JAMES J. KANE,
Acting Chief of Department.

POLICE DEPARTMENT ORDERS.*General Order No. 1761.*

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Friday, May 1, 1953, at 7.45 o'clock A.M.:

Patrolman William E. Kennedy, Traffic Division, 31 years of service.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1762.

Acting under provisions of chapter 658, Acts of 1945, as amended (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, effective at the close of business Thursday, April 30, 1953.

In view of this operation of law, after April 30, 1953, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended:

Patrolman Thomas F. Hughes, Jr., Division 18.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

STREET REPAIRS APPROVED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published February 13, 14, 16, and 17, 1953, in the Boston *Herald* and Boston *Post*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Hyde Park avenue, Hyde Park district, between Pingree street and Dana avenue, consisting of the narrowing of the existing sidewalk on the westerly side, as shown on a plan marked "City of Boston, Hyde Park Avenue, March 9, 1953, James W.

Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published March 20, 21, 23, and 24, 1953, in the Boston *Herald* and Boston *Post*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Gillette park, South Boston district, between Dorchester avenue and A street, consisting of enlarging curb radii at the southeasterly corner of Dorchester avenue and the south-westerly corner of A street, as shown on a plan marked "City of Boston, Gillette Park, South Boston, March 20, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Voted, That the order of the Board of Street Commissioners of November 21, 1952, and approved by the Mayor on November 21, 1952, providing that specific repairs be made in Albany street, Boston Proper district, at the northeast corner of Dover street, by reducing the width of existing sidewalk corner, be, and the same hereby is, revoked.

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted to Rowe Contracting Company, 1500 Salem street, Malden, Mass., to prepare for public travel Brownson terrace, West Roxbury district, leading southerly from Allendale street and thence westerly, as shown on a plan by George C. Hallisey, surveyor, dated February 7, 1953, and on file in the office of this department.

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted to the Diabetes Foundation to prepare for public travel Austin street, Boston Proper district, from Brookline avenue to Pilgrim road, as shown on a plan by William S. Crocker, Civil Engineer, dated February 28, 1953, and on file in the office of this department.

Severally referred to the Committee on Confirmations.

VETO OF ORDER FOR ANNUAL VACATION FOR CERTAIN EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, April 15, 1953.
To the City Council,
Gentlemen:

I return herewith disapproved, and without prejudice, the order adopted by the City Council Body for acceptance of chapter 48B of the Acts of 1952.

This act provides that all employees who have worked continuously for five years but less than ten years shall be given a three weeks' vacation, and that all employees who have worked continuously for ten or more years shall be given a four weeks' vacation.

At the present time, by virtue of statute and order, employees who have served less than ten years but less than twenty years are given three weeks' vacation. Employees who have served twenty years or more are given four weeks' vacation. It is also provided by general laws that in the event a person's employment is terminated by reason of resignation, retirement, or death, and he has not received the two weeks' vacation under the law, the city is obligated to pay to the beneficiary an amount in cash equal to the vacation period. It is my opinion that the present vacation allowance granted to employees is as liberal as the City of Boston can afford. It must be kept in mind, in considering any further liberality of vacation allowances, that employees are now entitled to sick leave with pay, and it must also be kept in mind that the Commission on Civil Service Classification Plan, recently put in effect, is most liberal as far as wages and salaries are concerned.

I know of no large corporation in the City of Boston employing thousands of workers, which gives over three weeks' vacation to its employees; As a matter of fact, the larger corporations allow three weeks' vacation only after fifteen years of service.

The cost of broadening vacation periods for employees will result in additional expense for vacation substitutes in those departments which are required to operate for seven days each week. Departments such as the City Hospital and the Sanatorium Division of the City Hospital, the Long Island Hospital, and the Fire and Police Departments. In these departments it would be necessary to either employ additional permanent employees, or employ temporary workers, or provide overtime for present employees. A conservative estimate of the additional cost which would have to be borne by the city is \$50,000 to \$75,000 annually, if the legislation in question were approved.

The City of Boston is in no position to take on greater operating costs, in the absence of additions to meet such costs. The cost of maintaining our city is now the highest of any of the largest cities in our country, placing our city in an unenviable competitive position. Rather than an increase of operating costs the city is now bending its efforts toward a reduction of operating costs.

For these reasons, among others, I am withdrawing my approval of the order adopted by your Honorable Body.

Respectfully,
B. HYNES, Mayor.

The message and order were placed on file.

ARTIFICIAL WINTER SURFACING EQUIPMENT.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Recreation relative to your order of February 9, 1953, concerning the request that a survey be made of the advisability of using within the recreational program of the City of Boston, the artificial winter surfacing equipment now in use at the Commonwealth Country Club and elsewhere.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Recreation, April 16, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Pursuant to your communication bearing date of February 9, 1953, requesting that a survey be made of the advisability of using, within the recreational program of the City of Boston, the artificial winter surfacing equipment now in use at the Commonwealth Country Club and elsewhere, we respectfully report in answer thereto.

The Blizzard Snow System (a Larchmont product, Larchmont Farms, Lexington, Mass.) is designed to cover a ski area in the same manner as one would irrigate the area. It consists of two lines of tubing with special couplings up the side of the hill. These are called the main lines. From the main lines are lateral lines and across the slope. On the laterals are placed the rotating snow nozzles which produce and distribute the snow.

Since certain pressures have to be maintained and since each ski slope differs, it is necessary that a special survey be obtained. This will determine the cost of the installation.

As many improvements in the nozzles are being developed each year, the nozzles are not sold. They are leased at a reasonable price. At the end of each season all nozzles are returned to the company for reconditioning and servicing free of charge—the ski area to pay the transportation. This is done so that the system's operation will be efficient. The company also reserves the right to make improvements in the nozzles at no cost to the operators and deliver the improved nozzles.

A coloring injector may be purchased, at extra cost, and also the coloring ingredients.

Features of Snow-Making Mechanism.

Heater. Protects nozzles from freezing, complete within its own chamber.

Rotary Distributing Head. Gives uniform coverage; can be controlled from main line master valves for wet or dry snow.

Mixing Chamber. Speeds up moving of laterals.

Compressor. Each additional compressor increases the coverage.

All materials are light and durable—economizes labor operation; also non-rusting.

Guarantee.

The Larchmont Company guarantees that at 2" or under one line of five nozzles will cover 2,000 square feet of area with 1 inch of snow per hour.

Surveying Service.

The company offers surveying service by its corps of engineers for any group interested in the snow-making system. Charges for the survey will be deducted from price if machine is purchased.

Statistics.

Water pressure required at nozzles, 60-65 pounds per square inch.

Gallons required per nozzle, 7 gallons per minute.

Air requirements, 22 cubic feet per minute.

Air pressure, 100 pounds pressure per square inch.

Prices.

3-inch aluminum portable pipe, 80 cents per foot with coupler.

Laterals, \$1 per foot.

Hoses, 75 cents per foot.

Fuel, \$2.50 per hour for fuel to run compressor. 2,400 feet of 3-inch pipe, \$1,920; 500 feet of laterals, \$500; 500 feet of hose, \$375; wiring and miscellaneous, \$500—\$3,295.

25 nozzles per year, at \$625 per nozzle, \$3,250. Pump, \$1,000; compressor, \$15,000; generator, \$750—\$16,750. Grand total, \$30,670.

The above figures are the cost of minimum equipment. The equipment will carry snow over an area 200 feet by 100 feet. The machine is portable and may be moved from place to place to cover additional acreage.

Municipal Operating Personnel.

The following personnel would be necessary to operate the snow-making machine:

One man to operate the Diesel engine, two men to move the laterals.

Two men would be needed to operate the snow machine should be city personnel, as this is the cheapest method. The Larchmont Engineering Company will construct the personnel and operation of the equipment should it be purchased.

Cost of Rental.

Rental of 25 nozzles at \$25 each, \$625; rental of 2,400 feet main portable lines at \$4 per 20 feet, \$480; rental of five laterals at \$75 each, \$350; generator, \$200 per month for three months, \$600; pump, \$200 per month for three months, \$600; compressor, \$800 per month for three months, \$1,950—\$4,645.

There are many reasons why this Board thinks a snow machine should not be purchased by the City of Boston at this time.

1. The initial cost of the equipment and machinery is very high.

2. The labor to change areas and to run the machine is high.

3. The weather plays a very important part in the success of the machine. It is absolutely necessary that the temperature be below 27°. If the temperature is above 27° or even slightly lower and rising, the sprinklers will not disperse snow.

4. The air pressure and water pressure have to be exactly right or snow is not produced. Perfect operation is difficult.

5. The orifices, even with heaters, often freeze, thus causing delays, and snow production is lost.

6. The wind is an important factor, too. If too strong, it scatters the snow over the surrounding countryside and not over the desired slope.

7. The generator, when running, is noisy; and the local community may complain about the noise of the generator, particularly since the best time to use the machine is during the night when it is colder.

Recommendation.

The Board of Recreation does not recommend the purchase of a Blizzard Snow System by the City of Boston at the present time. The Board is mindful of the decline of coasting, even on natural areas. However, the Board does recommend that the Park Department rent a Blizzard Snow Machine for the 1953-54 winter season for demonstration in a popular location as a means of reviving healthful winter sports.

Yours respectfully,

LOUIS G. MAGLO, Chairman.

ACCEPTANCE OF GORDON AVENUE, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of November 10, 1952, concerning the request to accept and lay out Gordon avenue, Hyde Park, from No. 114 to end of street.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 22, 1953.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Reference is made to the following Council order dated November 10, 1952.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Gordon avenue, Hyde Park, from No. 114 to end of street.

In the opinion of this Board, the abutting property on said street is not sufficiently developed to justify the laying out and acceptance of same as a public way.

Very truly yours,

GERALD F. SCALLY, Chairman.

NAMING OF SQUARE IN HONOR OF JOHN F. RUSSO.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council,
Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners relative to your order of April 13, 1953, requesting to rescind order of March 30, 1953, and to name the square at the corner of Warren street and Walnut avenue, Roxbury, in honor of Lieut. John F. Russo.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 16, 1953.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am returning herewith Council order introduced by Councillor Ahearn to name the square at the corner of Warren street and Walnut avenue in honor of 1st Lieut. John F. Russo.

I regret to advise that this intersection has already been named Herbert Shaughnessy Square,

and therefore the Committee to Memorialize Veterans is unable to act in accordance with the Council's wishes.

The Committee will be glad to consider any other location that is not already named.

LAWRENCE W. COSTELLO, Secretary.

NAMING OF SQUARE IN HONOR OF GEORGE R. VISCONTE.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary of the Board of Street Commissioners relative to your order of December 8, 1932, requesting the naming of the square at the intersection of Porter and Chelsea streets, East Boston, in honor of S/Sgt. George R. Visconte.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners.

April 16, 1933.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith Council order introduced by Councillor Piemonte under date of December 8, 1932, requesting that the intersection of Porter and Chelsea streets, East Boston, be named in honor of S/Sgt. George R. Visconte.

In view of the fact that the old square is named in honor of Maurice Rines and that the new square, which came about by the construction of the express highway, is still under the jurisdiction of the state, the Committee to Memorialize Veterans is unable to act under the Council's order. It is believed, however, that eventually the area taken by the state for construction purposes will be turned back to the city, and at that time this committee will have jurisdiction to act in connection with the naming of the new square as proposed.

Very truly yours,

LAWRENCE W. COSTELLO, Secretary.

TRAFFIC LIGHTS AT BENNINGTON AND WORDSWORTH STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of the Boston Traffic Commission relative to your order of April 13, 1933, requesting the installation of signal lights at Bennington and Wordsworth streets, East Boston.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

April 15, 1933.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to a Council order requesting traffic lights at Bennington street and Wordsworth street, East Boston, I wish to report that our appropriation for traffic lights has already been committed to approximately 20 intersections.

In addition to these intersections we have another list of 20 which, by comparison, are in even greater need of traffic lights than the intersection above named.

With over 100 requests for traffic light installations on hand, we realize that we cannot accommodate everyone at once, and so we have set up a list based upon traffic counts, traffic volumes, and accident records, so that we may install lights where they are most needed, using whatever money is available.

It is our hope that we will have an appropriation this year which will permit us to make a large number of traffic light installations in 1934, it being realized that after an appropriation has been made it takes approximately one year to arrange contracts for underground work, Edison service, procurement of material, installation, and testing.

The intersection of Bennington and Wordsworth streets will be listed upon our schedule for consideration when an appropriation is made for additional traffic lights in the city. Accordingly, record has been made of this Council order and will become part of our permanent file.

Respectfully yours,

WM. ARTHUR RILEY, Commissioner.

ADDITIONAL STREET LIGHTING ON TRUMAN HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of March 23, 1933, concerning the request to arrange for additional street lighting on Truman Highway, especially in the vicinity of Fairmount avenue and Dana avenue, Hyde Park.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 16, 1933.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of March 23:

"Ordered, That the Commissioner of Public Works be requested, through his department, to promptly arrange for additional street lighting on Truman Highway, especially in the vicinity of Fairmount avenue and Dana avenue."

An immediate survey of the above-referenced section of Truman Highway will be undertaken, and arrangements will be made to have adequate street lighting facilities installed. Truman Highway, as you well know, is a state highway, but the State Department of Public Works does not control street lighting facilities. In view of the fact that the City of Boston will have to assume the charges involved in the maintenance and operation of the proposed new street lighting.

I trust that this improvement will be effected within the next few months.

Very truly yours,

GEORGE R. HYLAND,
Commissioner of Public Works.

RENAMING OF COLUMBUS STADIUM IN HONOR OF PAUL J. SAUNDERS.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of April 13, 1933, concerning the request to rename Columbus Stadium the Paul J. Saunders Stadium.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, April 15, 1933.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge receipt of a memo from your office with attached enclosure, City Council order requesting the naming of the stadium in Columbus Park after Paul J. Saunders, who lost his life in World War I.

This is to inform Councillors Foley and Kerrigan that we have received a request from the Saunders Post of the American Legion in South Boston for the naming of the stadium.

This matter will be taken up at a meeting of the Board of Park Commissioners to be held Friday, April 17.

Very truly yours,

SALE OF SURPLUS SAND, GRAVEL, ETC., BY PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works in which he calls attention to an order pending before your Honorable Body for sale of surplus sand and gravel to the Callahan Company, the high bidder. It is important to the high bidder for this surplus material that the contract be completed so that he may remove the material and dispose of it. I therefore respectfully request that your Honorable Body take action as promptly as possible on the aforementioned order.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Public Works Department,
April 24, 1933.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Under date of Monday, March 23, we submitted an order to the City Council authorizing the sale to the Charles Callahan Company—at the high bid

price of 17.7 cents per cubic yard—of surplus sand and gravel and other material located in the city-owned land northwest of Gardner street, West Roxbury. No action has been taken by the City Council on this order up to the present time.

I would appreciate it, therefore, if you would request the President of the Council to place this order before the members next Monday, in order that we will get affirmative or other action.

Respectfully yours,

GEORGE C. HYLAND,
Commissioner of Public Works.

Referred to the Executive Committee.

RETIREMENT OF CERTAIN TRAFFIC TUNNEL BONDS.

The following was received:

City of Boston,

Office of the Mayor, April 27, 1933.

To the City Council.

Gentlemen:

On October 1, 1933, the City of Boston issued under St. 1932, c. 287, as amended by St. 1933, c. 287, in connection with the construction of the Summer Traffic Tunnel, bonds aggregating \$2,000,000 and bearing interest at the rate of 4 1/2 per cent per annum. These bonds were five-year bonds, but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on October 1, 1935. There are now funds in the hands of the Board of Commissioners of Sinking Funds sufficient for the retirement and cancellation of these bonds on October 1, 1935. It is recommended herewith is an order calling these bonds for such retirement and cancellation. I recommend its immediate adoption.

Respectfully,

J. B. HYNES, Mayor.

Whereas, Under date of October 1, 1933, the City of Boston issued, under St. 1932, c. 287, as amended by St. 1933, c. 287, Traffic Tunnel Bonds, City of Boston, Act of 1929, in the aggregate principal amount of \$2,000,000, bearing interest at the rate of 4 1/2 per cent per annum payable semi-annually on April 1 and October 1 of each year, which bonds are due October 1, 1935, with an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and

Whereas, St. 1945, c. 361, s. 3, provides that if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall call, retire, and cancel, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4 1/2 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated October 1, 1933, and due October 1, 1935, be, and hereby is, called for retirement and cancellation on October 1, 1933; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of August, 1933, by causing a notice of call to be printed once in each of three successive weeks in (1) two financial publications of national circulation, (2) a newspaper of general circulation published in Chicago, Illinois, (3) a newspaper of general circulation published in Detroit, Michigan, (4) a newspaper of general circulation published in New York, New York, and (5) to cause one newspaper of general circulation published in Boston, Mass., and by such other and further means as may, in his discretion, be deemed appropriate; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

CITY OF BOSTON
IN THE
COMMONWEALTH OF MASSACHUSETTS,
NOTICE OF CALL OF BONDS FOR RETIREMENT AND
CANCELLATION.

To Holders of 4 1/2 Per Cent Traffic Tunnel Bonds,
City of Boston, Act of 1929, Dated October 1,
1933, and Due October 1, 1935.

Notice is hereby given that all outstanding 4 1/2 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated October 1, 1933, and due October 1, 1935, have been called for retirement and cancellation on October 1, 1933, on which date interest on such bonds will cease.

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to October 1, 1933, will be made by the City of Boston on and after October 1, 1933, upon surrender of the bond (with, in the case of a coupon bond, the April 1, 1934, and subsequent coupons and the coupons for any accumulated unpaid interest) at the office of the City Treasurer, City Hall, Boston, Mass. Coupons maturing on or before October 1, 1933, may, at the option of the holder, be detached and collected in the usual manner.

CITY TREASURER OF THE CITY OF BOSTON,
August, 1933.

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council.
Gentlemen:
On October 1, 1933, the City of Boston issued under St. 1929, c. 297, as amended by St. 1932, c. 297, in connection with the construction of the Summer Traffic Tunnel, bonds aggregating \$2,000,000 and bearing interest at the rate of 4 1/2 per cent per annum. These bonds are 50-year bonds, but, fortunately, they contain an express provision for call, retirement, and cancellation by the City on October 1, 1953. There are now funds in the hands of the Board of Commissioners of Sinking Funds sufficient for the retirement and cancellation of these bonds on October 1, 1953. Transmitted herewith is an order calling these bonds for such retirement and cancellation. I recommend its immediate adoption.
Respectfully,
J. B. HYNES, Mayor.

Whereas, Under date of October 1, 1933, the City of Boston issued, under St. 1929, c. 297, as amended by St. 1932, c. 297, Traffic Tunnel Bonds, City of Boston, Act of 1929, Series B, in the aggregate principal amount of \$2,000,000, bearing interest at the rate of 4 1/2 per cent per annum, payable semiannually on April 1 and October 1 of each year, which bonds are due October 1, 1953, and which contain an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and Whereas, St. 1932, c. 297, as amended by St. 1932, c. 297, provides that the City of Boston, Act of 1945, are issued under said chapter 361, the city shall, retire, and, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, Series B, in accordance with their terms; and Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby
Ordered, That the aforesaid issue of 4 1/2 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, Series B, dated October 1, 1933, and due October 1, 1953, be, and hereby is, called for retirement and cancellation on October 1, 1953; and it is hereby further
Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of August, 1953, by causing a notice of call to be printed once in each of three successive weeks in (1) two financial publications of national circulation, (2) a newspaper of general circulation published in Chicago, (3) a newspaper of general circulation published in New York, New York, and (5) a newspaper of general circulation published in Boston, Mass., and by such other and further means, if any, as said City Treasurer may deem appropriate, and it is hereby further
Ordered, That the aforesaid notice of call shall be in substantially the following form:

CITY OF BOSTON

NOTICE OF CALL OF BONDS FOR
RETIREMENT AND CANCELLATION.
To Holders of 4 1/2 Per Cent Traffic Tunnel Bonds,
City of Boston, Act of 1929, Series B, Dated
October 1, 1933, and Others Concerned.
Notice is hereby given that all outstanding 4 1/2 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, Series B, dated October 1, 1933, and due October 1, 1953, have been called for retirement and cancellation on October 1, 1953, on which date interest on such bonds will cease.
Payment of the face amount of each of said bonds with any accumulated unpaid interest to October 1, 1953, will be made by the City of Boston and after October 1, 1953, upon surrender of the bonds (with or without the coupons of the bond, the April 1, 1954, and subsequent coupons and the coupons for any accumulated unpaid interest) at the office of the City Treasurer, City Hall, Boston, Mass. Coupons maturing on or before October 1, 1953, may, at the option of the holder, be detached and collected in the usual manner.
CITY TREASURER OF THE CITY OF BOSTON,
August, 1953.

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council.
Gentlemen:
On December 1, 1933, the City of Boston issued under St. 1929, c. 297, as amended by St. 1932, c. 287, in connection with the construction of the Summer Traffic Tunnel, bonds aggregating \$200,000 and bearing interest at the rate of 4 1/2 per cent per annum. These bonds were 50-year bonds, but, fortunately, they contain an express provision for call, retirement, and cancellation by the City on December 1, 1953. Whereas, Under date of December 1, 1933, the City of Boston issued, under St. 1929, c. 297, as amended by St. 1932, c. 287, Traffic Tunnel Bonds, City of Boston, Act of 1929, in the aggregate principal amount of \$200,000, bearing interest at the rate of 4 1/2 per cent per annum, payable semiannually on June 1 and December 1 of each year, which bonds are due December 1, 1953, with an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and

Whereas, St. 1945, c. 361, s. 3, provides that if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall, retire, and, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4 1/2 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated December 1, 1933, and due December 1, 1953, be, and hereby is, called for retirement and cancellation on December 1, 1953; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of October, 1953, in both of the following ways: (a) by causing a notice of call to be printed once in a newspaper of general circulation published in the City of Boston, and (b) by mailing such a notice to the registered holders of record of said bonds at their most recent addresses on file with the city; and it is hereby further
Ordered, That the aforesaid notice of call shall be in substantially the following form:

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to December 1, 1953, will be made by the City of Boston and after December 1, 1953, upon presentation of the bond at the office of the City Treasurer, City Hall, Boston, Mass.

CITY TREASURER OF THE CITY OF BOSTON,
October, 1953.

Severally referred to the Executive Committee.

APPROPRIATION FOR LIBRARY DEPARTMENT.

The following was received:
City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council.
Gentlemen:

The Trustees of the Boston Public Library have approved a Compensation Plan for library employees which is similar to the Compensation Plan adopted last year by city employees.
The public library employees were excluded from the survey conducted by the Jacobs Company. As a result, no increase in pay has been granted in the Library Department since the last general flat increase of \$260 granted to all city employees in June of 1951.

New salary and wage scales have now been adopted by the Library Trustees to be effective April 1, 1953, as follows:
1. For all printers and binders—the establishment of scales in conformity with the union scales already put into effect in the City Printing Department in March and September, 1952.

2. For clerical and mechanical workers—the establishment of scales in conformity with those put into effect in other City of Boston workers as of April 1, 1952;

3. For library workers—the establishment of scales in conformity with the scales in effect in other similar public libraries.

In order to make effective the above salary and wage schedules, it has been estimated that the sum of \$175,000 will be required.

I am therefore forwarding herewith a supplementary appropriation order in the sum of \$175,000 for this purpose and request early consideration and passage of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the sum of one hundred and seventy-five thousand dollars be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and rates of the City of Boston, and that all orders hereinafter or heretofore passed by the City

Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:
City of Boston,
Office of the Mayor, April 16, 1953.
To the City Council,
Gentlemen:

I am in receipt of the attaché 1 communication from the Board of Park Commissioners, requesting the appropriation of \$48,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1953.

The 1953 budget estimates of the personal service requirements of the Park Department include an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying cost of work actually performed on the Common and Parks in Existence on January 12, 1953.

I now submit herewith an order appropriating the sum of \$48,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 15, 1953.
Hon. John P. Tracy,
Mayor of Boston.

Dear Sir:
By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$48,000 to be expended under the direction of the Board of Park Commissioners as follows: Common and Parks in Existence on January 12, 1953, Maintenance and Improvement of \$48,000.

When making up the budget estimates for the year 1953, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1953, to be transferred as it accrued, from time to time, during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of forty-eight thousand dollars (\$48,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1953, as follows:
Common and Parks in Existence on January 12, 1953, Maintenance and Improvement of..... \$48,000

APPROPRIATION FOR SCHOOL PURPOSES.

The following was received:
City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council.
Gentlemen:

Under existing law, the appropriating power of the School Committee for the current fiscal year is limited to the sum of \$22,820,086.49. This amount is, roughly, \$1,700,000 less than the actual expenditures of the School Department in 1952. Because of this situation, the School Committee of 1952, after study of the over-all budget estimates of the School Committee for 1953, I feel that the additional appropriation desired is reasonable and should be voted. The major increases reflected in the 1953 School budget are as follows:

Cost in 1953 of salary increases granted Sept. 1, 1952.....	\$390,000
Salary increases proposed as of Sept. 1, 1953.....	261,000
Increase in pensions.....	90,000
Increased fuel oil costs.....	25,000
Workmen's compensation.....	14,000
Institution of pupils' view of Museum of Science.....	8,300

These increases have been offset, in part, by the following reductions or savings over 1952 operations:

Reduction in appropriation for new books	\$290,000
Closing of Teachers' College	159,000
Curtailment of playground activities	62,000
Reduction in School lunches appropriations	54,000

While the allowance of the additional amount required will mean that the total of School appropriations for 1953 will represent an increase of \$202,333 over actual expenditures in 1952, it should be pointed out, I believe, that this year's appropriation figure for general school purposes is \$135,036.26 below appropriations voted for similar purposes in 1951. I submit herewith an appropriation order providing for the additional sum required by the School Committee and respectfully recommend its adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for school purposes in addition to appropriations previously voted by the School Committee, said sums to be levied by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

Administration	\$175,000.00
Instruction	899,065.55
Auxiliary Services	540,000.00
Operation of Plant	430,000.00
Fixed Charges	75,000.00
	<u>\$1,949,065.55</u>

Referred to the Committee on Appropriations and Finance.

LOAN ORDERS FOR CONSTRUCTION OF BUILDINGS, PUBLIC WAYS, AND SEWERS.

The following was received:

City of Boston,
Office of the Mayor, April 16, 1953.
To the City Council.
Gentlemen:

I submit herewith four financial orders which constitute the capital budget of the city for the current fiscal year. In the making of these orders, I have endeavored to conform with the capital improvement program for 1953 outlined in the report of the City Planning Board, dated and approved January 22, 1953. The orders total \$6,772,500, distributed as follows:

Loan Appropriations:	
Construction of Buildings	\$3,300,000
Public Ways, Construction	
Requirements of section 7 of chapter 44 of the General Laws (3 at \$157,500)	472,500
Construction of Sewers	1,000,000
	<u>\$6,772,500</u>

The purposes for which these appropriations are intended are as follows:

Construction of Buildings.

It is proposed to utilize the appropriation recommended under this heading for three projects:

1. Development of plans for the construction of a 500-bed chronic hospital at Long Island, \$3,300,000.

2. Construction of a new branch library in South Boston, \$250,000.

3. Construction of an incinerator building in the South Bay area, \$2,700,000.

The greatest current medical need of the city is for a new chronic disease hospital. The Institutions Department now has a waiting list of patients who cannot be accommodated at the Long Island Hospital because of lack of beds. This list will grow significantly when many convalescent homes which do not meet minimum building and health requirements are closed in the near future. Furthermore, a new hospital will allow the transfer of at least two hundred and fifty chronically ill patients from the City Hospital, releasing beds for more acutely ill patients. It will require several months to prepare the plans for this proposed hospital with actual construction to follow in 1954 and 1955. Under existing costs, it is estimated that the proposed structure will require an overall expenditure of approximately \$2,340,000.

At the present time, the Library Department maintains admittedly small and inadequate library facilities in three locations. One location, the second floor of a municipal building, another is in rented quarters in a store, and a third in the basement of a housing project. The creation of a central and commodious branch library would permit the closing of at least two of these inadequate facilities and would permit making available the type of library service to which the district is entitled.

The need for refuse disposal incinerators in and around Boston has been well established by the studies made under the authority of the provisions of the Acts of 1952, the Metropolitan District Commission is authorized to build incinerators at various locations in and around Boston upon the approval of the municipalities involved. One of the proposed structures is to be located in the South Bay area. Since this facility will be used primarily by the City of Boston, it is believed that it will be for the best financial interests of the city to construct this incinerator and keep operation, maintenance and control on a local level.

Construction of Public Ways.

At the present time, there is an unencumbered balance of approximately \$300,000 in the street from previous years' appropriations for highway construction. It is the intention of the Commissioner of Public Works to undertake another major Chapter 90 program this year in addition to the normal street construction and reconstruction program involving secondary and residential streets. To permit the carryover of the program, an appropriation of two million dollars should be provided.

Construction of Sewers.

At the present time, the Public Works Department has an unencumbered balance of approximately \$275,000 in the appropriation for the construction of sewers. It is planned to award at the earliest possible date a contract for the construction of a concrete conduit to replace the open brook course known as Stony Brook. This project will cost in excess of four hundred thousand dollars and, therefore, cannot be carried over such time as an additional appropriation is made available. In addition to this project, it is anticipated that approximately seven hundred thousand dollars will be required during the current year for the construction of sewerage facilities in the Westside market area. (See Supplemental report for the construction of a conduit to replace sections of Bussey Brook and for the construction of sewerage facilities in new streets. To permit the carrying out of the overall program, an appropriation of one million dollars is deemed necessary.

In addition to the projects herein specifically discussed, there are also to be considered by your Honorable Body the item of new school buildings. I have already indicated to you that the School Committee has presented me with a program involving an appropriation in the current year of five million dollars, and that I am agreeable to the initiation of the necessary loan order in this amount by your Honorable Body.

This capital improvement program includes practically all of the projects discussed in the City Planning Board's report. I feel that the loan order now exists for the carrying out of these projects and, therefore, respectfully recommend adoption by your Honorable Body of all the necessary financial orders.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 7 of chapter 44 of the General Laws, the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated, for the purposes heretofore specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

Construction of Buildings	\$157,500
Public Ways, Construction of	127,500
Construction of Sewers	157,500

\$472,500

Ordered, That under the provisions of clause 3 of section 7 of chapter 44 of the General Laws, the sum of two million dollars (\$2,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of public ways or permanent sewers, and that to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, the sum of two million dollars (\$2,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of sewers for sanitary and storm water purposes, and for the construction, disposal, and that to meet said appropriation the City Treasurer be authorized to issue, from time

Ordered, That under the provisions of clause 1 of section 7 of chapter 44 of the General Laws, the sum of one million dollars (\$1,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of sewers for sanitary and storm water purposes, and for the construction, disposal, and that to meet said appropriation the City Treasurer be authorized to issue, from time

to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount. Severally and jointly, the Mayor and the Commissioner of Public Works, on behalf of the Committee on Appropriations and Finance.

APPROPRIATION FOR SEWERAGE WORKS.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1953.
To the City Council.
Gentlemen:

The loan budget submitted to your Honorable Body this day, contains an appropriation for \$157,500 for sewerage works. This is the so-called down payment which must be appropriated to run with the loan.

The attached communication from the Commissioner of Public Works explains the necessity for going forward as quickly as possible with a contract for sewerage works for Stony Brook. There is insufficient money available at the present time to begin this work.

The Commissioner of Public Works requests that the \$157,500 for sewerage works be approved by your Honorable Body at today's meeting if such is possible. I respectfully request that consideration be given to this matter.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 24, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Under date of April 10 I wrote to you concerning the advisability of providing a sewerage works loan in the current portion of \$1,050,000 during the current year. I also called to the attention of your Honor a contract for Stony Brook in the amount of \$412,000 that could not be encumbered until additional money was made available.

If the so-called down payment of \$157,500 is appropriated by the City Council on next Monday, April 27, and included in the Sewer Division budget, we shall have sufficient money to encumber the above-referenced contract, and the construction work could be started within the next week or ten days.

I would appreciate it, therefore, if you would make arrangements with the Budget Commissioner and the City Auditor to forward a request to the Council appropriating the down payment of \$157,500 which is needed before action can be taken on the so-called sewerage works loan.

Respectfully yours,

GEORGE C. HYLAND,

Commissioner of Public Works,
Referred to the Committee on Appropriations and Finance.

SALE OF CITY-OWNED LAND IN SQUANTUM TO THE CITY OF QUINCY.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1953.
To the Honorable City Council.
Gentlemen:

Chapter 174 of the Acts of 1953 provides that the City of Boston may sell to the City of Quincy for park and playground purposes any part or parts of the whole of the land in the Squantum district of the City of Quincy held by the City of Boston for sewerage purposes, and that the City of Quincy is authorized to sell to the City of Boston a sum not exceeding \$25,000 for the land.

The Commissioner of Public Works has determined that certain portions of the city-owned land at Squantum, viz., Parcel A, Parcel B, Parcel C, and Parcel D on a plan dated November 26, 1952, are no longer required for the City of Boston for sewerage purposes, and I therefore recommend the adoption of the accompanying order authorizing the sale of said parcels to the City of Quincy for the sum of \$25,000.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 27, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Honorable City Council.

At the present time, the department owns approximately 630,000 square feet of land in the City of Quincy, in the section known as Squantum Head.

This land was acquired many years ago in connection with the operation of the sewerage works and the sewerage works at Stony Brook. The city-owned land located in the area known as Squantum Head has been used by the City of Quincy over the years as a recreation and picnic spot. It is of no use to this department, except those areas that are necessary for the department to retain in connection with the maintenance of our sewerage structures.

For some time, the City of Quincy has been anxious to acquire this land, and chapter 174 of

the Acts of 1933 provides that Quincy may purchase any part or parts of the land to be used for park and playground purposes at a sum not exceeding \$25,000. I feel that it would be advantageous both to the City of Quincy and the City of Boston, to convey said land to Quincy, less the area to be used for sewerage purposes and less the area to be used as a highway connecting Dorchester street—a public way in Squantum—with the causeway that extends from Squantum Head to Moon Island and thence to the Long Island Bridge. These areas are shown on a plan which was prepared by the Board of Street Commissioners.

At the present time, we are paying to the City of Quincy approximately \$300 a year for taxes on the land. As stated, I feel that it is in the best interests of all concerned to arrange for the purchase of this land by the City of Quincy as long as the City of Boston retains the rights described.

The areas that I have referred to as being no longer needed by the City of Boston are indicated as Parcels A, B, C and D on the above-referenced plan, that was prepared by the Street Commissioners, and which is dated November 26, 1932. I therefore recommend the adoption of the accompanying order authorizing the sale of said parcels to the City of Quincy, for the sum of \$25,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, Chapter 174 of the Acts of 1933 provides as follows:

"SECTION 1. Notwithstanding any contrary provision of general or special law, the city of Boston, by its mayor, when authorized by its city council in accordance with the charter of said city, may sell to the city of Quincy for park and playground purposes any part or parts of the whole of the land owned by the city of Boston and situated in the Squantum district of the city of Quincy, and notwithstanding any contrary provision of general or special law, the city of Quincy is hereby authorized to pay to the city of Boston a sum not exceeding twenty-five thousand dollars for such conveyance."

SECTION 2. The mayor of the city of Boston, in the name and on behalf of said city, is authorized to execute and deliver any instrument necessary to convey any land sold under authority of this act.

SECTION 3. This act shall take effect upon its passage; and

Whereas, The Commissioner of Public Works of the City of Boston has determined that certain parcels of land hereinafter described, to-wit: Parcels C, and Parcel D, on a plan hereinafter described, may be sold to the City of Quincy pursuant to said act, now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to sell to the City of Quincy at private sale for park and playground purposes for the sum of twenty-five thousand (\$25,000) dollars and to execute and deliver to the City of Quincy in the name and behalf of the City of Boston an instrument in writing, in conformity or form to the Corporation Counsel of the City of Boston conveying to the City of Quincy for park and playground purposes all of the City of Boston's right, title and interest in and to the parcels of land located at Squantum Head in the City of Quincy, County of Norfolk, bounded and described as follows:

Parcel A.

0.39 acres of upland and 0.18 acres of beach shown as Parcel A on a plan hereinafter described.

Parcel B.

1.19 acres of upland and 0.2 acres of beach shown as Parcel B on a plan hereinafter described.

Parcel C.

11.42 acres of upland and 2.5 acres of beach shown as Parcel C on a plan hereinafter described.

Parcel D.

1.33 acres of upland and 0.05 acres of beach shown as Parcel D on a plan hereinafter described.

The above-described parcels of land are shown on a plan marked "City of Quincy, County of Norfolk, Head, Quincy, Mass., November 26, 1932, Walter L. Ruby, Acting, Chief Engineer, Street Laying-Out Department."

TRANSFER OF CERTAIN LANDS IN DORCHESTER AND SOUTH BOSTON.

The following was received:

City of Boston,

Office of the Mayor, April 27, 1933.
To the Honorable City Council.

I transmit herewith an order transferring certain lands at Centre street, Dorchester; Boston and Bellflower streets, Dorchester and South Boston; and West First street, South Boston, from the care, custody, control and management of the Public Works Department to the care, custody, control and management of the Chairman, Board of Real Estate Commissioners, which lands the Commissioner of Public Works has determined are no longer required for public purposes, and which, approximately 4,145 square feet of land at Freepoint street, Dorchester, from the care, custody, control

and management of the Board of Street Commissioners to the care, custody, control and management of the Chairman, Board of Real Estate Commissioners, which land the Board of Street Commissioners has determined is no longer required for public purposes.

Respectfully,

J. B. Hynes, Mayor.

City of Boston,

Public Works Department,

April 27, 1933.

Hon. John B. Hynes,

Mayor of Boston.

Honorable City Council.

This department has in its custody the following parcels of land which are no longer required for public purposes and which I recommend be transferred to the custody of the Board of Real Estate Commissioners for lease or sale at public auction:

1. 140-150 Centre street, Dorchester.
2. Approximately 92,197 square feet of land at Boston street and Bellflower street, Dorchester and South Boston districts.
3. 212, 214, 176, 178, 175-179 West First street, South Boston.

Respectfully,

GEORGE G. HYLAND, Commissioner.

Whereas, The City of Boston is the owner in fee of certain parcels of land hereinafter described; and

Whereas, Said parcels of land are no longer required for public purposes; now, therefore, it is hereby

Ordered, That the following parcels of land be, and the same hereby are, transferred to the care, custody, management and control of the Chairman, Board of Real Estate Commissioners:

Parcel 1.

Land at the rear of 140-150 Centre street, Dorchester, as follows:

About seventy-two hundred seventy-one (7,271) square feet of land lying in the rear from the north-easterly side of Centre street, adjoining estate now or formerly of John H. McDermott, being lot two (2), S. A. Kaufman Plan, dated May 1928, entered in the Suffolk Registry District of the Land Court, certificate number 23596. Said land is situated in block 116-D of the said register, shown in the Boston assessors' books of plans of said city, filed in the Suffolk Registry of Deeds. Deed was dated September 22, 1930, and registered on September 22, 1930, as docket number 101021, with certificate number 23596, in the Suffolk Registry District of the Land Court.

Parcel 7.

About four thousand one hundred forty-five (4,145) square feet of land on the northeasterly side of Freepoint street, bounded and described as follows:

Southeasterly by Freepoint street, by two measurements of one hundred and thirty-two (130.99) feet and sixteen and 62-100 (16.62) feet; northerly and northeasterly by Pope's Hill street, as it is stated prior to the order of the Board of Street Commissioners dated August 4, 1932, three (3) dimensions, forty-four and 57-100 (44.57) feet, fifty-three and 27-100 (53.27) feet, and thirty-one and 29-100 (30.29) feet; southerly by Freepoint street, as it existed prior to said order of the Board of Street Commissioners, forty and 78-100 (40.78) feet.

The above-described parcel of land is shown on a plan marked "City of Boston, Freepoint Street, Dorchester, February 12, 1933, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

SALE OF LAND TO TRUSTEES OF BOSTON COLLEGE.

The following was received:

City of Boston,

Office of the Mayor, April 27, 1933.

To the Honorable City Council.

Gentlemen:

I transmit herewith communication received from Frank R. Kelley, Chairman, Board of Park Commissioners, relative to a proposed sale of 156,575 square feet of land, bounded by Chestnut Hill Drive in the Brighton district to the Trustees of Boston College for a minimum price of \$28,000. The land is located near the Boston-Newton line and is adjacent to Boston College properties.

Since the Board of Park Commissioners has determined that the land is no longer required for park purposes, I submit herewith an order whereby the City of Boston may sell this land to the Trustees of Boston College for the minimum price of \$28,000 subject to an easement for water purposes. The reservation of the easement is necessary at the present time since a water line runs through the premises to Evergreen Cemetery, which is also in the control of the Board of Park Commissioners.

Respectfully,

J. B. Hynes, Mayor.

City of Boston,

Park Department, April 27, 1933.

Hon. John B. Hynes,

Mayor of Boston.

Honorable City Council.

Gentlemen:

Representatives of Boston College have been in communication with this department for some time relative to acquiring 5.5 portions of Chestnut Hill park, at Commonwealth avenue, and Chestnut Hill Drive as a site for the Boston College Law School.

At a meeting of the Board of Park Commissioners held at this office on April 17, 1933, the following vote was taken: To communicate the contents of this vote to the Mayor and City Council.

"That 156,575 square feet of land at Commonwealth avenue and Chestnut Hill Drive, shown on a plan hereinafter referred to, is no longer required for park purposes, and that the Board would look with favor to it being sold to Trustees of Boston College at a price of not less than \$28,000 subject to an easement for water purposes, said lot of land together with the easement being shown on a plan marked "City of Boston, Chestnut Hill Drive, Commonwealth Avenue, Brighton, December 1, 1932, James W. Haley, Chief Engineer, Street Laying-Out Department", and that the Chairman be authorized and directed to communicate the contents of this vote to the Mayor and City Council."

In accordance with the direction contained in said vote, I refer this matter to you for appropriate action.

Respectfully,

FRANK R. KELLEY,
Chairman, Board of Park Commissioners.

Whereas, The City of Boston is the owner in fee of a certain parcel of land containing approximately one hundred fifty-six thousand five hundred seventy-five (156,575) square feet of land situated at Commonwealth avenue and Chestnut Hill Drive, Brighton district of the City of Boston;

Whereas, The Board of Park Commissioners of the City of Boston has determined that the said parcel of land is no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston, he, and he hereby is, authorized to sell the following-described parcel of land at private sale to the Trustees of Boston College for a minimum price of twenty-eight thousand dollars (\$28,000) and that the Mayor of the City of Boston, he, and he hereby is, authorized to execute and deliver to the Trustees of Boston College an instrument satisfactory in and to the Corporation Counsel of the City of Boston conveying the City of Boston's right, title and interest in and to the following-described parcel of land:

A certain parcel of land situated on the southerly side of Commonwealth avenue, bounded and described as follows:

Northerly by Commonwealth avenue, four hundred two and no-100 (402.00) feet; westerly by Chestnut Hill Drive, two hundred eighteen and no-100 (218.00) feet; southerly by Chestnut Hill Drive, three (3) dimensions, one hundred twenty and 65-100 (120.65) feet, one hundred forty-three and 50-100 (143.50) feet, and one hundred seventy-four and 44-100 (174.44) feet; southerly by land of the City of Boston (Chestnut Hill Park), eighty-three and 27-100 (83.27) feet; easterly by land of the City of Boston (Chestnut Hill Park) four hundred seventy-eight and 65-100 (478.65) feet.

Subject to and reserving to the City of Boston the right to maintain, operate, repair and renew a certain water system in a strip of land four (4) feet in width. Said parcel of land and said four (4) feet strip reserved for water purposes are shown on a plan marked "City of Boston, Chestnut Hill Drive, Commonwealth Avenue, Brighton, December 1, 1952, James W. Haley, Chief Engineer, Street Laying-Out Department."

COUN. HURLEY moved suspension of the rules and that the order be given its first reading and passage. The motion to suspend the rules was carried and the order was given its first reading and passage, yeas 6, nays 0.

Yeas—Councillors Ahern, Foley, Haller, Hurley, Piemonte, White—6.

On motion of Councillor Hurley the order was referred to the Committee on Public Lands.

ADDITIONAL INFORMATION FROM BOARD OF REAL ESTATE COMMISSIONERS.

The following was received:

City of Boston,
To the Mayor, April 27, 1953.
To the City Council.

Gentlemen:
I transmit herewith additional information from the Chairman of the Board of Real Estate Commissioners in conformity with the order adopted by your Honorable Body on March 30, 1953.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
April 27, 1953.

Hon. John B. Hynes,
Dear Mr. Mayor:

I enclose herewith further information, in accordance with the request of your Honorable City Council.

The staff of the Board of Real Estate Commissioners are still working on the completion of the information requested, and as they complete each portion of the work I shall continue to forward same to your office.

Very truly yours,
HERMAN CARP, Chairman.

(Annexed herewith are lists submitted by the Board of Real Estate Commissioners of occupants in city-owned properties from October 31, 1950, to December 31, 1950, and from January 1, 1951, to December 31, 1951.)

Referred to the Executive Committee.

CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

The following was received:

City of Boston,
To the City Council.

Gentlemen:
Forwarded to you herewith are (1) a self-explanatory communication received by me this day from the Commissioner of Public Works concerning certain proposed contracts for the collection and removal of refuse; and (2) an order approving said contracts, which I recommend that your Honorable Body adopt after holding the public hearing pre-

scribed by law, of which hearing at least seven days' notice must be given in the City Record. See St. 1909, c. 486, s. 4.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 27, 1953.

Hon. John B. Hynes,
Dear Mr. Mayor:

Under date of March 25 your Honor approved the awarding of two-month contracts, effective April 1, 1953, to certain designated contractors for collecting and removing garbage and refuse, pending the approval of the City Council to the award of contracts in excess of one year to those contractors to whom the above-referenced short-term contracts were awarded.

I have been informed by the Law Department that on contract in excess of one-year period it will be necessary—before obtaining the approval of the City Council—for the contracts to be awarded to the contractors and the undersigned. I have followed the suggested procedure, and I submit herewith two copies of each executed contract document.

You will note that the DeMatteo Construction Company (closed trucks), on March 1, 1953, to March 31, 1953, \$3,953 a month. District 7B, H. H. H. DeMatteo Construction Company (closed trucks), from June 1, 1953, to March 31, 1953, \$6,729 a month.

District 7D, Roxbury, M. DeMatteo Construction Company (closed trucks), from June 1, 1953, to March 31, 1953, \$9,980 a month.

District 9A, Back Bay, Dooley Brothers, Inc. (closed trucks), from June 1, 1953, to March 31, 1953, \$4,572 a month.

District 10, North and West Ends, Ward General Contracting Company (closed trucks), from June 1, 1953, to March 31, 1953, \$14,300 a month. If contracts were awarded in the above-referenced five districts on the basis of the low bid prices submitted for one-year periods, the annual cost would be \$24,612 in excess of the cost of contracts awarded for periods in excess of one year. For this reason it is recommended that the annual contracts for the longer periods and to obtain the necessary Council approval thereto.

The contracts specify that the contractors have until October 1 provide all all-steel enclosed bodies. During the period that a contractor does not provide these bodies, he is paid on the basis of the bids submitted for the collection of refuse of the type of refuse collection body. In all cases, the contractors furnished the same bid or a lower bid for the collection of refuse, conventional or otherwise, excepting of the bid submitted in District 10, North and West Ends. In this district, the Ward General Contracting Company furnished a low bid of \$14,300 per month for the furnishing of enclosed bodies, and a bid of \$14,995 for furnishing open-top trucks. However, the contractor has agreed to a price of \$14,300 per month for open-top trucks, which eliminates the minor inconsistency in the bid.

You will note that the above-referenced contracts are so recommended for award on the basis of the contractors furnishing the all-steel enclosed type of refuse collection body, which, in my opinion, is far superior to the outmoded, open-top trucks. Eventually we hope to have the closed bodies used in all sections of the city.

I wish to call to your attention that the above-referenced five prices providing for closed trucks will cost \$11,088 more per year than if contracts for similar periods were awarded for the furnishing of open-top trucks. It is felt, however, that the additional expense of providing the closed trucks is justified, in view of the benefits that should accrue to the city by modernizing our refuse collection equipment.

I respectfully recommend, therefore, that the attached orders, providing for the awarding of the above-referenced contracts, be forwarded to the City Council for the approval of that Body.

Respectfully yours,
GEORGE G. ILYAND,
Commissioner of Public Works.

Ordered, That contracts made by the Commissioner of Public Works in the name and behalf of the City of Boston for the collection and removal of refuse be, and he hereby are, approved under St. 1909, c. 486, s. 4, as follows:

1. Contract and amendment thereto with Milano Brothers, Inc. for the collection and removal of refuse from District 3 (Charlestown), so called, during the 2-year 10-month period beginning June 1, 1953, and ending March 31, 1956.

2. Contract with M. DeMatteo Construction Company for the collection and removal of refuse from District 7B (Dudley), so called, during the one-year 10-month period beginning June 1, 1953, and ending March 31, 1953.

3. Contract with M. DeMatteo Construction Company for the collection and removal of refuse from District 7D (Roxbury), so called, during the 1-year 10-month period beginning June 1, 1953, and ending March 31, 1955.

4. Contract and amendment thereto with Dooley Brothers, Inc. for the collection and removal of refuse from District 9A (Back Bay) So

called, during the 1-year 10-month period beginning June 1, 1953, and ending March 31, 1955.

5. Contract and amendment thereto with Ward General Contracting Company for the collection and removal of refuse from District 10 (North and West Ends), so called, during the 2-year 10-month period beginning June 1, 1953, and ending March 31, 1956.

Referred to the Executive Committee.

REPORT OF FINANCE COMMISSION
RE SALE OF LAND AND BUILDINGS
IN EAST BOSTON.

The following was received:
 The Finance Commission of the City of Boston, April 17, 1953.

To the Honorable the Mayor and City Council.
 The Finance Commission desires to place on the public record the particulars in relation to the proposed sale by the City Treasurer of Boston of another group of properties in East Boston which the city acquired in connection with the extension of the East Boston rapid transit facilities.

Notice has come to the Commission from the City Treasurer of the pertinent facts relating to the proposals to sell a second group of properties involved in this transit undertaking. Under date of March 9, 1953, the Finance Commission trans-

mitted to you information relating to the first eight parcels of such properties which have been sold.

As stated in the previous communication, the authority to dispose of these properties is contained in chapter 26 of the Acts of 1952, which reads as follows:

"SECTION 1. Any provision or provisions of general or special law to the contrary notwithstanding, the City of Boston, acting by its treasurer, . . . is hereby authorized and empowered to dispose of every building relocated by it under Sec. 1 of Chapter 191 of the Acts of 1949 and of the lot upon which such building has been relocated either (a) by private sale to the person or persons who owned the building at the time of its acquisition for the purposes of Chapter 692 of the Acts of 1945, as amended, or any of them, or to any heir or devisee of any such person, or to a person residing in the building at such time, for such sum as said treasurer shall determine to be just and equitable, or (b) by sale to the highest bidder at a public auction. . . . No private sale shall be made under this act, unless the terms of the proposed sale, together with all pertinent facts, shall have been submitted to the Boston Finance Commission at least ten days before such sale. A certificate of compliance with the provisions of the preceding sentence made by the secretary or chairman of the Boston Finance Commission and annexed to any deed executed under this act shall be conclusive evidence of such compliance."

Restating briefly the background of this undertaking, the extension of the transit facilities in East Boston was authorized by chapter 692, Acts of 1945. After a number of properties containing occupied dwellings, which were in the line of the authorized extension, were taken by eminent domain proceedings, the Legislature, by chapter 191, Acts of 1949, directed the Transit Department of the City of Boston to acquire new lots and move to them the dwellings in the properties first taken; and then to dispose of these relocated dwellings by sale to the owners or tenants at the time of the takings.

Before the work of relocation began, by legislation the Metropolitan Transit Authority replaced the Transit Department of the city in carrying out the purpose of the 1945 and 1949 acts. The 1952 act, under which notice of intention to sell has now come to the Finance Commission, finally determined the terms of disposal by giving the City Treasurer the alternatives of selling at prices which he determines "to be fair and just," or at public auction. "The City Treasurer has now decided to dispose of these properties by private sale. The facts of the proposed sales of this second group are as follows:

FORMER OWNER AND PURCHASER.	New Location.	Old Location.	Relocation Cost.	Amount Paid for Old Location.	Proposed Sale Price.
Mr. and Mrs. Michele Picardi.	61 Homer st.	32 Neptune rd.	\$12,803.97	\$11,000	\$7,400
(See Note.)	2 Horace st.	27 Neptune rd.	16,312.97	10,500	7,400
Columbia Mazarella.	6 Horace st.	417 Frankfort st.	15,881.95	10,100	7,400
Anna Ricci.	8 Horace st.	424 Frankfort st.	14,086.57	9,400	7,350
Carmela Marranzini.	10 Horace st.	426 Frankfort st.	14,818.89	9,950	7,350
Giacomo Frati.	37 Horace st.	428 Frankfort st.	14,406.83	9,500	7,400
			\$88,311.48	\$60,450	\$44,300

(NOTE.—Building at 2 Horace street, when located at 27 Neptune road, was owned by Anna C. Knudson and Anna R. Knudson as joint tenants, but, inasmuch as they do not wish to repurchase, is being sold to Mr. and Mrs. Peter Cianfrocca, the only persons who were tenants at old location and are still tenants at new location.)

The above figures reveal that in the six instances of sales now proposed the damages paid for the takings totaled \$40,450. The cost of relocation, including cost of land and moving, totaled \$88,311.48.

The City Treasurer now proposes to sell these houses on the new sites for \$44,300. The relocation costs in each of the six instances of sale now proposed were as follows:

NEW LOCATION.	Cost of Site.	Engineering Costs.	Removal Costs.	Foundation and Connection Costs.	Miscellaneous Expenses.	Total Relocation Cost.
61 Homer st.	\$1,000.00	\$1,027.19	\$3,750.00	\$6,221.89	\$804.89	\$12,803.97
2 Horace st.	918.75	1,345.91	3,750.00	9,999.12	899.19	16,312.97
6 Horace st.	918.75	1,268.10	3,250.00	9,121.02	1,324.08	15,881.95
8 Horace st.	918.75	1,140.12	3,250.00	7,841.17	936.83	14,086.87
10 Horace st.	918.75	1,149.52	3,250.00	7,935.17	1,565.45	14,818.89
37 Horace st.	400.00	1,236.90	3,250.00	8,809.03	710.90	14,406.83
Totals.	\$5,075.00	\$7,167.74	\$20,500.00	\$49,327.40	\$6,241.34	\$88,311.48

Inasmuch as under chapter 26 of the Acts of 1952 the City Treasurer must notify the Finance Commission of the pertinent facts ten days before such sale, it is the intention of the City Treasurer to consummate these sales on April 27, 1953.

Respectfully submitted,
 EDWARD F. MULLEN, Chairman,
 LEO J. DEWY,
 FREDERICK DEANE,
 EDWARD U. LEE,
 ROGER J. ABRFAID, M.D.,

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING NEW OIL BURNING SYSTEM AT THE ROXBURY MEMORIAL HIGH SCHOOL, WARREN AND TOWNSEND STREETS, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing new oil burning system at the Roxbury Memorial High School, Warren and Townsend streets, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Thursday, May 21, 1953, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal to be opened with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.) chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.) chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority. If subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 18, 1953.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the interest of the City of Boston. Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1930.

Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Beacon Avenue, Ward 20, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 12 M. of THURSDAY, MAY 21, 1953, with a certified check for THREE THOUSAND (3,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application thereto at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(May 9.) Commissioner of Public Works.

BOSTON FORCED TO MAKE NEW PLANS FOR DISPOSAL OF REFUSE AND GARBAGE TEMPORARILY—SCOWS TO BE USED IN CARRYING AWAY MATERIAL NOT YET AVAILABLE—CONTRACTORS SAY TWO MONTHS NEEDED TO PROVIDE SCOWS—MAYOR AND COMMISSIONER APPROVE REQUESTED CHANGE IN PLANS.

New plans for the collection of refuse and garbage in District 3, Charlestown, District 9A, Back Bay, and District 10, North and West Ends, have been made and approved by Mayor John B. Hynes at the request of Public Works Commissioner George G. Hyland. This is due to the fact that scows for the dumping of the material have not been made available as had been arranged. The scows, it is claimed, will not be ready for two months; hence the new arrangements.

The letter of explanation to the Mayor from the Commissioner reads as follows:

PUBLIC WORKS DEPARTMENT.

Boston, April 13, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

Under date of March 25 of the current year the approval of your Honor was obtained to the awarding of two-month contracts to the following-designated con-

The City of Boston is no longer able to use some designated clay pits in the Chelsea area for the dumping of refuse and garbage as had been arranged by Public Works Commissioner George G. Hyland. Other arrangements have been made and approved by Mayor John B. Hynes as requested in the following letter from the commissioner. Arrangements that had been made with the

PLANNING BOARD SUBMITS TO MAYOR JOHN B. HYNES REPORT ON STUDY OF TRAFFIC SITUATION AT JUNCTION OF BROOKLINE AVENUE, THE FENWAY, THE RIVERWAY, PARK DRIVE, AND BOYLSTON STREET—MAYOR PASSES REPORT TO CITY COUNCIL FOR STUDY—STUDY IN ANSWER TO ORDER PASSED BY COUNCIL AT JANUARY 5 MEETING—PROBLEM HAS BEEN SUBJECT OF DISCUSSION OVER SEVERAL YEARS—PROPOSED SALE OF AREA ALSO STUDIED.

The following communication has gone forward from the office of the Mayor:

To the City Council.

GENTLEMEN:

I transmit herewith communication from the Chairman of the City Planning Board relative to your order of January 5, 1953, concerning suggested improvements for the area at the junction of Brookline avenue, the Fenway, the Riverway, Park Drive, and Boylston street.

Respectfully,

J. B. HYNES, Mayor.

DEAR MR. MAYOR:

In accordance with Council order of January 5, 1953, the City Planning Board submits herewith a report in the form of a summary of the studies of the City Planning Board, State Planning Board, and other agencies, covering suggested improvement for the area at the junction of Brookline avenue, the Fenway, the Riverway, Park Drive, and Boylston street.

The fact of the matter is that there is little in the way of reports existing on this matter, but there has been a good deal of plan presentation for the proposed treatment of this intersection.

The State Planning Board reports that the Division of Metropolitan Planning, which was absorbed by the State Planning Board, had in 1934, 1935, 1937, 1939, and 1941 recommended in its annual reports to the Legislature a proposal for traffic improvements of this intersection. All of these recommendations were in the nature of a traffic circle and were very similar to those prepared by the City Planning Board and the Boston Park Department at that time.

Proposed Belt Route.

The Massachusetts Department of Public Works has not been concerned in the treatment of this area as a separate intersection. It has made some preliminary studies concerning an extension of the proposed Belt Route from Southampton street across Roxbury to Cambridge, previously known as the "Roxbury Cross-town Route." One of the possibilities is that the cross-town route would pass through this area. In any event, the construction of such a route, if built, will depend on the authorization of large-scale funds by the State Legislature at some future date, presently inestimable.

The Boston Park Department has, from time to time, developed schemes for traffic improvement at this point. Plans for rotary treatment drawn in 1941, 1942, 1948, and 1949 are on file at that office. It was under the auspices of the Park Department that the old gatehouse was removed and a section of Muddy River filled in to prepare the way for traffic improvement.

CITY NO LONGER ABLE TO USE CHELSEA PITS FOR DUMPING OF REFUSE AND GARBAGE.

(Continued from page 621.)

Mayor of Chelsea were canceled by vote of the aldermen of that city. The letter of explanation reads as follows:

CITY OF BOSTON,

PUBLIC WORKS DEPARTMENT.

BOSTON, May 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The agreement that we had with Mayor Quigley of Chelsea to haul to the Chelsea clay pits the refuse material collected in the North and West Ends and in the Charlestown area was terminated last Saturday, May 9, as the result of an order passed by the Chelsea Board of Aldermen, prohibiting any other municipality from dumping refuse material within the city limits of Chelsea. The original order was vetoed by the Mayor, but the Board of Aldermen again passed the order over his veto, and, therefore, we were required to cease dumping operations.

At the present time, the refuse material from Charlestown is being hauled to Medford under an arrangement with the owner of a private dump in that city, and the refuse from the North and West Ends is being hauled to Calf Pasture.

I had no definite agreement with Mayor Quigley concerning the amount to be paid to Chelsea for the privilege of using their clay pits as a refuse dump, because it was impossible to determine how long these arrangements would continue in effect. Now that they have terminated, it is my unqualified opinion that we should arrange to pay Chelsea an additional \$500, as I feel that a satisfactory payment to Chelsea should be made on the basis of a \$1,500 per month charge. In the month of April, we paid Chelsea \$1,000 cash, and in excess of \$600 for furnishing earth material to be used to cover the refuse. As we used the dump from May 1 to May 9, I feel, as stated, that we should pay an additional \$500. The Mayor was most cooperative with us in permitting us to use the Chelsea clay pits, and I feel, in fairness to him and also to the City of Chelsea, that we should make this additional payment.

I respectfully request, therefore, that you authorize the payment to the City of Chelsea of the sum of \$500 for the disposal of the above-referenced material for the period from May 1 to May 9 of this year, with the understanding that the amount will be paid out of budgetary Item 252 of the Sanitary Division budget of this department.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

NEW PLANS FOR DISPOSAL OF REFUSE AND GARBAGE.

(Continued from page 621.)

tractors, in the districts specified and at the prices quoted, for collecting and removing garbage and refuse:

District 3, Charlestown, Milano Brothers, Inc., \$3,953 a month.

District 9A, Back Bay, Dooley Brothers, Inc., \$4,572 a month.

District 10, North and West Ends, Ward General Contracting Company, \$14,300 a month.

Although authority was granted to dispense with advertising, the above-referenced contracts were awarded on the basis of publicly advertised bids that were opened in this office on Thursday, March 12, and were awarded for two-month periods, pending the approval of the City Council to the award of contracts to these contractors for periods in excess of one year.

Under date of March 25 your approval also was obtained to the awarding of contracts to the following-named contractors for a one-year period, from April 1, 1953, to March 31, 1954:

District 9, South End, Anthony J. Ryan, Inc., \$9,806 a month.

District 9B, Stuart, Capitol Contracting Company, Inc., \$5,190 a month.

The latter-referenced contracts were awarded on the basis of publicly advertised bids opened on March 12.

Under the provisions of the above-referenced five contracts, the city was required to make available to the contractors, for the dumping of refuse, the scows located at Fort Hill Wharf and/or the scows located at Albany Street. It was assumed that the scow operation would continue without interruption, effective April 1, under the terms of the new disposal contract awarded to the M. DeMatteo Construction Company. However, the latter-referenced company was unable to start scow operation, and is taking advantage of the provisions of its contract which permit the contractor to suspend scow operation for a part or all of the three-month period between April 1 and June 30, 1953, with the understanding that said contractor is penalized \$500 per day for every day in the above-referenced three-month period that he does not provide scows for the disposal of garbage and refuse hauled to the Fort Hill and Albany Street Receiving Stations. Therefore, it is necessary for me to amend the above-referenced five contracts, substantially in accordance with the provisions of the confidential report of April 1 that I sent to you concerning this matter.

The amendments to the above-referenced five contracts will increase the cost of these contracts from an anticipated minimum of \$4,700 per month to an anticipated maximum of \$10,000 per month for the whole or part of the three-month period involved. However, this increased cost will be more than offset by a saving of approximately \$12,000 to \$13,000 per month that will result from the \$500 per day penalty levied against the DeMatteo Company for every day that it fails to provide scows for the period—as stated hereinbefore—April 1 to June 30, inclusive. If the DeMatteo Company does not provide scows on or prior to July 1, it will be in default of its contract. I have every assurance, however, that the scows will be provided on or before that date, but—as stated—in the meantime, we must amend the five

collection contracts to provide for a continuance in the collection and disposal services.

I respectfully request, therefore, that you approve the amending of the five contracts involved substantially as follows:

District 3, Charlestown.

The present contract requires the city to furnish a dump at the Fort Hill Station. This contract—which was awarded to Milano Brothers at the monthly bid price of \$3,953 for a two-month period—will have to be amended so as to provide for the hauling by the contractor of all garbage and refuse collected in the Charlestown district to the Chelsea clay-pit, at an increase in cost of \$400 per month to the city. Arrangements to dump in Chelsea have been made through the neighborly cooperation of Mayor Andrew Quigley, but I am not certain that these arrangements will continue in effect for the entire three-month period, because of some local objection raised by some of the Chelsea residents.

District 9, South End.

Under the terms of this contract the city was required to furnish a dump at the Albany Street Receiving Station. Said contract was awarded to Anthony J. Ryan, Inc., on the basis of publicly advertised bids, for a one-year period, in the amount of \$9,806 per month. This contract will have to be amended, as the contractor will be required to haul the refuse to either the Calf Pasture site or the South Bay site. If the contractor hauls to Calf Pasture, his contract must be amended to provide for an additional payment of \$2,200 per month for the maximum three-month period involved; and will have to be further amended to provide for the payment of \$400 per month in the event that the contractor uses the South Bay dumping site for any part or all of the months of April, May, and June.

District 9A, Back Bay.

This contract provided that the city would furnish dumps at the Albany Street Receiving Station, and also at the Fort Hill Receiving Station. Said contract was awarded to Dooley Brothers, Inc., in the amount of \$4,572 per month, for a two-month period. It will have to be amended, due to the cessation of the scow operation. The amendment will provide, therefore, that the contractor will be paid an additional \$1,400 per month if the refuse material is hauled to the Calf Pasture site, and \$400 per month if hauled to the South Bay site.

District 9B, Stuart.

This contract provided that the city would make available to the contractor, as dumping sites, the Albany Street Receiving Station and the Fort Hill Receiving Station. The contract was awarded to the Capitol Contracting Company, Inc., for a one-year period, from April 1, 1953, to March 31, 1954, at the monthly bid price of \$5,190. The contract will have to be amended to provide that said contractor will be paid \$2,500 per month additional for any part or the whole of the first three months of the contract when said contractor is required to haul the material to Calf Pasture; and it will have to be further amended to provide for the additional payment of \$600 per month if the contractor hauls this material during any part or all of the three-month period to the South Bay dump.

District 10, North and West Ends.

This contract provides that the city will make available to the contractor, as a

TRAFFIC COMMISSION RULING.

Voted. That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective May 12, 1953:

Lorene Road, West Roxbury.

From Lamartine street to dead end.

dumping site, the Fort Hill Receiving Station. Said contract was awarded to the Ward General Contracting Company, in the amount of \$14,300 per month, for a two-month period. At the present time the contractor is hauling to the Chelsea clay-pits, through the cooperation of Mayor Quigley. The contract will have to be amended, therefore, to provide for an additional payment of \$3,000 per month to the contractor for the period that said contractor is required to haul to Chelsea; and it will be further amended to provide for the payment of \$3,500 per month if the contractor is required to haul to the Calf Pasture site.

As stated hereinbefore, these proposed amendments were outlined, in substance, to you in my confidential report of April 1, and I presume that you approved my action at that time.

I respectfully request at this time that you approve the amending of the above-referenced five contracts, in accordance with the provisions of this communication.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR TRANSMITS REPORT OF IMPROVEMENTS IN BACK BAY TO CITY COUNCIL.

(Continued from page 621.)

The Boston Traffic Commission, over the years, has made several plans showing traffic counts and volumes. Their most recent plan, dated August, 1950, shows detailed traffic movements and flows at this intersection.

The Commission has repeatedly listed this point as one of the worst traffic bottlenecks in the city.

The City Planning Board has been in touch with all of the above agencies since 1932, when circular treatment for this intersection was first proposed by this department. In the intervening years, however, no specific report has been made by any agency. The Planning Board has every two or three years been concerned in conferences or discussions with other agencies regarding this problem.

In the 1948 State Master Highway Plan for the Boston metropolitan area a plate was incorporated showing rotary treatment for this intersection. Shortly after this report was published the Planning Board again submitted two proposals to the then Mayor, one showing a rotary surface treatment and the other showing an overpass along the parkway in addition to surface rotary treatment.

ADDED PARKING AREA.

In our last plan an effort was made to shift the location of a section of Park Drive opposite Sears-Roebuck so as to provide some additional parking area in return for a necessary taking at the corner of Park Drive and Brookline avenue. As a matter of record, the Planning Board in 1947 submitted a sketch to the Sears-Roebuck Company recommending double-decking of their existing parking space in the rear. This was done as an alternative to a scheme for allowing parking within the circle, if built, which the Planning Board, among others, disapproved.

It is granted by all agencies that the intersection is in need of treatment, that surface rotary treatment will not do the job at peak hours, and that a grade separation is the best solution. An overpass will cost about \$2,000,000, which the city is in no position to undertake. Such a substantial investment in a traffic improvement in the area would also be unwise until a determination has been made on the location of a Boston approach to the proposed Massachusetts Toll Highway and the location of the Belt Route.

We understand that it will be some months before the Massachusetts Turnpike Authority will be able to make a decision on the specific route of the Toll Highway. Attached are two copies of plans taken from our 1948 annual report, one showing a simple surface rotary proposal, and the other a grade separation in addition.

We are also attaching hereto a copy of letter from Commissioner Volpe regarding the Massachusetts Department of Public Works viewpoint and also a copy of vote taken by the Board in regard to the sale of property in question.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

The Commonwealth of Massachusetts,
Department of Public Works,
Office of the Commissioner,
100 Nashua Street, Boston.
April 13, 1953.

THOMAS F. McDONOUGH, Chairman, The City Planning Board, 43 City Hall, Boston 8, Mass.

DEAR SIR:

Relative to your letter of March 25, 1953, enclosing a copy of a resolve adopted by the Boston City Council on January 5, 1953, concerning an area near the intersection of Brookline avenue, the Fenway, the Riverway, Park Drive, and Boylston street, this department recognizes, of course, the need for improving traffic facilities in this heavily traveled and congested area.

The Master Highway Plan of 1948 recommended a divided highway between a double rotary at this location. Approximately one-half mile to the southwest the inner Belt Route was recommended.

Currently the extension of the inner Belt Route or Central Artery under consideration is the section from Fort Hill square to a point on or near Albany street, west of Dover street, possibly as far as the intersection of Massachusetts avenue and Southampton street.

This department has made considerable study of the Belt Route as a whole, and in some cases the studies indicate that a location other than that shown in the Master Highway Plan may be more feasible, especially since many changes and extensive developments have already taken place in the original location as recommended.

These studies indicate that the Belt Route may be located in or very close to the area described in your letter, and in this event the Belt Route might well include, or at least help to provide, the improvement desired at this location. In any event, if it appears highly desirable to defer as far as possible any development in this area until such time as more detailed studies are made in connection with the Belt Route in this vicinity.

It is my understanding that the southernly alternate of the Massachusetts Turnpike, now under study, might connect with the Belt Route in this same vicinity.

If current funds limit the extension of the Belt Route to a point at or near Albany street, east of the intersection of Massachusetts avenue and Southampton street, it will be somewhat difficult to estimate just when further extension toward the Charles River may be accomplished. Such an extension will, of course, depend on sufficient large-scale funds for this type of work being authorized by the State Legislature.

I will be pleased to make our studies available and cooperate with your Board in order to determine the most feasible approach and solution to this problem.

Very truly yours,

JOHN A. VOLPE, Commissioner.

*** Contract awarded.**

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of departments interested were as follows:

HOSPITAL DEPARTMENT (Sanatorium Division).

Boston, May 7, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to award a contract, without advertising, to Roxbury Mattress Corporation, 121 Lamartine street, Jamaica Plain, Mass., for remaking mattresses and pillows for the Sanatorium Division of the Boston City Hospital, for the period beginning

June 1, 1953, and ending December 31, 1953, at the following unit prices:

Regular hair mattresses, 36 inches by 78 inches by 4½ inches, boxed, \$9 each.

Feather pillows, 18 inches by 29 inches, \$1.15 each.

The total contract price for this period not to exceed the sum of \$1,465.

Inasmuch as this firm's operations have been performed in a highly satisfactory manner for the Boston City Hospital, it is the opinion of the Board of Trustees that nothing would be gained by publicly advertising for bids for this work, the interests of the city being best served by awarding a contract, without advertising, to Roxbury Mattress Corporation, 121 Lamartine street, Jamaica Plain.

Respectfully yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

PARK DEPARTMENT.

Boston, April 17, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of April 13 contract letters were forwarded to you requesting permission to award contracts for airplane spraying of trees and for general spraying of trees by regular truck and hand labor, to the following concerns:

For Airplane Spraying of Trees:
Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, at the rate of \$1.80 per acre, the total cost not to exceed \$1,600.

For General Spraying of Trees by Truck and Hand Labor:

Superior Tree Service, Inc., 15 Littlejohn street, Arlington, at the rate of \$11.75 per hour, the total cost not to exceed \$6,500.

Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, at the rate of \$11.75 per hour, total cost not to exceed \$4,500.

In these letters to you we stated that we had received invitation bids from four different concerns for doing the work and we requested of you permission to award the contract to the lowest bidder in each instance. However, in the letters we failed to ask your permission to forego the regular procedure of publicly advertising for bids, although the contracts were being awarded to the lowest invitation bidders.

Therefore, as each low bidder is well qualified to do the work required under this contract, we are asking your permission to award these contracts to the three concerns mentioned above, without publicly advertising for the work, and in addition we hereby request your authorization to enter into a contract with each of these concerns for the proposed work.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

Boston, April 30, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In connection with the development of the new playground and play area in Orchard Park, located in the center of the housing project in that area, we are required to arrange for an installation of proper lighting facilities.

The Boston Edison Company has informed us that they will install split-fibre mains from a manhole in Ambrose street, Roxbury, to a point 2 feet inside Orchard Park, and install a split-fibre main to the

proposed lamp locations within the new playground area. Split-fibre main boxes will be built near each lamp location with a lateral connection to each lamp. Ten 4,000-lumen street lights will be installed with the new high-light posts and the 79-D luminaires.

The Edison Company submits a price for doing this work of \$3,065. As they are a public utility company and no one else is equipped or has the authority to do this type of work, we request your permission to issue a service order to the Boston Edison Company in the amount of \$3,065, to be charged to the special appropriation, "Establishment of Parks and Playgrounds, Non-revenue."

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PRINTING DEPARTMENT.

Boston, May 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the International Business Machines Corporation, 573 Boylston street, Boston, Mass.

This request is made in order that we may furnish the Welfare Department with the following items:

600,000 account checks, \$1,866; 1,350,000 tabulating cards, \$1,679; 1 electro, \$35; total, \$3,580.

These materials are to be used on the International Business Machines at the Welfare Department and as this company makes checks and cards especially designed for use on these machines, in my opinion, no advantage could be gained by advertising for bids.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, April 29, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the John McCourt Company is engaged in a contract with the Park Department, which provides, in part, for the reconstruction of the Riverway, between Longwood avenue and a point northerly to the intersection of Pilgrim road and Brookline avenue. The contract was awarded last fall as the result of publicly advertising for proposals.

The Riverway project is contiguous to a section of Plymouth street (formerly called Berners street) which was ordered laid out and constructed, as a public highway, by the Board of Street Commissioners, under the provisions of an order dated December 8, 1952. The new section of Plymouth street is included for construction in the current year's highway program, as well as the older section of Plymouth street south to Longwood avenue. It is only a small project and, in my opinion, the best interests of the city would be served by having the John McCourt Company do the work coincidentally with the reconstruction of the Riverway, and on the basis of the bid prices that are in effect in the current contract that was awarded by the Park Department. All of the contemplated work is covered by items in the Park contract, except a minor one involving 10 yards of excavation for city service boxes,

etc., and we have agreed on a price of \$3 per yard for this type of excavation.

In that the contract is to be awarded substantially in accordance with the prices that prevail in the present contract and as these prices were obtained as the result of publicly advertising for proposals, there obviously is no advantage in advertising for proposals at this time for the work involved in Plymouth street, between the Riverway and Longwood avenue.

I respectfully request, therefore, your authorization to dispense with advertising and to award a contract to John McCourt Company of 910 Huntington avenue, Roxbury, in a total estimated amount not to exceed \$2,500, for constructing and reconstructing that section of Plymouth street that extends from the Riverway to Longwood avenue, in accordance with the bid prices that prevail in the above-referenced contract, with the minor exception noted hereinbefore.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 25, the approval of your Honor was obtained to the awarding of a contract for a one-year period to the Peerless Contracting Company, Inc., for collecting and removing garbage and refuse in the West Roxbury district.

The award was made on the basis of the low bid price of \$10,900 per month that was submitted by the above-referenced contractor as the result of publicly advertising for proposals. The contract was also awarded on the basis of the contractor's furnishing the all-enclosed type of steel refuse collection truck bodies.

The latter-referenced type of body is most satisfactory and provides a sanitary method of transporting refuse material. However, it is not suitable for hauling large bulky items, such as bedsprings, refrigerators, articles of furniture, etc., and, therefore it appears not only advisable but most essential to require the contractor to furnish one open truck body for the collecting of the above-referenced type of material, with the express understanding that the open top body is not to be used for the collection of refuse deposited in barrels, boxes, or for the collection of any refuse material that can be hauled in the enclosed trucks. The contractor has agreed to furnish an additional open-top truck, without additional cost to the city.

I therefore respectfully request your approval to the amending of the above-referenced contract so as to require and permit the contractor to furnish one conventional open-top truck for collecting bulky material that is too large to enter the enclosed body opening, with the understanding that no additional payment will be made to the contractor; and with the further understanding that the requirement for providing all refuse trucks with enclosed steel bodies shall have been complied with if all trucks, except the one to be used for collecting bulky material, are provided with enclosed steel bodies.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 7, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of May 25, 1951, a contract was awarded to Samuel J. Tomasello Corporation, in part, for resurfacing Pilgrim road, Ward 4, from Longwood avenue to Francis street. However, a section of Pilgrim road in front of the new wing of the Deaconess Hospital was omitted, as said wing was under construction at that time. The section of Pilgrim road involved is from Deaconess road to a point about 270 feet westerly.

The hospital wing has been completed, and it is my understanding that dedicatory exercises are to be held on Tuesday, June 9. I feel, therefore, that immediate steps should be taken to complete the reconstruction of that section of Pilgrim road that was previously deleted from the Tomasello contract, and I feel that the work should be done by the Tomasello firm, in order that the so-called five-year maintenance guaranty may be held by the same contractor for the entire section between Longwood avenue and Francis street.

Aside from this point, no advantage, in my opinion, would accrue to the city by having some other contractor do the work, as Mr. Tomasello has agreed to complete the reconstruction of Pilgrim road substantially on the basis of the bid prices that are in effect in the current contract that the Tomasello firm has with this department for the reconstruction of Kilmarnock street, Brayton road, and other streets. Bids for the latter-referenced contract were opened in this office on September 18, 1952.

In addition to the Pilgrim road project, there is a small section of Autumn street (formerly called Deaconess road) that extends from the Riverway approximately 100 feet easterly to the old section of Autumn street that was also reconstructed by the Tomasello firm, under the provisions of the contract that was awarded on May 25 of 1951. This section should also be done by the Tomasello firm substantially for the same reasons outlined in connection with the Pilgrim road project.

It is estimated that the reconstruction of the section of Pilgrim road referred to will approximate \$4,110, and the section of Autumn street, approximately \$1,800.

I respectfully request your authorization, therefore, to dispense with advertising, and to award a contract to the Samuel J. Tomasello Corporation of 25 Huntington avenue, Boston, in an amount not to exceed \$6,000, for reconstructing Pilgrim road, from Deaconess road to a point approximately 270 feet westerly, and for the reconstruction of that section of Autumn street (formerly Deaconess road), between River street and a point approximately 100 feet easterly to connect to the old section of Autumn street. The unit prices, with minor changes, are to be substantially the same as those included in the current contract that was awarded to the Tomasello Corporation as the result of publicly advertised bids that were opened on September 18, 1952.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 8, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Last year a contract was awarded to the Charles N. Wood Company of 570 Arsenal street, Watertown, in the maxi-

mum amount of \$9,800, for overhauling and repairing nine so-called Walter snowfighters. The latter-referenced units are used during the winter months for snow plowing, salting, and sanding operations.

The repair work that was done on the Walter snowfighters by the above-referenced contractor was satisfactory in every respect, as evidenced by the fact that the units operated in A-1 condition throughout the entire winter months on snow plowing and salting work. In general, the Walter snowfighters are repaired and overhauled each season, and prior to last year the work was done by our own mechanics. Due to a shortage of mechanics, however, we never have been able to do the thorough overhauling and repairing work that was done by the above contractor last year.

Division Engineer McGrath of the Automotive Division has submitted a report to me to the effect that seven Walter snowfighters should be thoroughly overhauled and repaired this summer, in order that they will be in A-1 condition before the start of the winter season of 1953-1954. A survey of the extent of the repair work necessary on these units was made, jointly, by a representative of the C. N. Wood Company and a representative of the Automotive Division, and they both concur that the estimated minimum cost of repairing the vehicles would be about \$7,000, and a maximum of approximately \$9,000. The contractor has agreed to do the necessary overhauling and repairing work substantially on the basis of last year's contract. I feel that it is distinctly to the advantage of the city to have this major repair work done by the Wood Company rather than to attempt to have it done by our own mechanics who are busy on other department equipment, including the repairing of the remaining Walter units that are not included in the contract with the C. N. Wood Company.

All charges made by the Wood Company will be subject to approval by an inspector of the Automotive Division of this department, who will be present at all times during the progress of the work. The Wood Company will take full responsibility for satisfactory operation of the units and will guarantee all workmanship and parts used in the repair work.

It is impossible at this time to determine the exact cost of repairs, as it will be necessary to disassemble the units to determine such costs with accuracy. Due to the nature of the work, it would be most impractical to attempt to obtain publicly advertised proposals. In addition, the Wood Company is the factory representative of the manufacturer, and all repair parts would have to be purchased from said company. As stated, therefore, it does not appear advisable to obtain publicly advertised bids for the work.

I respectfully request, therefore, your authorization to dispense with advertising, and to award a contract to the Charles N. Wood Company of 570 Arsenal street, Watertown, for overhauling and repairing seven Walter snowfighters substantially in accordance with the provisions of the contract that was awarded last year, and with the understanding that the total cost of the current contract will not exceed \$9,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, May 1, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 4, 1953, bids on horse meat for the Franklin Park Zoo were publicly opened and read in this office. One bid was received, that of the G & T Horse Meat Company, Inc., which did not bid a firm price. This bid was rejected and the horse meat was readvertised. On April 8, 1953, the new bids were publicly opened and read in this office. Two bids were received, both for 16 cents per pound. The G & T Horse Meat Company, Inc., which had bid on the horse meat in response to the original advertisement did not submit a new bid being under the impression that their original proposal would be considered on the readvertisement.

Since the opening of the readvertised bids, the G & T Horse Meat Company, Inc., has submitted an offer to supply the requested amounts of horse meat to the City of Boston at the price submitted in their original bid of March 4, 1953, namely, 13 cents per pound, less 2 per cent for payment within 10 days, subject to increase, but have modified the original bid so that at no time shall the price exceed 15 cents per pound, less 2 per cent for payment within 10 days. The price could be increased only if the G & T Horse Meat Company, Inc., submits to the City of Boston written evidence of an increase from their supplier.

It is now requested that permission be granted me to reject all bids received on horse meat and award a contract, without further public advertisement, to G & T Horse Meat Company, Inc., 57 Fargo street, South Boston, for approximately 66,000 pounds of fresh horse meat chunks for delivery as requested to the Franklin Park Zoo from May 1, 1953, to March 31, 1954, inclusive, at a price of 13 cents per pound, less 2 per cent for payment in 10 days, but not to exceed, at any time during the contract period, 15 cents per pound less 2 per cent for payment in 10 days. The proposed contract will include the provisions that the price could be increased only if the G & T Horse Meat Company, Inc., submits to the City of Boston written evidence of an increase from their supplier and that in the event of a price increase the City of Boston reserves the right to cancel all or any part of the amounts undelivered.

Approximate total amount of contract is not to exceed \$9,900, less 2 per cent discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, May 6, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950 and chapter 182 of the Acts of 1951, I respectfully request permission to award a contract for traffic violation slips, parking registration and index books, to Henry Rosnosky, 167 Oliver street, Boston, Mass., without advertising, for the period commencing May 1, 1953, and ending December 31, 1953.

This contract becomes necessary by virtue of the provision of chapter 249 of the Acts of 1953, changing the parking

violation law and converting this court into two separate jurisdictions.

I am estimating at the present time that, for the period involved, the court will need one hundred fifty thousand (150,000) traffic violation slips comprising six thousand (6,000) books at thirty and one half cents (\$0.305) each, or a total of eighteen hundred and thirty dollars (\$1,830).

The court will also need one set of fifteen (15) volumes of parking registration index books for downtown violations at a cost of fifty-eight dollars and twenty cents (\$58.20) per volume, or a total of eight hundred and seventy-three dollars (\$873), and one set of fifteen (15) volumes of parking registration index books for uptown violations at a cost of fifty-eight dollars and twenty cents (\$58.20) per volume, or a total of eight hundred seventy-three dollars (\$873), making a grand total to be included in the contract of three thousand five hundred and seventy-six dollars (\$3,576).

Respectfully yours,

DANIEL J. LYNCH,
Clerk of the Court.EXTRA WORK UNDER
CONTRACT.

PUBLIC WORKS DEPARTMENT.

D. A. Rossano Construction Company, Inc., has been directed to perform the following extra work under the contract for safety barriers in Wards 1, 3, 6, 13, 16, 18, 19, 20, and 22, dated November 3, 1952:

In Atlantic avenue, Ward 3, in the construction of concrete bumpers, because of change in construction from Detail A to Detail B, perform the following extra work:

Approximately 8 cubic yards of sidewalk excavation at \$6 per cubic yard, approximately 8 cubic yards of extra concrete at \$20 per cubic yard; remove and reset approximately nine parking meters at \$6 per meter.

In Summer street, Ward 6, from railroad bridge to about 270 feet easterly because of change in construction from Detail A to Detail B and because of the irregular grade of the curb line, perform the following extra work:

Approximately nine cubic yards of sidewalk excavation at \$6 per cubic yard and approximately 12 cubic yards of extra concrete, including extra forms at \$35 per cubic yard.

Estimated cost of extra work, \$736.

James A. Susi has been directed to perform the following extra work under the contract for concrete retaining wall and steps in Poplar street, Ward 18, at the George H. Conley School, dated October 1, 1952:

Reset approximately 17 linear feet of existing chain link fence, including rebar, at \$150 per linear foot. Estimated cost of extra work, \$2,550.

Construction Units, Inc., has been directed to perform the following extra work under the contract for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in City Proper (Water Division) district, dated April 10, 1953:

Restore 10,000 square feet artificial stone sidewalks over openings made while excavating to assist the Water

Division employees to install, regulate or repair Water Division structures and other incidental work in City Proper (Water Division) district at 60 cents per square foot. The methods used and materials furnished shall conform to section 23. Contract for pavement on file at the commissioner's office. Estimated cost of extra work, \$6,000.

Charles Todesca has been directed to perform the following extra work under the contract for artificial stone sidewalks in Avalon road, Gardner street, Garnet road, Maple street, Rickerhill road, Westover street, and Willow street, dated July 29, 1952:

In Willow street, from Centre street to Weld street, set approximately 10 linear feet of circular edgestone delivered by the city to the site of the work at \$1 per linear foot. Estimated cost of extra work, \$10.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from June 24, 1953, to July 15, 1953, on the contract of Parkman Construction Corporation for alterations in basement of Maternity Building, Boston City Hospital. This extension is necessary because of additional work ordered by the trustees which was not contemplated at the time the contract was executed.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Martin J. Kelly Company, Inc., 75 Stedman street, Jamaica Plain, for constructing high curbs and guard rails on various bridges, to June 15, 1953. This extension was requested for the reason that the contractor was unable to secure steel guard rail and posts necessary to complete the contract on schedule.

Approval has been given for an extension of time for the completion of the contract with N. Bevilacqua & Sons for the building of sewerage works in Waldemar avenue and private land, East Boston, from March 2, 1953, to April 21, 1953. This extension was requested because the contractor was delayed by unfavorable conditions due to winter weather.

DEDUCTIONS FROM CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

John T. Bradley has been ordered to make the following deduction from the contract for the Dwight School:

Deduct cost of materials which were not used as specified in the painting of the exterior brick and stucco surfaces. Estimated paint saving, 100 gallons at \$6.50 per gallon; total deduction, \$650, and the amount of \$650 will be deducted therefrom, making the account as follows: contract price, \$6,591; total deductions, \$650; amount of contract, \$5,941.

Corona Construction Company has been ordered to make the following deduction from the contract for various schools, Group C-3:

Omit all work included under Item 14, deduct \$250; for using prime coated butts in place of brass plated butts, 33 pairs at 50 cents, deduct \$16.50 total deduc-

tion, \$266.50, and the amount of \$266.50 will be deducted therefor, making the account as follows: contract price, \$44,128; total additions, \$130.20; total deductions, \$266.50; amount of contract, \$43,991.70.

CHANGES IN CONTRACTS.

PUBLIC BUILDINGS DEPARTMENT.

M. S. Kelliher Company has been ordered to make the following changes in the contract for the Municipal Building, 1481-1491 Tremont street, Roxbury, dated May 5, 1952:

Additions.

Do necessary rock excavation due to conditions encountered at the site, in accordance with unit prices carried in the contract, as follows:

Boulder excavation, 50 cubic yards at \$10, \$500; open excavation, 682.40 cubic yards at \$10, \$6,824; trench excavation (explosives), 31.74 cubic yards at \$15, \$476.10; trench excavation (jackhammer), 101.78 cubic yards at \$25, \$2,544.50; roadway excavation (jackhammer), 4 cubic yards at \$25, \$100; removal of excavated rock, 682.40 cubic yards at \$2.25, \$1,535.40; total additions, \$11,980.

Also do necessary hand excavation, backfill, concrete, and forms due to conditions encountered in excavating, principally in the gymnasium area and front portion of the building, as follows:

Hand excavation, 53.88 cubic yards at \$3, \$161.64; backfill, 37 cubic yards at 55 cents, \$20.35; concrete, 25.49 cubic yards at \$16, \$407.84; footing forms, 72 square feet at 75 cents, \$54; wall forms, 608 square feet at 45 cents, \$273.60; total additions, \$917.43.

Grand total, \$12,897.43.

Summary of Contract.

John M. Gray Company,
169 High Street, Boston,
April 17, 1953.

Mr. George P. Donovan, Superintendent of Public Buildings, City Hall Annex, Boston, Mass.

Re: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass.

DEAR MR. DONOVAN:

We are enclosing six copies of change order No. 6 covering rock excavation and additional hand excavation, backfill, concrete, and forms for the above-mentioned project.

During excavation for foundation work, you will recall we notified you there was considerable rock in this area. This was shown on the borings, and was set up in the specifications to be paid for under the unit prices. We have had a careful check of the figures made and have been in consultation with the contractor regarding figures and price allotments, and he has finally agreed to the figures of Mr. Sullivan, our resident inspector, who kept an accurate record on plans of this work. We therefore recommend that the rock excavation as set forth in the change order and the M. S. Kelliher Company letter of April 16, based on the unit prices carried in the contract, be approved in the amount of \$11,980.

Another item covers additional excavation, backfill, and form work in accordance with unit prices for areas which had to go lower than the contract requirements. This was brought about because of trenchings and soft material mainly in the gymnasium area and in the front portion of the building. All of these figures have been checked by our resident inspector, Mr. Sullivan, and we would recommend your approval of same in the amount of \$917.43, as set forth in the contractor's letter of April 16, 1953.

Yours very truly,

JOHN M. GRAY COMPANY.

M. S. Kelliher Company,

April 16, 1953.

John M. Gray Company, Architects, 169 High Street, Boston, Mass.

Subject: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass.

GENTLEMEN:

By the terms of our contract any rock encountered during excavation is to be paid for by the unit prices in the specification.

The following amount of rock excavation has been encountered at the subject project, and the cost of doing this excavation is the additional sum of eleven thousand nine hundred eighty dollars (\$11,980). The breakdown of this price is as follows:

Boulder excavation, 50 cubic yards at \$10, \$500; open excavation, 682.40 cubic yards at \$10, \$6,824; trench excavation (explosives), 31.74 cubic yards at \$15, \$476.10; trench excavation (jackhammer), 101.78 cubic yards at \$25, \$2,544.50; roadway excavation (jackhammer), 4 cubic yards at \$25, \$100; removal of excavated rock, 682.40 cubic yards at \$2.25, \$1,535.40; total price, \$11,980.

Yours very truly,

M. S. KELLIHER COMPANY.

John M. Gray Company, Architects, 169 High Street, Boston, Mass.

Subject: Municipal Building, 1481-1491 Tremont Street, Roxbury, Mass.

GENTLEMEN:

By the terms of our contract additional excavations, backfill, concrete, and forms are to be paid for as an extra to our contract.

In accordance with these terms we list below an itemized breakdown of the quantities and unit prices.

The addition to our contract, due to these changes, is the sum of nine hundred seventeen dollars and forty-three cents (\$917.43).

The breakdown of this price is as follows:

Hand excavation, 53.88 cubic yards at \$3, \$161.64; backfill, 37 cubic yards at 55 cents, \$20.35; concrete, 25.49 cubic yards at \$16, \$407.84; footing forms, 72 square feet at 75 cents, \$54; wall forms, 803 square feet at 45 cents, \$273.60; total price, \$917.43.

Yours very truly,

M. S. KELLIHER COMPANY.

CITY OF BOSTON,
DEPARTMENT OF CIVIL DEFENSE,
14 SOMERSET STREET, BOSTON.

May 11, 1953.

COMMISSIONER THOMAS SULLIVAN, Boston Police Department, 154 Berkeley Street, Boston, Mass.

DEAR COMMISSIONER SULLIVAN:

I am sending this special note of praise to the Boston Police Department for its very special contribution of time and effort to Civil Defense in Boston. I know that Mayor Hynes joins me in sending congratulations to all members of your department who assisted us in making our most recent test an outstanding success.

The presence of Boston Police Department representatives at the Control Center, the dispersal of equipment, the special help of Captain Markhard and Captain Vickerson, and the splendid help of the officers and men of your department indicated a degree of cooperation in Civil Defense in Boston which is deserving of high praise and commendation. May I, therefore, as Director of Civil Defense, extend to your department the congratulations which it so richly deserves.

Sincerely,

JOSEPH L. MALONE, *Director.*
Boston Civil Defense Department.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

IV. AMERICAN CANCER SOCIETY CAMPAIGN.

Pamphlets and pledge cards in connection with the 1953 American Cancer Society Campaign for funds are being issued to the department today. The requirements of the society are explained in the pamphlets, and the assistance of all employees who feel that they can help this worthy cause is invited. The money obtained will be used to support research work, much of it in hospitals and clinics in Massachusetts, in order to furnish the medical profession with information necessary to combat this disease.

Company commanders are requested to call the drive for funds to the attention of the members of their respective commands and ask them to contribute to the society.

Members of the department who desire to contribute will fill out pledge cards. Company commanders will accept donations from such members and the stub of the card is to be given to each contributor as a receipt for his donation.

Pledge cards and money should be forwarded to Hoseman Robert T. Asquith in the Division of Civilian Defense, Public Relations and Public Information, 194 Broadway, on or before May 22, 1953. Delivery of money can

be made on any weekday, excluding Saturday, and should be made between the hours of 9 A.M. and 4.30 P.M.

Severally referred to the Committee on Confirmations.

NAMING OF OVERPASS IN HONOR OF PATRICK J. MAGUIRE.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1953.

Gentlemen:

I acknowledge herewith communication from the Secretary of the Board of Street Commissioners relative to your order of April 27, 1953, requesting to name the new overpass at Forest Hills in honor of Staff Sergeant Patrick J. Maguire.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners.

Mr. Thomas G. J. Shannon, April 30, 1953.

Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge to the Committee to Memorialize Veterans receipt of your communication and copy of Council order introduced by Councilors Kerrigan and Hailer requesting that this committee recommend the naming of the new overpass at Forest Hills in honor of Staff Sergeant Patrick J. Maguire.

I regret that the city has no jurisdiction over this way at the present time, but under an legislative act, chapter 557, Acts of 1952, this overpass was named in honor of Monsignor William J. Casey.

I regret that under the circumstances this committee is unable to act in connection with the councilors' request.

Very truly yours,

LAWRENCE W. COSTELLO, Secretary.

Placed on file.

CONSTRUCTION OF INCINERATOR IN SOUTH BAY AREA.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1953.

To the City Council.

Gentlemen:

The Councilors during the past five weeks have made it imperative that we go forward with plans for the erection of a municipal incinerator in the South Bay area. It is a fact that the city is not only at least \$100,000 a year for the city, when placed in operation, but it is a fact that the city is now modern and sanitary method of disposing of a large portion of the city's rubbish and refuse than is now possible.

The Nile Road dump is located in close proximity to the large housing project now being erected in the Columbia Point section of Dorchester. It appears likely that the first trucks will begin coming into that project before the end of this year and that it will have a sizable population twelve months from now. However, circumstances probably will prevent us from closing that dump until an incinerator is ready for use, and it is possible that the operation of this dump could become a public nuisance of major proportions.

For this and other reasons I believe that the city government should proceed promptly with plans for the construction of an incinerator. Pending before your Body is an order calling for a \$2,700,000 loan order to finance the construction of Boston's first incinerator. Under the city charter that loan must be given two readings two weeks apart. I would most respectfully urge, so that no time may be lost in this matter, that your Body give a first reading to this order that final action may be taken in two weeks.

Respectfully,

J. B. HYNES, Mayor.
Referred to the Committee on Appropriations and Finance.

STATEMENT BY PRESIDENT AHEARN.

President AHEARN expressed his thanks to the various committees of the Council for clearing their dockets, commending the various committee chairmen for their splendid work in committees. He also asked that the following committees call meetings during the coming week: Committee on Appropriations and Finance, Committee on Claims, Committee on Licenses, Committee on Public Lands.

INFORMATION FROM BOARD OF REAL ESTATE COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1953.

To the City Council.

Gentlemen:

I transmit herewith additional information from the Chairman of the Board of Real Estate Commissioners in conformity with the order adopted by your Honorable Body on March 30, 1953.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners.

May 4, 1953.

Hon. John B. Hynes, Mayor of Boston.

Dear Mr. Mayor:

I enclose herewith further information, in accordance with the request of the Boston City Council.

All questions have now been answered with the exception of No. 10, which requests "A copy of all reports filed with the Auditor by the Board of Real Estate Commissioners from January 1, 1952, including Form Gen. 18, entitled 'Schedule of Bills Receivable'."

Since the answer to this question requires the copying of one hundred-old column pages, the work will be slow in completing. However, our staff will continue the work until the entire report is finished.

Respectfully submitted,

HERMAN CARP, Chairman.

(Annexed herewith are lists submitted by the Board of Real Estate Commissioners of occupants in city-owned properties from January 1, 1952, to December 31, 1952, and list of rent collections during fiscal year 1952.)

Referred to the Executive Committee.

APPROPRIATION OF \$4,000 FOR TRAFFIC COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1953.

To the Boston City Council.

Gentlemen:

I am in receipt of the attached communication from the Traffic Commission in which they request an appropriation of \$4,000 to permit the purchase of three jeeps to be used by the Traffic Commission for parking meter collections.

Under the provisions of section 1 of chapter 442 of the Acts of 1947, revenue received from parking meter fees may be used to meet necessary expenses incurred for the regulation of parking and other traffic incidents thereto.

Since it is absolutely essential as explained in the attached communication, to make regular collections of parking meters, and the fact that there are not sufficient funds in the Traffic Commission budget to purchase these jeeps, I submit herewith an order providing for the appropriation of the amount requested by the Traffic Commissioner and respectfully recommend its adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission.

April 30, 1953.

Hon. John B. Hynes, Mayor of Boston.

Dear Mr. Mayor:

An emergency condition has arisen in the Parking Meter Division due to the condition of our four jeep collection vehicles. These were purchased in May 1948, and have been continuously operated. Due to the nature of their work frequent starting and stopping is obligatory.

In our original budget requests we asked for replacement of these vehicles, but with our reduced appropriation we have been able to put in an order for only one jeep. The order is now in process.

It is expected that it will cost \$1,700, less \$500 approximately, for the old vehicle to be turned in. Meanwhile a new jeep is being made in the shop for repairs and a third one was towed in today requiring a major repair job.

With the limited amount of money made available to us for jeep work it appears that we shall not be able to keep these jeeps in operation during the current year. At the present time parking meter collection work is being made with only two vehicles and, accordingly, only half of the districts are being covered.

If this condition is permitted to continue obviously meters will become filled with uncollected cash and become ineffective.

By improvising passenger cars and trucks we can temporarily prevent this situation but, of course, at the same time they adversely affect our operations and our other activities.

I conferred with Auditor Charles Fox concerning this matter and his suggestion is that we submit for adoption by the City Council an appropriation order for vehicles to be taken from parking meter revenues, as the use of these vehicles directly connected with parking meter operation.

The sum of \$4,000 would be adequate to obtain the three vehicles needed, assuming that we can get a \$500 trade-in for the three vehicles which we will turn in for credit against the new purchase. The present requisition now in process from our regular budget would provide us with the four vehicle and enable us to go forward with our regular parking meter collections. The sum of \$4,000 requested is roughly \$400 more than the anticipated expense because we are not certain what the turn-in value will be on the vehicles to be abandoned.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Ordered, That the sum of four thousand (4,000) dollars be, and same hereby is appropriated from the revenue received from parking meter fees, to be expended by the Traffic Commissioner, for the purchase of jeeps to be used for parking meter collections.

Referred to the Committee on Appropriations and Finance.

LOAN OF \$5,000,000 FOR CONSTRUCTION OF SCHOOLS

The following was received:

City of Boston,

Office of the Mayor, May 4, 1953.

To the City Council.

Under date of April 6, 1953, I submitted to your Honorable Body a request received from the Chairman of the Boston School Committee that I recommend that a loan order in the sum of \$5,000,000 be originated in the City Council to provide for the construction of school buildings.

Reference was made in the request, as well as my recommendation, to the fact that approval of the proposed construction would be secured from the Massachusetts State Buildings Assistance Commission under the provisions of chapter 645 of the Acts of 1948. It now appears from advice received from the legal firm who will undoubtedly be the bond counsel in connection with the issuance of the bonds that reference in the loan order to the 1948 statute will create certain requirements which will greatly complicate the legal approval required in connection with the issuance of the bonds. It would appear desirable, therefore, to omit any reference in the loan order to the 1948 statute. Accordingly, I recommend that your Honorable Body originate a \$5,000,000 loan order for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

School Committee, April 28, 1953

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Public and private housing recently constructed, or in process of construction, in the City of Boston has brought about a need for new elementary schools.

With a view to meeting this need in the most efficient manner, the School Committee has contracted with the Center for Field Studies of Harvard University's Graduate School of Education for a survey of Boston's school plant. The survey confirmed the need for the new schools, in addition to making other recommendations. The appropriate method of financing the new construction would seem to be by a bond issue.

Accordingly, the School Committee hereby respectfully requests that your Honor recommend to the City Council that it originate a \$5,000,000 loan order for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses.

The School Committee will seek to have each of the above-mentioned schools approved by the Massachusetts School Buildings Assistance Commission under Mass. St. 1948, chapter 645, as amended, and thereby obtain a state grant of approximately 30 per cent of the cost of each school to help meet the payments on such bond issue.

Respectfully submitted,

ALICE M. LYONS, Chairman.

Referred to the Executive Committee.

REPORT OF COMMITTEE ON CLAIMS.

Coun. WHITE, for the Committee on Claims, submitted the following:

1. Report on petition of John T. Foyes (referred April 6) to be reimbursed as a result of an execution issued against him on account of his acts as an employee of the Police Department—recommending passage of the accompanying order:

Ordered, That the sum of nine hundred and fifty dollars (\$950) be allowed and paid to John T. Foyes in reimbursement for amount of execution issued against him on account of his acts as an employee of the Police Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

2. Report on petition of Ellen Greeley (referred April 6) to be paid an annuity on account of the death of her husband, Edward P. Greeley, late member of the Police Department—recommending passage of the accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of \$1,400 be allowed and paid to Ellen Greeley, widow of Edward P. Greeley, a member of the Police Department, who died on June 7, 1952, on account of injuries received in the performance of his duty; said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Police Department, Pensions and Annuities.

3. Report on petition of Hugh F. Lynch (referred April 27) for indemnification for hospital, surgical, medical, and nursing expenses incurred as a result of an injury sustained by him while in the performance of his duty as a member of the Boston Fire Department on September 13, 1952—recommending passage of the accompanying order:

Ordered, That under the provisions of section 100 of chapter 41 of the General Laws, upon petition of Hugh F. Lynch, a hoseman in the Fire Department, for indemnification for hospital, surgical, medical, and nursing expenses incurred as a result of an injury sustained by him while in the performance of his duty on September 13, 1952, there be allowed and paid, as recommended by the Fire Commissioner and approved by the Corporation Counsel, to the following the amount stated—Hugh F. Lynch (petitioner), \$21.09—said amount to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

The reports were accepted, and the orders were severally passed.

APPEARANCE OF MR. EDWARD DANA OF THE MTA.

Coun. HURLEY offered the following:

Ordered, That Mr. Dana, General Manager of the Metropolitan Transit Authority, be requested to appear before the Executive Committee of the Boston City Council to explain their plans to transport the 34 families that will be housed in the Orient Heights Housing Project, East Boston, next Monday, May 19, 1953, at 3 p.m.

Coun. FOLEY moved to amend the order by adding thereto the following:

"And the possibility of providing transportation from South Boston to the location of the new Carney Hospital for employees of the new Carney Hospital who reside in South Boston."

The amendment was adopted, and the order as amended was passed under suspension of the rules.

USE OF SURPLUS REVENUE IN COMPUTATION OF 1953 TAX RATE.

Coun. PIONEOTE offered the following:

Ordered, That his Honor the Mayor request the Board of Assessors to secure, in the computation of the 1953 tax rate, the approval of the Commissioner of Corporations and Taxations for the use of \$3,322,390.44, which represents the amount now in surplus revenue.

Passed under suspension of the rules.

MAYOR VETOES SALARY INCREASES PROPOSED FOR SUPERINTENDENT AND ASSISTANT SUPERINTENDENTS OF SUFFOLK COUNTY COURT HOUSE—MAINTAINS PROPOSED INCREASES ARE OUT OF LINE WITH THOSE GRANTED RANK AND FILE OF COUNTY EMPLOYEES.

The following has been addressed to the City Council by Mayor Hynes:

To the City Council.

GENTLEMEN:

I return herewith, without my signature, and disapproved, the order for the acceptance of chapter 391 of the Acts of 1952, which provides salary increases for the superintendent and assistant superintendents of the Suffolk County Court House.

With the exception of the positions covered by this order, the salaries of all employees of the Suffolk County Court House Commission are fixed and regulated under the County Compensation Plan. From the inception of this plan in 1931 until 1950, the positions under consideration were included in the plan. In this

REPORT OF THOMAS D. GINN, DIRECTOR OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT NATIONAL VOCATIONAL GUIDANCE ASSOCIATION MEETING IN CHICAGO, MARCH 29 TO APRIL 2, INCLUSIVE.

The following is a report of his attendance at the meetings of the National Vocational Guidance Association, the American Personnel and Guidance Association, and the American School Counselor Association by Thomas D. Ginn, Director of Vocational Guidance:

I was a delegate from the Greater Boston Guidance Association and voted at both business meetings. This is the first time that the N. V. G. A. met as a division of the A. P. G. A. The American School Counselor Association came into being last year and is also a division of the A. P. G. A. I am a charter member of this group, which is an organization of school personnel concerned with providing and improving professional guidance services for children, youth, and adults. Its members are drawn from counselors, teacher-counselors, directors of guidance in public schools, and other school staff

MAYOR JOHN B. HYNES PRESIDES AT KICKOFF OF CLEAN-UP, PAINT-UP, FIX-UP CAMPAIGN FOR CITY OF BOSTON—ENTHUSIASTIC MEETING OF CITY OFFICIALS AND PUBLIC-SPIRITED CITIZENS GIVES PROGRAM BIG SEND-OFF—PARADE REVIEWED AT CITY HALL AT NOON ON THURSDAY—ALL CITIZENS URGED BY MAYOR TO TAKE PART.

Mayor John B. Hynes designated the period of May 21-31 as the official clean-up, paint-up, fix-up, and plant-up time for the City of Boston at a kickoff meeting on Wednesday in the City Council Chamber. The meeting was sponsored jointly by the Greater Boston Chamber of Commerce and the City of Boston.

In opening the meeting the Mayor urged:

"Help make Boston a better place in which to live and work by joining the annual joint campaign of the City of Boston and the Boston Chamber of Commerce to make Boston the city beautiful.

"Clean your back yard, alleyway, cellar, attic, and furnace. Keep the premises free of unnecessary combustible materials, thereby preventing fires, and your yard free of refuse, garbage, and debris, as a safeguard of health.

"Paint inside and outside your house. Paint beautifies and prevents decay and will not only make your home more attractive but will protect your real estate investment.

"Fix your roofs, steps, windows, electrical fixtures, plumbing, porch, and lawn furniture. Such work will obviously make your home more comfortable and help prevent accidents to yourself and to other members of your household.

Boston to Sparkle.

"Plant flower boxes, gardens, grass plots, and shrubbery, and help make our beloved city more beautiful.

"Put out refuse to be collected by the city contractors only on regular rubbish collection days.

"If the residents will cooperate in this most worth-while civic endeavor, Boston will take on a fresh and spirited sparkle and protect its physical assets."

The program was as follows: 300 banners, 54 x 13, on city trucks and buildings; 200,000 circulars distributed to the parents of all school children in public and parochial schools in the city; an art poster contest conducted among the school children under the supervision of Mr. Casimir Shea; store window signs distributed; over 600 stencils painted on sidewalks and crosswalks throughout the city; two large bulletins placed on Boston Common; various department stores displaying window decorations on the campaign; honor emblems on all taxicabs; radio and television stations help with publicity.

Other stunts were planned. On Thursday morning there was a "Clean-Up Parade," beginning at Stuart street. Participating were various city trucks, flushing and sweeping machines, dump trucks, etc. The parade passed in front of City Hall at noon and was reviewed by his Honor the Mayor. A television stunt was also planned, with members of the committee taking part in the clean-up program with brooms, rakes, etc. This was shown on the National Shawmut Bank news program at 7.15 P.M. on Friday, and Neil Scanlon prepared a special program for that evening.

MAYOR VETOES SALARY INCREASES FOR SUPER-INTENDENT AND ASSISTANT SUPERINTENDENTS OF COURT HOUSE.

(Continued from page 657.)

latter year, the Legislature, by enacting chapter 455, in effect removed the positions from the plan by providing specific annual salaries for the offices at amounts different from those provided in the county plan. The 1952 legislation provided substantial increases over the salaries established in 1950. These increases, however, were made subject to acceptance by the Council, subject to the provisions of the charter, a feature which was not present in the 1950 legislation.

The significance of developments in this matter over the past three years is shown in the following table:

Salary Range County Plan (1950)	Title of Position.	1950 Act.	1952 Act.
\$3,400-\$4,500	Superintendent	\$5,500	\$6,500
\$3,000-\$3,600	Assistant Superintendent.	\$4,500	\$5,500

Against the \$2,000 and \$1,900 over-all increases reflected for the positions listed in the foregoing table, county employees were granted under the county plan general increases of \$200 in 1951 and minor adjustments when the plan was revised last November. It is evident, therefore, that the increases provided by the Legislature are far out of line with those granted to the rank and file of county employees.

In view of the fact the salaries of the positions under discussion were controlled for nineteen years under the county plan, and further, that the compensation of the other 148 positions in the Court House Commission budget still remain under the plan, it is difficult to see why the offices of superintendent and assistant superintendents should be outside the pale of the plan. Certainly there is nothing in the nature of the duties of these positions which would appear to warrant legislative determination.

In my opinion these positions never should have been eliminated from the county plan, and I believe that the only proper course of action would be to petition the Legislature to again have them included in said plan.

Respectfully,

JOHN B. HYNES, Mayor.

LIBRARY TO CELEBRATE CENTENNIAL.

Mayor John B. Hynes has sent letters of invitation to distinguished citizens inviting them to join the Boston Public Library Centennial Commission.

The Centennial Commission will join with the Trustees of the Library in celebrating the Boston Public Library's first 100 years.

The Boston Public Library is the first great public library to come into existence in the United States. It is one of the chief ornaments of the city and of the Commonwealth of Massachusetts and one of our nation's greatest treasure houses of learning.

The celebration will commence later this year and will run on through May of 1954. Centennial headquarters have been established at 110 Tremont street.

REPORT OF THOMAS D. GINN, DIRECTOR OF VOCATIONAL GUIDANCE.

(Continued from page 657.)

members who have released time for the performance of guidance functions. It is not for state supervisors; they have their own group. There is a potential membership of about 9,000 counselors in the United States that might pool their best thinking for the betterment of the entire body. I am one of a board of six governors, and represent New England. I spent six hours in the deliberations of the Board of Governors, and the groundwork for the newest division of A. P. G. A. is well under way. Mr. Arnold Embree, our first president, Mr. Ted Kuermmerlein, and Miss Anna Meeks deserve much credit for the spade work they have done. The counselors are on the firing line and they feel they should have a voice in deliberations in their own field. I am sure much good will come from this group.

Twenty-one hundred people registered, and it seemed they were all present for the opening meeting at 10:30 on Monday morning. Professor Robert J. Havighurst, Chairman, Committee on Human Development, of Chicago University gave the keynote address: "The Role of Motivation in Maximizing Human Resources." In his masterful address the professor reiterated that talents must be developed, and he made it clear that they often overlap in the high ability group. He asked the counselors to keep an eye on the top 10 per cent of the class, to increase the achievement of this group by proper motivation. Many pupils lack the drive to achieve. In his summary he stressed the following five points:

1. There should be a system of rewards for small steps in achievement.
2. Publicity should be given to the abilities of the pupils.
3. Individual counseling should be given by a person who is attractive to the pupil.
4. Pupils often do not realize that they have ability, and it is the duty of the counselor to help them discover the hidden strengths.
5. The gifted youth should be put in homogeneous groups.

At noon I dined with a group of counselors from the larger cities and we discussed shop until 1:30. Then I attended the General Assembly of the N. V. G. A., with President Max E. Baer presiding. The topic was "Promoting Job Satisfaction and Opportunities—the Major Discipline Look at the Problem." Five outstanding professors from different parts of the country tossed the ball back and forth, as each one had a microphone. It was a stimulating meeting.

At three o'clock the functional sections held their first meetings, and there were eight running concurrently for the rest of the convention. It was so arranged that you could choose a subject—any phase of guidance such as audio-visual methods, rural services, the gifted, and young workers. I chose the audio-visual methods and attended three meetings of this group. I did this as I am working on some film strips for our own junior high school students. I learned a great deal.

The meeting of the "gifted" group was informative; this work is being developed in many parts of the country where there is money to pay for it. Many of the members of the panel felt that it should

have more attention than it has received to date and our country would be the gainer.

Young Workers. "Promoting Work Opportunities for Today's Youth." I attended two meetings on this subject and was made a member of the National Committee. We plan to develop a questionnaire this year and present the facts at the national meeting in Buffalo in April, 1954. The committee is going to attempt to find out what constitutes job satisfaction on both the part of the worker and the employer.

N. V. G. A. Delegate Assembly Business Meeting. President Baer gave a spirited address on the status of our association and its new relation to the A. P. G. A. The membership deeply appreciates his contribution to the success of our association in this year of transition.

On Wednesday morning a group of five counselors visited the R. R. Donnelley Printing Plant, which employs 7,000 workers. The trip was most instructive.

I want to thank the Board of Superintendents for making possible my trip to the convention in Chicago. I know you would want the city represented in this particular field of education which had its birth in Boston.

MAYOR INAUGURATES CLEAN-UP, PAINT-UP, FIX-UP CAMPAIGN.

(Continued from page 657.)

Mayor Hynes also called on department heads for their reports:

Commissioner George G. Hyland of the Public Works Department stated that his department is prepared to utilize its entire street-cleaning and flushing equipment, trucks, and the entire personnel of 600 men in the Sanitary Division for the success of this Clean-Up Campaign. He also informed the gathering that the Public Works Department is doing everything possible to make Boston a cleaner city, not only during this campaign, but throughout the entire year. He assured the members that he and his department would welcome suggestions at all times during the year and that all complaints received by them have received immediate attention.

VACANT LOTS INCLUDED.

Chairman Herman Carp of the Board of Real Estate Commissioners stated that vacant lots owned by the city are being thoroughly cleaned and that "No Dumping" signs are being posted. He also informed the group that there are several vacant lots owned by the city that are not salable and that the city would be happy to loan these lots to the abutting property owners to be used for gardens.

Police Superintendent Edward W. Fallon assured the committee that the Police Department is prepared to enforce the law whenever necessary and is working together with the other city departments in so doing.

Dr. John H. Cauley of the Health Department reported that all of the health inspectors are on the job and have been able to do much more this year because of the lack of snow. He stated that, on the whole, his department has found that the people of Boston are most pleased with health conditions and he praised the work of Charles Ernst of the South End House, and that of Commissioner Hyland and the Public Works Department.

Mayor Hynes then presented the President of the Greater Boston Chamber of

Commece, Mr. Paul Rothwell. Mr. Rothwell expressed thanks to the Mayor and the city departments for their excellent cooperation at all times. He stated that the entire city is deeply grateful to the Mayor for the excellent manner in which he has conducted the affairs of the city. He especially praised the establishment of the Rehabilitation and Conservation Program and expressed the opinion that it will mean a great deal, not only for the improvement of the blighted areas, but for the general morale of the citizenry of Boston, and will ultimately cause many former Bostonians to move back to Boston.

Mayor Hynes, Paul T. Rothwell, President of the Chamber of Commerce, C. A. (Tom) Sawyer, Chairman of the Campaign Committee, and George G. Hyland, Commissioner of Public Works, reviewed the cavalcade at City Hall.

MAYOR TO OFFER PRIZES FOR SUGGESTIONS BY EMPLOYEES LOOKING TO BETTERMENT OF SERVICE TO PUBLIC.

The following communication has gone forward from the office of the Mayor:
To the City Council.

GENTLEMEN:

Chapter 118 of the Acts of 1953 provides that a city may expend in any one year a sum not exceeding \$1,000 for "the granting of monthly cash awards to municipal employees who, in the judgment of a committee to be appointed by the Mayor, submit the most valuable suggestions for improving the service of the municipality."

The practice of encouraging and stimulating employees to make suggestions for the improvement of methods, procedures and processes has been developed to a high degree in many of the large corporations throughout the country.

Since it is, therefore, permissible to make cash awards for productive recommendations, which will embrace suggestions for the improvement of operating efficiencies, the improvement of employee relations, the improvement of public relations, etc., I believe we should go forward with the establishment of such an awarding plan.

If such a plan has no other benefit, it will serve to acquaint many of our city employees with the operating and management problems of the City of Boston.

In accordance with the provisions of the foregoing statute, I submit herewith an order for the appropriation from the reserve fund of \$1,000, to be expended under the provisions of said statute. Upon approval of the order, I shall appoint a committee of permanent, career employees or officials to draw up rules and regulations for the administration of the plan. I respectfully recommend adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 1,767.

The resignation of Patrolman Frederick C. Dana of the Traffic Division, having been presented, it is hereby accepted, to take effect on Sunday, May 31, 1953, at 5:45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Upon May 14 the Mayor approved a contract with contractors as indicated in the following letter:

BOSTON, May 13, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing tractors and mowers to the Park Department. These bids were publicly opened and read in this office on May 5, 1953.

Authority is requested to award contracts as follows:

Item 1, two bids were received but only one vendor submitted a bid meeting specifications. CONSTRUCTION OF PEIRSON STREET, ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the laying out and construction of Peirson street, Roxbury district, as a highway, from Massachusetts avenue to Allerton street, bounded and described as follows:

A highway named Peirson street is hereby laid out from Massachusetts avenue to Allerton street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Massachusetts avenue, 40 feet; southerly by the southerly line of Peirson street as hereby laid out, 408.11 feet; westerly by Allerton street, 41.45 feet; and northerly by the northerly line of Peirson street as hereby laid out, 419 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Peirson street, from Massachusetts avenue to Allerton street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.
1. Morgan Linen Service, Inc.....	\$729.60
2. Morgan Laundry Service, Inc.....	808.00
3. Shorin Realty, Inc.....	190.48
4. Shorin Realty, Inc.....	689.52
5. Shorin Realty, Inc.....	698.00
Total.....	\$3,205.60

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Peirson street, Roxbury district, as a highway, from Massachusetts avenue to Allerton street, under the order of the Board of May 12, 1953, and awards no damages therefor.

WIDENING AND RELOCATION OF STREET.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening, relocation and construction of Forest Hills street, West Roxbury district, as a highway, at the southeasterly corner of Glen road, bounded and described as follows:

The highway named Forest Hills street is hereby widened at the southeasterly corner of Glen road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to August and Matilda Austin, bounded:

Westerly by the easterly line of Forest Hills street as it existed prior to this order, 9.66 feet; northerly by the southerly line of Glen road as it existed prior to this order, 9.66 feet; and southerly by the southerly line of Forest Hills street as widened under this order, 14.07 feet on a curve of 8 feet radius, containing 21 square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Forest Hills street as hereby widened is bounded:

Westerly by the easterly line of said street as it existed prior to this order, 9.66 feet; northerly by the southerly line of Glen road as it existed prior to this order, 9.66 feet; and southerly by the

southerly line of Forest Hills street as hereby widened, 14.07 feet on a curve of 8 feet radius, containing 21 square feet, more or less.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the widening and construction of Forest Hills street, West Roxbury district, as a highway, at the southeasterly corner of Glen road, under the order of the Board of May 11, 1953, in the amount hereinbefore mentioned, and awards said amount therefor.

August and Matilda Austin, 21 square feet, \$1.

CONSTRUCTION OF CLARK PLACE, WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the laying out and construction of Clark place, West Roxbury district, as a highway, from Lamartine street to the location of the Boston & Providence Rhode Island Corporation, to be called Ballin place or some other distinctive name, bounded and described as follows:

A highway named Ballin place is hereby laid out from Lamartine street southeasterly for a distance of approximately 183 feet and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Lamartine street, 29 feet; southeasterly by the northerly line of said Ballin place as hereby laid out, 182.61 feet; southeasterly by the southeasterly line of said Ballin place as hereby laid out, 29 feet; and southwesterly by the southwesterly line of said Ballin place as hereby laid out, 183.21 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Ballin place (formerly Clark place), West Roxbury district, as laid out under this order southeasterly from Lamartine street for a distance of approximately 183 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

BOSTON PORT GAINS IN IMPORTS AND EXPORTS.

Gains in foreign tonnage in both import and export classifications were recorded in April of 1951 as compared to April of 1950. Director John M. Bresnahan of the Port of Boston Authority announced last night.

Total foreign trade increased from 406,719 tons to 507,542 tons, with exports rising from 28,960 tons to 46,469 tons. Imports increased from 437,759 to 461,073 tons.

Total port trade from January through April of this year was 7,439,088 tons, an increase of 1,184,632 tons over the figure for the same four months of 1950, Bresnahan said.

LAYING OUT AND CONSTRUCTION OF STREET.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Presentation road, Brighton district, as a highway, from Bellamy street approximately 164 feet northeasterly, bounded and described as follows:

The highway named Presentation road is hereby laid out and extended from Bellamy street approximately 164 feet northeasterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

A parcel of land, supposed to belong to Swen Johnson and Anna C. Johnson, bounded:

Southerly by the northerly line of Bellamy street as it existed prior to this order, 10.11 feet; northwesterly by the southeasterly line of Presentation road as it existed prior to this order, 10.11 feet; and easterly by the easterly line of Presentation road as laid out and extended under this order, 12.42 feet on a curve of 6 feet radius, containing 23 square feet, more or less.

The land, owners unknown, being part of the private way known as Presentation road, northeasterly from Bellamy street for a distance of approximately 164 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said extension of said Presentation road as hereby laid out is bounded:

Southerly by Bellamy street, 55.69 feet; northwesterly by the northwesterly line of said extension of Presentation road as hereby laid out, 163.33 feet; northeasterly by the northeasterly line of said extension of Presentation road, as hereby laid out, 40 feet; and southeasterly by the southeasterly line of said extension of Presentation road as hereby laid out, 131.37 feet; and easterly by the easterly line of said extension of Presentation road as hereby laid out, 12.42 feet on a curve of 6 feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of said extension of Presentation road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinafter mentioned and on file in the office of this department.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 11, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M. President AEBARN in the chair. Absent, Councillors Ward and White.

The Reverend Father Conald Boland, O.F.M., of St. Anthony's Shrine, Arch street, Boston, was escorted to the rostrum.

INVOCATION BY REV. FATHER CONALD BOLAND.

Almighty and Eternal God, pour forth, we beseech Thee, into our hearts and minds the abundance of Your grace so that our every action may be directed to Your honor and glory. May we have the authority entrusted to us by You, the source of all authority, for the welfare of our beloved people and city. May our judgments be correct and impartial and so guided by Thy wisdom as to promote the welfare of our fellowman.

Let Thy divine counsel lead to a faithful execution of our civic responsibilities.

We pray that all the members of this assembly whom we appointed to guard our political welfare may be enabled by Thy powerful protection to discharge the duties of their respective stations with honesty and ability.

We recommend likewise to Thy unbounded mercy our fellow citizens that they may be preserved in union, and after enjoying the blessings of this life, be admitted to those which are eternal where Thou reignest with the Son and Holy Spirit for all eternity. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments:
Weigher of Coal for term ending April 30, 1954: Russell F. Walker, 600 Broadway, Somerville.
Referred to the Committee on Confirmations.

ABOLITION OF MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,

Office of the Mayor, May 5, 1953.

To the City Council.

Gentlemen:
You are hereby notified that the Municipal Employment Bureau established for the purpose of discharging the City of Boston at the close of business this day, May 5, 1953.

The employees of the Bureau have all been transferred to other positions in the municipal service without loss of compensation or grade. The quarters heretofore occupied by the Municipal Employment Bureau will be occupied by the Division of Registration, Institutions Department.

Respectfully,
J. B. HYNES, Mayor.

SURVEY OF CITY RETIREMENT AND PENSION SYSTEMS.

The following was received:

City of Boston,

Office of the Mayor, May 11, 1953.

To the City Council.

Gentlemen:
I transmit herewith communication from the Corporation Counsel relative to your order of April 27, 1953, requesting a survey for the purpose of securing legislation for the revision, codification and simplification of the laws of the Commonwealth as related to the retirement systems and pensions as affecting the City of Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,

Law Department, May 4, 1953.

Hon. John B. Hynes, Mayor of Boston.

Dear Mr. Mayor:

By direction of your Honor, there has been transmitted to me the order passed by the City Council on April 27, 1953, requesting a survey and study of the laws of Massachusetts governing retirement systems and pensions with view to the revision, codification, and simplification of the same insofar as they affect the City of Boston.

This is to advise you that in my opinion there is no need for such a survey and study at the present time, as the Special Unpaid Commission established by Resolves of 1951, chapter 28, revived and continued by Resolves of 1952, chapter 91, is making such a survey and study with respect to all general laws relating to retirement systems and pensions and the Special Unpaid Commission established by Resolves of 1950, chapter 28, and revived and continued by Resolves of 1951, chapter 43, and Resolves of 1952, chapter 98, is including in its work such a survey and study of all special

laws relating to the City of Boston which affect pensions, retirement allowances and annuities.

Respectfully,

WILLIAM L. BAXTER,

Corporation Counsel.

REPAIR OF SIGNS ON SQUARES NAMED IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,

Office of the Mayor, May 11, 1953.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 27, 1953, directing that signs, placed throughout the city to indicate that squares have been named in honor of deceased veterans, be repaired and restored before Memorial Day.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Public Works Department,

May 6, 1953.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 27, 1953:

"Ordered, That his Honor, the Mayor, be requested to direct that the signs, placed throughout the city to indicate that squares have been named in honor of deceased veterans, be repaired and restored as necessary before Memorial Day, 1953."

Every reasonable effort will be made to comply with the provisions of the above-referenced order, as it is our intention to have all so-called hero square signs in A-1 condition before Memorial Day.

Respectfully yours,

GEOFFREY G. HYLAND,

Commissioner of Public Works.

Placed on file.

"STOP" SIGNS AT HIGH AND WALKER STREETS, CHARLESTOWN, ETC.

The following was received:

City of Boston,

Office of the Mayor, May 8, 1953.

To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of the Traffic Commission relative to your order of April 27, 1953, concerning the erection of "Stop" signs at the intersection of High street and Walker street in Charlestown, and also to erect "Slow" signs on both streets near the same intersection.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

May 6, 1953.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

With reference to a City Council order dated April 27, 1953, ordering that the Traffic Commissioner be requested to erect "Stop" signs at the intersection of High and Walker streets, Charlestown, also to paint "Slow" signs in both streets near the same intersection, I wish to report that our engineers personally observed conditions at this intersection and through previous knowledge are familiar with the area.

The junction described is a "T" intersection. Both streets are very narrow so that vehicles entering the intersection from High street—and this is the direction from which most of the light traffic using the area originates—must come to a complete stop, or an approximate stop, before proceeding through the intersection. In fact, a motorist is normally to negotiate this turn at a speed of more than ten miles per hour would probably run against the stone wall surrounding the school property on the opposite side of Walker street.

Under these conditions, where the stopping or slowing of vehicles is practically mandatory, it has not been our practice to install "Stop" signs, as the warrants for a "Stop" sign are based upon different conditions than those prevailing here.

We have issued orders to paint "Slow" signs as requested in the two approaches to the intersection.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

PURCHASE OF HARBOR ISLANDS FOR RECREATIONAL PURPOSES.

The following was received:

City of Boston,

Office of the Mayor, May 11, 1953.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Recreation relative to

your order of February 9, 1953, requesting an investigation for the possibility of procuring one or more of the Boston Harbor islands for recreational uses.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Board of Recreation,

April 30, 1953.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Pursuant to your communication bearing date of March 31, 1953, with respect to the order of the Boston City Council of February 9, 1953, requesting the Board of Recreation to investigate the possibility of procuring one or more of the Boston Harbor Islands, owned by the Federal Government and available for sale for recreational purposes, we submit the following in answer thereto.

The islands involved are:

Cadings Island—sold to Mr. Charles Sasone, Maverick Street, Dedham.

Peddock's Island—Boys' Town of Massachusetts, Inc., has applied, through the Federal Security Agency, for this island.

Calf and Little Calf Islands—up for bids, cut-off date is May 8, 1953.

Great Brewster Island—up for bids, cut-off date is May 15, 1953.

Outer Brewster Island—up for bids, cut-off date is May 22, 1953.

Calf Island and Little Calf Island located in Boston Harbor, together with the improvements thereon. Calf Island contains approximately 17.2 acres of land and Little Calf Island contains approximately 0.85 of an acre of land. The improvements consist of a stone observatory approximately 14 feet square and a wooden pier wharf approximately 14 feet x 171 feet and that portion of a submarine power cable which extends from Great Brewster Island to Calf Island.

The property is known and identified as D-Mass-407, Calf Island and Little Calf Island Military Reservations, Hull, Massachusetts. The submarine power cable offered for sale is a section of the entire cable extending from Fort Warren to Outer Brewster Island. The government makes no representation or warranty as to the condition of the cable, and is offering this cable in an "as is" condition.

The property is also subject to existing easements, if any, for public utilities and for pipe lines. This property is also subject to all encumbrances that may or may not be of record insofar as the same or any of them may be in force and applicable.

There is a small cemetery on Calf Island containing a few unmarked graves. The value of this property will be required to enter into a contract of sale prior to the execution and delivery of a deed, wherein he will advise the purchaser of the existence of the burial ground and will be required to release the government and hold the government harmless from any claims or demands by the purchaser or any other person based upon or arising out of the former use of this plot of land as a burial ground. The purchaser of this property shall be required to provide for the survival of these conditions after the execution and delivery of a deed.

Great Brewster Island located in Boston Harbor in the Town of Hull, County of Plymouth, Massachusetts, contains 21.7 acres of land, together with improvements thereon. The improvements consist of wooden island pier, approximately 3,302 square feet; a concrete island reservoir, 22 feet by 43 feet; a granite sea wall, 2,843 linear feet; a helix stone old well, 500 feet deep; a temporary wooden recreation building; a wooden latrine; a wooden mess hall; a wooden power plant building; a wooden barracks; a wooden barracks; a wooden garage and repair shop; a wooden AMTB, BC station; two wooden generator buildings; a concrete island observatory; a wooden old wooden oil storage room, a concrete mine casemate; four concrete mine cable tubes; a wooden earth covered store room; a wooden platform; and that portion of the submarine power cable which extends from Fort Warren to Great Brewster Island.

This property is known and identified as D-Mass-402, Great Brewster Island Military Reservation, Hull, Massachusetts. The submarine power cable offered for sale is a section of the entire cable extending from Fort Warren to Outer Brewster Island. The government makes no representation or warranty as to the condition of the cable, and is offering this cable in an "as is" condition.

The property is also subject to existing easements, if any, for public utilities and for pipe lines. This property is also subject to all encumbrances that may or may not be of record insofar as the same or any of them may be in force and applicable.

Outer Brewster Island is located in Boston Harbor, containing approximately one mile and a half from Boston Light in the Town of Hull, Plymouth County, Massachusetts, together with the improvements thereon. The improvements consist of a permanent concrete garage; a permanent concrete pump house; a permanent concrete pier and oil tank; a permanent concrete barracks and day room and heating

plant, a storage and mess hall, a concrete reservoir, 18 feet by 22 feet, a boat dock approximately 3,684 square feet; a reservation with a 40-foot permanent steel flagpole; a metal radar operating building; two metal radar control buildings; a 6-inch casemate battery of concrete approximately 11,821 square feet; a concrete observation station; and that portion of a submarine power cable which extends from Calf Island to Outer Brewster Island.

This island is known and identified as D-Mas-403, Outer Brewster Island Marine Reservation, Hull, Massachusetts. The submarine power cable offered for sale is a section of the entire cable extending from Fort Warren building on Brewster Island. The government makes no representation or warranty as to the condition of the cable, and is offering this cable in an "as is" condition.

The property is also subject to existing easements, if any, for public utilities and for pipe lines. This property is also subject to all encumbrances that may or may not be of record insofar as the same or any of them may be in force and applicable.

If the city decides to buy one of the islands, it must submit application to the Department of Interior which decides on the advisability of the purchase which will be at 50 per cent of the established fair value. (According to the Federal Property and Administrative Services Act of 1949, Public Law 152, relating to the disposal of surplus real property.)

Although the Board of Recreation is fully cognizant of the need for added recreational facilities, especially during the summer, to promote the welfare of the citizens of Boston, the Board does not recommend the purchase of any of the islands for recreation purposes because:

1. Transportation facilities are not available unless the city purchase or build excursion type boats and also erect or repair landing facilities.
2. Present facilities on the islands would require adaptation, improvements or replacements to develop the area for public recreation.
3. If the City of Boston should erect permanent buildings and construct adequate play facilities with all necessary safety and sanitary adjuncts, the cost of maintenance would be an added burden for the city.

Yours respectfully,
Louis G. Maglio, Chairman.

METROPOLITAN TRANSIT AUTHORITY.

May 8, 1953.

Mr. W. J. Malloy,

In Clerk, Boston,

Dear Sir:

In reply to your letter of May 6 and the order of the Council, I presented the letter to the full Board of Trustees at their meeting today, and they directed me to advise you that in the light of the legislation wherein they are responsible for the character and extent of the service, and the fact that a representative of the railway did appear last Monday and explain to the Council the facts and their decision that this extension under present conditions was unsound, they desire to relieve me from the time necessary to be in attendance.

Very truly yours,

EDWARD DANA,

General Manager.

LAND AT BROOKLINE AVENUE, FENWAY, RIVERWAY, PARK DRIVE, AND BOYLSTON STREET.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1953.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the City Planning Board relative to your order of January 5, 1953, concerning suggested improvements for the area at the junction of the Brookline Avenue, Fenway, the Riverway, Park Drive, and Boylston street.

Respectfully,
J. B. HYNES, Mayor.

City Planning Board,
May 1, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
In accordance with Council order of January 5, 1953, the City Planning Board submits herewith a report in the form of a summary of the studies of the City Planning Board, State Planning Board, and city agencies, covering suggested improvements for the area at the junction of Brookline Avenue, Fenway, the Riverway, Park Drive, and Boylston street.

The fact of the matter is that there is little in the way of reports existing on this matter, but there has been a good deal of plan presentation or the proposed treatment of this intersection.

The State Planning Board reports that the Division of Metropolitan Planning, which was organized by the State Planning Board, in 1932, 1935, 1939, and 1941, recommended in its annual reports to the Legislature a proposal for traffic improvements of this intersection. All of these recommendations were in the nature of traffic circle and were very similar to those prepared by the City Planning Board and the Boston Park Department.

The Massachusetts Department of Public Works has not been concerned in the treatment of this area as a separate intersection. It has made some preliminary studies concerning an extension of the proposed belt route from Southampton street, across Roxbury to Cambridge, previously known as the Roxbury-Croston Route. One of the possibilities is that the crostown route would pass through this area. In any event, the construction of such route, if it will depend on the authorization of large scale funds by the State Legislature at some future date, presently inestimable.

The Division of Transportation has, from time to time, developed schemes for traffic improvement at this point. Plans for rotary treatment drawn in 1941, 1942, 1948, and 1949, are on file at the City Planning Board under the auspices of the Park Department that the old gatehouse was removed and a section of Muddy River filled in to prepare the way for traffic improvement.

The Boston Traffic Commission, over the years, has made several plans showing traffic counts and volumes. Their most recent plan, dated January 1950, shows detailed traffic movements and flows at this intersection. The Commission has repeatedly listed this point as one of the worst traffic bottlenecks in the city.

The City Planning Board has been in touch with all of the above agencies since 1932 when circular treatment for this intersection was first proposed

by this department. In the intervening years, however, no specific report has been received by any agency. The Planning Board has every two or three years been concerned in conferences or discussions with other agencies regarding this problem.

In the 1948 State Master Highway plan for the Boston Metropolitan area a plate was incorporated showing rotary treatment for this intersection. Shortly after this report was published the Planning Board again submitted two proposals to the then Mayor, one showing a rotary surface treatment and the other showing an overpass along the parkway in addition to surface treatment.

In our last plan an effort was made to shift the location of a section of Park Drive opposite Sears and Roebuck & Co. to provide some parking space in return for a necessary taking at the corner of Park Drive and Brookline Avenue. As a matter of record, the Planning Board in 1947 submitted a sketch to the Sears Roebuck & Co. recommending double decking of their existing parking space in the rear. This was done as an alternative to a scheme for allowing parking within the circle, if built, which the Planning Board, among others, disapproved.

It is granted by all agencies that the intersection is in need of treatment; that surface rotary treatment will not do the job at peak hours and that a grade separation is the best solution. An overpass will cost about \$2,000,000, which is not in a position to undertake. Such a substantial investment in a traffic improvement in the area would also be unwise until a determination has been made of the location of a Boston approach to the proposed Massachusetts Toll Highway and the location of the belt route.

We understand that it will be some months before the Massachusetts Turnpike Authority will be able to make a decision on the specific route of the Toll Highway.

Attached are two copies of plans taken from our 1948 Annual Report, one showing a simple surface rotary proposal and the other a grade separation in addition.

We are also attaching hereto a copy of letter from Commissioner Volpe regarding the Massachusetts Department of Public Works viewpoint and also a copy of vote taken by the Board in regard to the sale of property in question.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

(Annexed hereto are two copies of plans referred to in the foregoing communication.)

Commonwealth of Massachusetts,
Department of Public Works,

April 13, 1953.
Thomas F. McDonough,
Chairman, City Planning Board.

Dear Sir:

Relative to your letter of March 25, 1953, enclosing a copy of a resolve adopted by the Boston City Council on January 5, 1953, concerning an area at the intersection of Brookline Avenue, Fenway, the Riverway, Park Drive, and Boylston street, this department recognizes, of course, the need for improving traffic facilities in this heavily traveled and congested area.

The Master Highway Plan of 1948 recommended a divided highway between a double rotary at this location. Approximately one-half mile to the southwest the inner belt route was recommended. Currently the extension of the inner belt route or central artery under consideration is the section from Fort Hill square to a point on or near Albany street west of Deane street, passing south of the intersection of Massachusetts Avenue and Southampton street.

This department has made considerable study of the belt route as a whole and in some cases the studies indicate that a location other than that shown in the master highway plan may be more feasible especially in the vicinity of the proposed extensive developments have already taken place in the original location as recommended.

These studies indicate that the belt route may be located in or very close to the area described in your letter and in this event the belt route might well include, or at least help to provide, the improvement in the location. In any event, it appears highly desirable to defer any possible any development in this area until such time as more detailed studies are made in connection with the belt route in this vicinity.

It is my understanding that the southerly alternate of the Massachusetts Turnpike, now under study, might connect with the belt route in this same vicinity.

If current funds limit the extension of the belt route to a point at or near Albany street east of the intersection of Massachusetts Avenue and Southampton street, it will be somewhat difficult to estimate just when further extension toward the intersection of Deane street and Albany street, extension will, of course, depend on sufficient large scale funds for this type of work being authorized by the State Legislature.

I am pleased to make our studies available and cooperate with your Board in order to determine the most feasible approach and solution to this problem.

Very truly yours,
JOHN A. VOLPE, Commissioner.

City Planning Board,

April 30, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
I am writing concerning disposition of approximately 92,000 square feet of land at Brookline Avenue, Park Drive, and Riverway, opposite the Sears Roebuck & Co. building.

This matter was discussed very fully at Board meetings and on last Tuesday a motion was carried that the City Planning Board inform the Mayor that it has no definite plan for any project on this particular plot and that its disposition be left to the Mayor's discretion; also that copy of letter from Commissioner Volpe and the City Planning Board's Department of Public Works be attached hereto.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.
Referred to the Committee on Public Lands.

LEASE WITH OPTION TO PURCHASE LAND ON PARK DRIVE, BROOKLINE AVENUE, RIVERWAY, AND BY-PASS ROAD.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1953.
To the Honorable City Council.

Gentlemen:

Chapter 199 of the Acts of 1951 authorizes the Mayor of the City of Boston to sell or lease to Sears Roebuck & Co. any part, parts or the whole of the land in Boston bounded by Park Drive, Brookline Avenue, Riverway, and the new By-Pass road, provided that the sale is authorized by a vote of the City Council and assented to by the Board of Park Commissioners.

At a meeting of the Board of Park Commissioners held May 8, 1953, the Board declared its assent to a lease or sale of this property to Sears Roebuck & Co. A copy of this vote is transmitted herewith.

Also transmitted herewith is an order to which is annexed a proposed form of agreement between the City of Boston and Sears Roebuck & Co. The proposed agreement would give the company a lease of the premises for two years with an option to purchase at any time within the two years for the sum of \$100,000. During the term of the lease the company would pay to the city a rental of \$13,000 per annum. The figure of \$13,000 would represent a payment of an estimated \$7,000 a year for real estate taxes and \$6,000 yearly rental.

I also transmit for your consideration a letter received from Sears Roebuck & Co. dated March 19, 1953, which presents the peculiar need of the company for this land and its desire for immediate action if the original intent of the Legislature is to be carried out.

Respectfully yours,
J. B. HYNES, Mayor.

City of Boston,
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
The following vote was adopted at a meeting of the Board of Park Commissioners of the City of Boston held on Friday, May 8, 1953, at the Park Department office, 33 Beacon street, Boston:

Voted, To assent to the sale or lease to Sears, Roebuck & Co., of approximately 92,380 square feet of land located at Brookline Avenue, Park Drive, and Riverway.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name of the City of Boston an agreement with Sears Roebuck & Co. in the form annexed hereto.

Whereas, By the provisions of Statute 1951, chapter 199, the City of Boston is authorized to sell or lease to Sears Roebuck & Co. a certain parcel of land, hereinafter described; and now, therefore,

It is mutually agreed by and between the City of Boston, a municipal corporation duly organized and existing under the laws of the Commonwealth of Massachusetts (hereinafter referred to as the lessor, which expression shall include its successors and assigns), and the Sears Roebuck & Co., a corporation duly organized and existing under the laws of the State of New York and having an usual place of business in Boston in said Commonwealth (hereinafter called the lessee, which expression shall include its successors and assigns), as follows:

1. The lessor does hereby demise and lease unto the lessee a certain parcel of land, situated in the Roxbury district of the City of Boston bounded and described as follows:

Southerly by a curved line (15) feet distant from and parallel to Brookline Avenue, one hundred eighty-seven and 50-100 (187.50) feet; southerly by a curved line (15) feet distant from and parallel to Riverway, one hundred and one hundred thirty-two and 75-100 (132.75) feet and two hundred forty-nine and 36-100 (249.36) feet; westerly by a curved line with a radius of fifteen (15) feet, thirty-two and 97-100 (32.97)

feet; northwesterly by a curved line twenty-seven (27) feet distant from and parallel to Hy-Pass road, two (2) dimensions, to be hundred nine and 32-100 (209.32) feet and ninety-nine and 49-100 (99.49) feet; northerly by a curved line with a radius of fifteen (15) feet, thirty-six and 78-100 (36.78) feet; northwesterly by a curved line twenty-five (25) feet distant from and parallel to Park Drive, two (2) dimensions, three hundred seventy and 27-100 (370.27) feet and seventy-seven and 91-100 (77.91) feet; containing approximately ninety-two thousand three hundred eighty (92,380) square feet and being shown as Parcel 1 on a plan attached hereto and made a part hereof.

To have and to hold the said premises for the term of two (2) years commencing with the first day of June, 1953.

Yielding and paying therefor the amount of thirteen thousand dollars (\$13,000) per annum, payable in equal monthly installments of one thousand eighty-three and 33-100 dollars (\$1,083.33) per month during said term, the first payment to be made on the first day of June, 1953, and subsequent payments to be made on the first successive day of each month, and the last to be made on the first day of May, 1955. The lessor agrees that the said amount of thirteen thousand dollars (\$13,000), payable as aforesaid, shall be deemed to include the sum total of (1) the "yearly rental," a sum of money equal to thirteen thousand dollars (\$13,000), less the real estate taxes, plus (2) real estate taxes, the real estate taxes assessed to the lessee (or anyone claiming by, through or under the lessee on account of this lease or on account of the occupancy of the demised premises). The lessor agrees, provided the amount of thirteen thousand dollars (\$13,000) is paid to the lessor in the amounts and manner above prescribed, to apply to the payment of real estate taxes, in the name and behalf of the lessee from and out of said amount of thirteen thousand dollars (\$13,000), the said amount of said real estate taxes. In the event that this lease is terminated without fault on the part of the lessee within any lease year during the term hereof, the "yearly rental" and the "real estate taxes" shall be apportioned as of the date of such termination.

2. The above-described premises are conveyed subject to the right of the City of Boston forever to maintain, repair and renew sewerage works within the area marked "Rever Easement" on the plan attached hereto and made a part hereof, which easement the City of Boston expressly excepts and reserves. No structure shall be erected over said easement without the consent in writing of the Mayor of the City of Boston.

3. The lessor grants to the lessee the right to pass and repass over the areas shown as Parcel 1-A, Parcel 1-B, Parcel 1-C, Parcel 1-D, and Parcel 1-E on the plan attached hereto and made a part hereof during the term of this lease.

4. The lessee shall have the option at any time during the term of this lease to purchase all of the City of Boston's right, title and interest in Parcel 1 together with the rights of passage as set forth in Paragraph 3 subject to the condition set forth in Paragraph 2, for the sum of one hundred thousand dollars (\$100,000) provided that the lessee gives to the lessor thirty (30) days' notice in writing of its intention to exercise its option.

5. The lessee covenants that it will pay all real estate taxes assessed on the demised premises during the term of this lease in the amounts and manner prescribed in Paragraph 1 hereof.

6. Provided also, and these presents are upon this condition, that if, after the execution hereof and before the expiration of the said term, the lessee shall neglect or fail to perform or observe any of the covenants contained in these presents, and on the part of the lessee to be performed or observed, and such breach, neglect or failure is not remedied within thirty (30) days after written notice to the lessee by the lessor of the specific breach, neglect or failure, the lessor may, at any time after the said thirty (30) days, without further demand or notice, enter into and upon the said premises or any part thereof in the name of the whole and represent the same as of the lessor's former estate and expel the lessee and those claiming through or under the lessee and remove their effects (forcibly, if necessary) without being deemed guilty of any manner of trespass and without prejudice to any remedies which might otherwise be used for arrears of rent or preceding breach of covenants, and upon entry as aforesaid this lease shall terminate.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. PIEMONTE, for the Committee on Confirmations, submitted the following:
Report on appointment by the Mayor (referred May 4) of Katharine R. Walsh and Walter J. Johnson as weighers of coal for term ending April 30, 1954 recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation. The Committee on Councilors Hailer and Piemonte. A whole number of ballots 7, year 7, and the appointments were confirmed.

PUBLIC HEARING RE CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

Coun. AHEARN offered the following:
Ordered, That a meeting of the City Council be held in the City Council Chamber, City Hall, on Tuesday, May 12, 1953, at 11 A.M., for the purpose of holding a public hearing on the proposed contracts for the collection and removal of refuse, submitted to the City Council by the Mayor on April 27, 1953.

Passed under suspension of the rules.

CELEBRATION OF ANNIVERSARY OF FOUNDING OF DORCHESTER.

Coun. JOYCE offered the following:
Ordered, That his Honor the Mayor be requested to authorize the Director of Public Celebrations to arrange for the suitable celebration of the three hundred and twenty-third anniversary of the founding of Dorchester, with historical exercises to be held at the site of the marker which designates the spot of the first landing, at Savin Hill, on June 6, 1953.

Passed under suspension of the rules.

SHORTAGE OF PERSONNEL AT CITY HOSPITAL.

Coun. HAILER offered the following:
Ordered, That the Superintendent and Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to investigate the reasons and underlying causes for the shortage of personnel at the hospital and to report back to the City Council by May 18 the result of their findings.

The order was passed under suspension of the rules. Later in the session Councillor Hailer moved reconsideration of the foregoing vote. The motion to reconsider prevailed. On further motion of Councillor Hailer the order was referred to the Executive Committee.

OFF-STREET PARKING FACILITIES, JAMAICA PLAIN SHOPPING AREA.

Coun. HAILER offered the following:
Ordered, That the Board of Real Estate Commissioners be requested, through his Honor the Mayor, to make a study of off-street parking facilities in the Jamaica Plain shopping area.

Passed under suspension of the rules.

NATIONAL GOLF DAY.

Coun. HAILER offered the following:
Whereas, National Golf Day is a worthy charitable event to secure funds for the National Golf Fund, Inc., 50 per cent of which is turned over to the U. S. G. O., amounting to \$40,025 in 1952, while the remainder is used to pay for college tuition and books for deserving young caddies; therefore be it

Ordered, That his Honor the Mayor be requested to issue a proclamation declaring May 23, 1953, as National Golf Day and that the Park Commission be allowed to turn over the green fees received at municipal golf courses on that day to the National Golf Fund, Inc., as the City of Boston's contribution to this worthy cause.

Passed under suspension of the rules.

TO PREVENT ISSUANCE OF GASOLINE STATION PERMITS.

Coun. HAILER and WARD offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft an ordinance which will prevent the granting of any more gasoline station permits in the City of Boston.

The Chair referred the order to the Committee on Ordinances.

In the course of debate by Councillor Piemonte on the foregoing order the Chair ruled Councillor Piemonte out of order, for the reason that Councillor Piemonte was out of order for his motion to the question of reference of the order to the Committee on Ordinances. Councillor Piemonte appealed the decision of the Chair. The Chair declared a recess at 3:08 P.M., and the members reassembled and were called to order by President AHEARN at 3:13 P.M. The question was put as follows:

Shall the decision of the Chair stand as the judgment of the Council? The decision of the Chair was sustained, yeas 4, nays 3.

Yeas—Councillors Ahearn, Hailer, Hurley, Kerrigan—4.

Nays—Councillors Foley, Joyce, Piemonte—3.

The order was referred to the Committee on Ordinances.

FURTHER GASOLINE PERMITS ON VETERANS OF FOREIGN WARS PARKWAY.

Coun. FOLEY offered the following:
Ordered, That the Boston City Planning Board be requested, through his Honor the Mayor, to study the advisability of issuing further gasoline permits on the Veterans of Foreign Wars Parkway and to submit its recommendation to the Mayor and Council on or before June 15, 1953.

Passed under suspension of the rules.

ESTABLISHMENT OF DISTRICT COUNCILS.

Coun. FOLEY offered the following:
Be it ordained that there are hereby established in the City of Boston the following district councils:

1. The East Boston District Council, the Charlestown District Council, the Northern-Western Boston District Council, the South End District Council, the Back Bay District Council, the South Boston District Council, the Roxbury District Council, the Northern Dorchester District Council, the Southern Dorchester District Council, the Hyde Park District Council, the Roslindale District Council, the West Roxbury District Council, the Jamaica Plain District Council, and the Brighton-Allston District Council.

2. Each of the above district councils to consist of 12 members appointed ex officio from civic, social and religious groups in each area.

3. Organizations to be represented in each district council and the outlines of the area shall be established by special ordinance.

4. All matters affecting the district wherein a district council is established pending before the Boston City Planning Board, the Boston City Council, and the Board of Street Commissioners shall be referred by appropriate letter of transmittal to said district council from the responsible Board. The district council should consider the same and make its recommendations on referred matters within 30 days.

5. No member shall serve for more than four consecutive years on the district council.

6. Such district councils will be hereby authorized to require attendance of municipal officials at official meetings upon the notice of seven days.

7. Such district councils shall be considered as the local planning boards of the areas they serve and shall coordinate their activities with the Boston Planning Board.

Referred to the Committee on Ordinances.

WELCOME TO SERGT. LAWRENCE KANE AND MR. VINCENT A. HARROLD.

The welcome of the Council was extended to Sergt. Lawrence Kane and Mr. Vincent A. Harrold in honor of Armed Forces Week.

RECESS.

On motion of Councillor Kerrigan the Council voted to take a recess at 3:50 A.M., subject to the call of the Chair. The members reassembled and were called to order in the Council Chamber at 5:07 P.M. by Senior Member Hurley.

CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

Chairman HURLEY announced that on Tuesday, May 12, 1953, at 11 A.M. the Council would meet in the City Council Chamber for the purpose of a public hearing relative to the contracts as submitted by the Mayor for the collection and removal of refuse. At the request of Councillor Piemonte Chairman Hurley announced that notice of the hearing had been given to the Boston daily papers, the City Record, the Commissioner of Public Works, the Municipal Research Bureau, the Boston Finance Commission, and the four contractors whose contracts are before the Council.

Adjourned at 5:08 P.M., on motion of Councillor Foley, to meet on Monday, May 18, 1953, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.
(Stenographic copy of such debate on file in office of City Clerk.)

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel has approved the following claims:

EXTENSION OF ALLERTON STREET, ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Allerton street, Roxbury district, as a highway, from Rusfield street to Gerard street, bounded and described as follows:

The highway named Allerton street is hereby extended and laid out from a point approximately 30 feet northwest of Rusfield street to Gerard street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Allerton street (highway), 40 feet; southwesterly by the southwesterly line of said extension of Allerton street as hereby laid out, 453.25 feet; northwesterly by the northwesterly line of said extension of Allerton street as hereby laid out, 1 foot; again southwesterly by the southwesterly line of said extension of Allerton street as hereby laid out, 127.86 feet; southwesterly by the southwesterly line of said extension of Allerton street as hereby laid out, 1 foot; again southwesterly by the southwesterly line of said extension of Allerton street as hereby laid out, 132 feet; westerly by Gerard street, 47.48 feet; and northeasterly by the northeasterly line of said extension of Allerton street as hereby laid out, 738.68 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of said extension of said Allerton street as laid out under this order, from a point approximately 30 feet northwest of Rusfield street to Gerard street, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Allerton Street, Roxbury, Assessment Plan, April 16, 1953, James W. Halsey, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

SLAUGHTERHOUSES IN BOSTON.

The Brighton Abattoir is the only location within the City of Boston where animals may be slaughtered. It is composed of seven individually operated slaughterhouses which are under the constant supervision of inspectors of the Food Division. The program of structural repairs and improvements continued during 1950. New equipment for the control of odors was installed in the rendering building and the slaughterhouses provided new offal tables, boning tables, and galvanized barrels. Catch basins were made more efficient and the

waste service supply improved. In another house new electrical wiring was installed throughout and new dressing rooms and toilets were provided for the employees.

PUBLIC WORKS DEPARTMENT.

Proposals for Minor Sewerage Works in Ansonia Road, Beech Street, Beechland Avenue, Franklin Hill Avenue, Quinn Way, Clearle Road, and Hopkins Road, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for minor sewerage works in Ansonia road, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Minor Sewerage Works in Ansonia Road, etc." and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 12 M. of THURSDAY, JUNE 4, 1953, at which time the proposals will be opened. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be examined, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES NAMES SOUTH END NEIGHBORHOOD REHABILITATION AND CONSERVATION COMMITTEE—TO CONSIST OF 17 LEADING FINANCIAL, BUSINESS, AND OTHER LEADERS OF DISTRICT—SECOND SUCH COMMITTEE RECENTLY NAMED BY MAYOR.

Mayor John B. Hynes on May 25 announced the appointment of a South End Neighborhood Rehabilitation and Conservation Committee. It is comprised of 17 of the leading financial, business, and other leaders of that district. J. Edward Downes, long noted for his intense interest in the rehabilitation of the area, is chairman.

Other members of the committee are: Monsignor Ralph J. Gallagher, Holy Cross Cathedral; John W. Burrell, Charles F. Ernst of the South End House; Ralph M. Folkins, manager, First National Bank; Richard J. Gardner, vice president, Boston Savings Bank; Attorney Edward C. Hamaty; Attorney

MAYOR SEEKS FROM CITY COUNCIL APPROPRIATION OF \$80,000 FOR REVALUATION OF CITY PROPERTIES—WANTS BASES FOR ESTIMATES ON MORE SCIENTIFIC PLAN.

To the City Council.
GENTLEMEN:

Pending before your Honorable Body is an appropriation of \$80,000 for a revaluation survey of all properties in the City of Boston.

It is commonly accepted that present unsatisfactory methods and procedures lack any scientific bases or formulae which will stabilize the real property valuations in our city. Hence, instead of improving, the present situation is more likely to worsen.

In your consideration of the appropriation before your Body, may I state that it is not the intention of the city officials to put into effect any revaluation program which will add to the burden now borne by the home owner. In fact, it is quite apparent that no revaluation should be effective until such time as the tax base is broadened. In the meantime, however, the survey, which will take two years, more or less, to complete, should be made. For these reasons I most respectfully request passage of the pending appropriation.

Respectfully,
JOHN B. HYNES, Mayor.

CITY HOSPITAL TO REDUCE NUMBER OF GENERAL SURGICAL SERVICES FROM FIVE TO THREE—PROPOSAL BY SURGICAL STAFF MEETS WITH APPROVAL OF ENTIRE GROUP, THE BOARD OF TRUSTEES, AND MAYOR JOHN B. HYNES—NEW PLAN STARTS JULY 1—CARE OF INJURED AND ILL WILL THUS BE IMPROVED AND GREATER SATISFACTION IN EVERY PHASE OF WORK OBTAINED.

The Trustees of the City Hospital have won the approval of Mayor John B. Hynes for changes in the surgical services by reducing these from five to three to work greater benefits. This was made known in the following communication to the Mayor:

Boston, May 27, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The staff of the Boston City Hospital has been desirous over a considerable period of time of improving the care of surgical patients. The surgical staff has held several meetings and, as a result of these discussions, has voted almost unanimously to reduce the number of general surgical services from five to three. This vote was later forwarded to the Executive Committee of the entire staff, who, after careful consideration, decided to approve the plan recommended by the surgical staff.

The proposal of the surgical staff was transmitted to the Board of Trustees for their consideration by the Executive Committee. The Trustees, after thorough study of this problem and its proposed solution, decided to approve the recommendations of the surgical staff and determined that these changes should take place on the first of July of 1953.

The Trustees have every confidence in the wisdom and advice of the members of the hospital staff who have made a careful study of this problem. They are anxious to do all in their power to improve every aspect of the Boston City Hospital, whose primary object is to care for the sick and injured of our great city.

Very truly yours,

RICHARD J. CONDON,
President, Board of Trustees.

Combinations Proposed.

The plan for reorganization of the surgical services now under consideration by the Board of Trustees essentially consists of a merger of the five presently existing services into three surgical units. Under this plan the present Second and Fourth Surgical Services will no longer operate as separate and independent units, the plan providing for distribution of the members of the visiting and house-officer staffs now attached to these services among the three remaining units. In respect to this merger and the abolition of the Second and Fourth Surgical Services, the following background data is pertinent.

Since 1949 the Second and Fourth Surgical Services have operated without approval of a full resident training program in surgery. The loss of full approval resulted from action of the Council on Medical Education and Hospitals of the American Medical Association, the American Board

MAYOR HYNES APPROVES CHANGES IN SURGICAL SERVICE AT BOSTON CITY HOSPITAL.

(Continued from page 713.)

of Surgery, and the American College of Surgeons through the Conference Committee on Graduate Training in Surgery. (This latter committee is the official accrediting agency for surgical training in the United States.)

Subsequent to the loss of full approval these two services have experienced increasing difficulty in attracting applicants for internship through the National Matching Plan to the present extent that for the year beginning July 1, 1953, the Second Surgical Service filled but two and the Fourth Surgical Service filled none of five advertised positions on each service. Both of these services have been similarly unsuccessful in securing an adequate number of graduates of approved medical schools in the United States for appointment to the resident staff.

During the past two years each of these services has found it necessary to fill its resident quota with graduates of foreign medical schools, chiefly from non-English-speaking countries. This progressive decline in intern applicants and the steady deterioration in quality of resident personnel now raises serious doubts as to the ability of the Second and Fourth Surgical Services to continue to supply adequate care to the surgically sick patients assigned to their wards.

MEETING REQUIREMENTS.

It should be emphasized that the remaining surgical services, the First, Third, and Fifth, which have either maintained or regained full resident training approval by meeting the requirements of the accrediting agencies chiefly through the development of sound medical school affiliations, have fared generally much better in a highly competitive market for well-qualified intern and resident applicants. In contrast to the precarious position of the Second and Fourth Surgical Services, it is fair to state that these affiliated services enjoy relative security in the present national competition.

To meet the problem existing within the five-service structure, the surgical staff of the hospital has undertaken to develop a plan for reorganization of its surgical services. This plan was sub-

mitted in principle in an interim report of a committee of the surgical staff and transmitted by the Executive Committee of the senior staff to the Board of Trustees on March 20, 1953.

On April 24, 1953, a detailed plan was reported back to the surgical staff and accepted by that body by a vote of 30 to 6. This plan was then approved by the Executive Committee of the senior staff and transmitted to the Board of Trustees. It now awaits action by that body.

The issue involved in the consideration of this proposal is sharply defined. Acceptance of the plan will restore full approval to all surgical training facilities within the hospital and insure, so far as possible, a continued supply of qualified intern and resident personnel for the care of the sick in the surgical wards of our hospital. The minority opposition to the plan from within the surgical staff has been unable to advance any alternative plan to correct the "unapproved" status of the Second and Fourth Surgical Services. The experience of the past three years now clearly indicates that failure to accept this plan for reorganization must result in even more serious shortages of qualified intern and resident personnel on these two services which are responsible for the care of approximately 40 per cent of all surgical cases admitted to this hospital.

CONSTRUCTION WORK, SIGOURNEY STREET, WEST ROXBURY.

The Mayor has approved the following vote of the Board of Street Commissioners for a public improvement consisting of the widening, relocation and construction of Sigourney street, West Roxbury district, as a highway, at the southwesterly corner of Glen road, bounded and described as follows:

The highway named Sigourney street is hereby widened at the southwesterly corner of Glen road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to William C. Kohl, bounded:

Southerly by the northerly line of Glen road as it existed prior to this order, 10.10 feet; westerly by the westerly line of Sigourney street as widened under this order, 16.79 feet on a curve of 12 feet radius; and easterly by the westerly line of Sigourney street as it existed prior to this order, 10.10 feet, containing 20 square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Sigourney street as hereby widened is bounded:

Southerly by the northerly line of Glen road as it existed prior to this order, 10.10 feet; westerly by the westerly line of Sigourney street as hereby widened, 16.79 feet on a curve of 12 feet radius; and easterly by the westerly line of Sigourney street as it existed prior to this order, 10.10 feet, containing 20 square feet, more or less.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

PUBLIC WORKS DEPARTMENT.

From 503, Trucks, \$372.50, to 591, Agriculture, Park and Recreation Equipment, \$372.50.

SUFFOLK COUNTY.

SUPERIOR CRIMINAL COURT.

From 593, Library Books, \$20, to 420, Dues and Subscriptions, \$20.

MAYOR NAMES COMMITTEE FOR REHABILITATION PLAN.

(Continued from page 713.)

Michael J. John; Allan Richmond, Massachusetts Memorial Hospitals; Attorney John J. Ryan, president, South End Planning Council; Russell M. Sanders; Judge Elias T. Shamon; Peter P. Silversmith, president, Boston Rooming House Association; Maurice L. Smith; Carl Spencer, president, Home Savings Bank; Julian Steele; John F. Welch, president, Volunteer Co-operative Bank.

This is the second Neighborhood Rehabilitation and Conservation Committee appointed by the Mayor within a fortnight. It is made up of men intimately familiar with the history and needs of the South End, who have shown by their public spirit and civic activities their interest and affection for the district, which before the development of the Back Bay was for long years the pride of Boston's residential areas.

SOUTH BOSTON SURVEY ACTIVE.

The South Boston Neighborhood Rehabilitation and Conservation Committee, appointed two weeks ago, aided by the Mayor's Steering Committee, has already made a comprehensive survey of the "Pilot Area" in South Boston. As a result, work on the modernizing of street lighting has started; sites are being selected for the planting of trees along the principal streets in the area of Dorchester Heights; contracts are being let for the repair of sidewalks and streets; and work is under way by the Park Department in the restoration of the Dorchester Heights Park.

"All that is needed now," said Mayor Hynes, "is the cooperation of property owners with the city officials and the local committee in the restoration of homes and buildings where needed. This done, the construction of new homes on vacant sites will follow as the night the day.

"The appointment of the Neighborhood Rehabilitation and Conservation Committees is not to be confused with the long-range slum clearance program recommended by the Boston Planning Board. This movement is purely a vigorous campaign against blight and decay in the older residential sections of the city, to restore them to their former state of beauty and dignity. This done, we need have little fear about the proper standards of health, safety, and housing.

"It is my hope that the Neighborhood Rehabilitation and Conservation Program will advance with such celerity that by the end of the year an effective committee will have been set up in every one of the 15 principal districts of Boston. However, this is a long-range program and cannot be accomplished overnight. It will take years of intensive work in every district of the city before my aims are accomplished.

"It is unfortunate that the Neighborhood Rehabilitation and Conservation Program was not launched many years ago. Had it been, many areas of the city would not be in the blighted condition they are in today. However, that is water over the dam, and in view of our lesson I doubt if it will ever happen again.

"Similar rehabilitation and conservation programs are under way in most of the older cities of the nation. Reports received from some of them indicate that they have not been a burden on the

property owners and that the cost of promotion to the municipalities has been small. Further, they have stimulated much business and employment and have made them better places in which to live and work.

"I congratulate the city officials who are supervising the work and serving on the Steering Committee for the accomplishments they have made in the brief period that the Neighborhood Rehabilitation and Conservation Program has been under way."

The area designated as the South End for the purpose of the Rehabilitation and Conservation Program is bounded by Essex street on the north; Columbus avenue via the railroad to Camden street on the west; Camden street east to Washington street, to Lenox street, to Albany street on the east.

STEP-RATE INCREASE RESCINDED.

PUBLIC WORKS DEPARTMENT.

Approval has been given to rescind step-rate increase granted to John T. Marley, street cleaning and waste collection inspector in the Sanitary Division, from \$75.95 to \$80 a week, which became effective as of April 1, 1953.

Mr. Marley has requested, in writing, that this increase be omitted and his salary remain at \$75.95 a week, due to the fact that the higher rate would interfere with future pension as provided by the U. S. Government. It is his intention to file application for retirement under the provisions of the Veterans' Retirement Act, in the near future.

The difference in salary already paid Mr. Marley since April 1, 1953, is to be refunded by him.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

CITY PLANNING BOARD.

Boston, May 13, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, May 12, 1953, at a meeting of the City Planning Board the following vote was taken:

"That Leo Schwartz, an attorney, 294 Washington street, Boston, be engaged by contract covering the period of seven and one half months, from May 15, 1953, to December 31, 1953, at a total cost of twenty-two hundred dollars (\$2,200), to provide and perform research on legal aspects of the board's rezoning study in accordance with work program prepared by the general consultant and approved by the board in connection with the rezoning study now being conducted by the board and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Leo Schwartz, attorney, to cover the period from May 15, 1953, to December 31, 1953, for furnishing the above-mentioned services at a cost not to exceed twenty-two hundred dollars (\$2,200).

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

Boston, May 13, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, May 12, 1953, at a meeting of the City Planning Board the following vote was taken:

"That the contract with Allen Benjamin, planning consultant of Wayland,

Mass., be renewed for a period of seven and one half months, from May 15, 1953, to December 31, 1953, at a total cost of twenty-two hundred dollars (\$2,200), to function as technical consultant to the board for the purpose of conducting special and extensive research in connection with the rezoning of Boston now being conducted by the board and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Allen Benjamin, planning consultant, to cover the period from May 15, 1953, to December 31, 1953, for furnishing the above-mentioned services at a cost not to exceed twenty-two hundred dollars (\$2,200).

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, May 12, 1953, at a meeting of the City Planning Board the following vote was taken:

"That Adams, Howard & Greeley, city planning consultants, 15 Ash street, Cambridge, be engaged by contract covering a period of seven and one half months, from May 15, 1953, to December 31, 1953, at a total cost of seven thousand dollars (\$7,000), to furnish its services, guidance, and assistance as consultants to the board on the rezoning study now being conducted by the board and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Adams, Howard & Greeley, city planning consultants, to cover the period from May 15, 1953, to December 31, 1953, for furnishing the above-mentioned services at a cost not to exceed seven thousand dollars (\$7,000).

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Chairman.

Boston, May 13, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, May 12, 1953, at a meeting of the City Planning Board the following vote was taken:

"That the Board's action on January 27, 1953, wherein a vote was taken that Leo Schwartz, an attorney of 294 Washington street, Boston, be engaged by contract to provide for legal consultation services to the board in connection with the rezoning study of the city be rescinded and that a new request for retaining of Mr. Leo Schwartz' services be forwarded to the Mayor in accordance with subsequent action, which is attached hereto."

Under date of February 5, 1953, a letter to your Honor requesting an award for the services of Mr. Leo Schwartz was duly approved by you. The reason for rescinding this action is that, due to some delay in contract negotiations, the dates requested for Mr. Leo Schwartz' services do not now conform with the new dates requested.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

LIBRARY DEPARTMENT.

Boston, May 7, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Chester Newman Company, 247 McGrath Highway, Somerville, Mass., for the washing, cleaning, and treatment of the surfaces of the extensive stone floor, balustrades, and dado of the Sargent Gallery on the third floor of the Central Library Building, the stone walls and steps of the long staircase between the Chavannes Gallery on the second floor and the Sargent Gallery, and the archways at the entrance to the staircase to the Sargent Gallery. This is work which should be done only by exceptionally careful and well qualified workmen. Believing that the best interests of the city would be served thereby, the trustees invited three companies considered to be qualified to submit bids, which were as follows:

Chester Newman Company, \$1,290;
Chapman Waterproofing Company, \$1,450; Waples Company, Inc., \$2,500.

The trustees have taken the following action to award the contract:

"Voted, That there be entered into, without public advertising, with the Chester Newman Company, 247 McGrath Highway, Somerville, Mass., a contract for the washing of the limestone balustrades, doors, and dado of the third story, walls and steps of stairway between second and third story, archways of second story and floors and steps of the third story, Central Library Building, in an amount not in excess of one thousand two hundred ninety dollars (\$1,290)."

Inasmuch as the total cost of this work will exceed one thousand dollars (\$1,000), there is requested the permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

Boston, May 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to Finlayson Brothers, 739 Boylston street, Boston, for the cleaning of the John Singer Sargent and the Puvis de Chavannes mural paintings, and the painted walls and domed ceilings of the Venetian and Pompeian Lobbies in the Central Library Building.

It is the opinion of the trustees that the nature of this work is such as not to lend itself successfully to public bidding. It requires the services of the most highly qualified technicians to be obtained.

Four firms were invited to submit bids. Two were unable to do so; and the other two submitted the following bids:

Finlayson Brothers, \$8,900; Haley & Steele, \$15,500.

The firm of Finlayson Brothers has had long experience in the restoration and conservation of paintings, having done work for the Art Commission of the City of Boston, the Boston Museum of Fine Arts, the Prer Gallery of Art in Washington, and other institutions. The trustees have had the benefit of expert opinion that the amount of the bid of the low bidder is a fair and reasonable one. They have therefore

"Voted, That there be entered into, without public advertising, with Finlayson Brothers, 739 Boylston street, Boston, a contract for the cleaning of the mural paintings of the Sargent Gallery and the mural paintings of the main stair hall and of the Chavannes Gallery in the Central Library Building, in an amount not in excess of eight thousand nine hundred dollars (\$8,900)."

Inasmuch as the total cost of the work will exceed one thousand dollars (\$1,000), there is requested the permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by MILTON E. LORD,
Director.

BOSTON, May 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the McBee Company, 367 Boylston street, Boston, for the purchase of Key-sort Book Loan Cards and related equipment.

These cards and the equipment are needed in connection with the extension to 24 branch libraries of the new charging system which has been in effect in the Central Library Building and in several branch libraries since January, 1952. The cards and equipment are proprietary items and can be purchased only from the McBee Company. The trustees have therefore

"Voted, That there be entered into, without public advertising, with the McBee Company, 367 Boylston street, Boston, a contract for the purchase of Key-sort Book Loan Cards and related equipment in the amount of four thousand six hundred dollars and fifty-four cents (\$4,604.54)."

Inasmuch as the total cost for the cards and equipment will exceed one thousand dollars (\$1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by MILTON E. LORD,
Director.

BOSTON, May 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Edward E. Perry Company, 322 Newbury street, Boston, for the cleaning and repainting of the walls and vaulting of

the Sargent Gallery, the coffered ceiling over the main staircase, and the vaulted ceiling of the Chavannes Gallery in the Central Library Building.

It is the opinion of the trustees that the nature of this work is such as not to lend itself successfully to public bidding. It requires the services of the most highly qualified technicians to be obtained. For this purpose the trustees have selected the Edward K. Perry Company, which did the work upon the Sargent Gallery upon its opening in the original instance, and which has had wide experience in undertakings such as the restoration of Colonial Williamsburg and similar projects. With these considerations in mind, the trustees have taken the following action:

"Voted, That there be entered into, without public advertising, with the Edward K. Perry Company, 322 Newbury street, Boston, a contract for the cleaning and repainting of the Sargent Gallery, the coffered ceiling over the main stair hall, and the vaulted ceiling of the Chavannes Gallery in the Central Library Building, including provision of staging and scaffolding adequate both for the painting work and for the cleaning of the mural paintings in the Sargent and Chavannes Galleries, in an amount not to exceed seven thousand four hundred and eighty dollars (\$7,480)."

It will be noted that this contract requires that the firm provide staging and scaffolding which will be adequate not only for its own work, but also for the work of another firm of craftsmen who are to clean the mural paintings in the Sargent and Chavannes Galleries, and for library workmen who are to clean marble work in the Chavannes Gallery.

Inasmuch as the total cost of this work will exceed one thousand dollars (\$1,000), there is requested the permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by MILTON E. LORD,
Director.

BOSTON, May 14, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract to the Dickson Truck Service Company, Inc., 26 Reading street, Roxbury, Mass., for Bookmobile Service for the library. The Bookmobile Service, involving the use of two completely equipped vehicles, provides library facilities to certain sections of the city for which adequate library service is not available.

For the past three years the Bookmobile Service has been provided on a contractual basis by the H. B. Church Truck Service Company, Inc. On March 18, 1953, the corporate title of this company was changed to the Dickson Truck Service Company, Inc., the management remaining essentially unchanged. The two Bookmobiles which serve the library were obtained in the original instance by the H. B. Church Truck Service Company to the library's detailed specifications. They have been kept in excellent condition, and the service rendered has been prompt and efficient. The drivers of the vehicles have become thoroughly familiar with the library's requirements. The cost of the service to be rendered during the period of the agreement will be approximately \$26,000.

Incorporated in the contract is a provision under which the city has an option to purchase the two Bookmobiles for a total sum of \$10,000, upon the expiration of the one-year term of this contract or in the event that service to the library is interrupted by a strike lasting for a period of 21 consecutive calendar days during the contract year.

It is believed that it is to the best interest of the City of Boston and of the library to dispense with public advertising for bids and to award a contract for Bookmobile Service to the Dickson Truck Service Company, Inc. The trustees have therefore

"Voted, That there be awarded, without public advertising, to the Dickson Truck Service Company, Inc., 26 Reading street, Roxbury, Mass., the contract for providing Bookmobile Service, using two Bookmobiles built to specifications provided by the library for the period April 1, 1953, through March 31, 1954, at the rate per Bookmobile of two hundred and twenty dollars (\$220) per week (Monday through Friday), plus two dollars and seventy-five cents (\$2.75) for each hour beyond forty (40) hours in any one week (Monday through Friday), and for all hours worked on Saturday at the rate of one dollar and five cents (\$1.05) per hour for the first four (4) hours and two dollars and seventy-five cents (\$2.75) per hour for all hours worked thereafter."

Inasmuch as the total cost of the Bookmobile Service will exceed one thousand dollars (\$1,000), there is requested the permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, May 19, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Last year, at a cost of approximately \$21,000, a complete set of electric ovens and fixtures and necessary wiring and transformers were installed in a new bakery at the House of Correction, Deer Island. The purposes of the installation were to provide economy in coke consumption and to eliminate yearly repairs on three large brick ovens in an old bakery building.

Due to the fact that when the survey was originally made for the installation of wire, conduit, etc., which consisted of installing pipe underground for some nine hundred feet, having to drill through stone walls and through a very small aperture, and pulling four wires through this pipe to new switch boxes, an error was evidently made by all concerned, as in figuring the strength, size, and capacity of wire needed, provision was only made for the operation of one half of the ovens and so bids were requested accordingly. Aetna Electric Company was the lowest bidder by several thousand dollars and carried out the work according to specifications. When tests were made on the ovens it was found that fuses would burn out and wires would get hot if not disconnected. We had several meetings with the Edison and General Electric Company engineers and found out that the wire, etc., was just perfect for only one half of the ovens. The situation does not help us, as we run only one half would necessitate the keeping of the old bakery

in operation to do all the baking and roasting necessary.

In view of the above and due to the urgency of the situation, I therefore respectfully request that the Penal Institutions Department be allowed to enter into a contract with Aetna Electric Company, 301 Cambridge street, Alston, who are acquainted with the conditions and familiar with the area to be covered (tunnel, etc.) and can do the work immediately for an amount not to exceed \$2,000. This would enable us to close down the old bakery at once and make way for, in my opinion, a considerable saving. The work would consist of:

Disconnecting six 11-KW ranges from existing lines; furnishing and installing new 400-amp., heavy-duty, 3-phase, 4-wire switch adjacent to new panel and fuse at 250 amps. Installing from this panel a new 2½-inch conduit with four 250,000 CIL RN wires to two pull boxes evenly spaced between Ranges 1, 2, and 3. Connecting all ranges to this newly installed line.

In planning this work we had the expert advice of the Superintendent of the Wire Division, Boston Fire Department, the Edison Company, and the General Electric Company, and, since it is of a very technical nature, I believe that nothing would be gained by advertising publicly; hence this request for permission to enter into a contract with the Aetna Electric Company, which company has done work on these ovens and is familiar with the electrical needs pertaining thereto.

My only reason in requesting that this work be given to the Aetna Electric Company is that they have done the previous half of this work in a very satisfactory manner, and I feel that where time is really of the essence and as nothing would be gained by advertising publicly, it would be to the best interests of the city.

When this work is finally completed the mixing machines, racks, kneaders, etc., can be moved from the old building, thus eliminating the use of coke for baking needs and outside contractual work on the old brick ovens.

Respectfully yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, May 12, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of advertising, and to award a contract for electrical work in the new payroll section of the Auditing Department, basement of City Hall Annex, to Charles E. Gallagher, 22 Kingsboro park, Jamaica Plain.

The payroll section is being moved from the top floor of City Hall to the basement. At first we did not contemplate putting in fluorescent lights; it is due to the fact that desk lamps now being used by the personnel cannot be used in the new location. It was originally estimated that the cost of this work would be approximately \$890 less fixtures, which we did not intend to install. At the request of Mr. Fox, the City Auditor, these new fixtures are to be installed.

In view of the above facts, and because Mr. Gallagher is now doing electrical work in the new payroll section, it is my opinion that nothing could be gained by publicly advertising for bids. I think that the best interests of the city would be served in awarding this work to the above-men-

tioned person at a cost not to exceed the sum of twenty-three hundred and fifteen dollars (\$2,315).

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 24, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In order that it may appear as a matter of record, this is to respectfully inform you that a public auction was held on Wednesday, April 15, at the Lewis Street Pier of the East Boston Ferry, in East Boston, for the purpose of selling the two ferryboats, the "Charles C. Donoghue" and the "Daniel A. MacCormack," and also for the purpose of selling the steel bridge drops, bridge operating machinery, gallowes frames, and other miscellaneous items used in connection with the East Boston Ferry, which was abandoned at the close of the business day on December 31, 1952.

The two ferryboats were purchased by the high bidder, Hughes Brothers, Inc., of 17 Battery place, New York City, at a price of \$16,500 for the "Charles C. Donoghue" and \$15,500 for the "Daniel A. MacCormack." The total amount of \$32,000 has been paid to the City of Boston by Hughes Brothers, and the boats are expected to be towed to New York either today or tomorrow by the purchaser. Incidentally, an upset price of \$12,000 had been previously established for the sale of each boat, in accordance with the provisions of the order of the City Council that was passed under date of March 30 of the current year.

The ferry drops, machinery, etc., were purchased by the Heggie Corporation of 194 Freeport street, Dorchester, for \$5,200, and the latter-referenced amount has been paid to the city by the purchaser.

The total amount realized from the sale, therefore, totals \$37,200.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 21, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On March 31, 1953, your Honor approved a letter to award contracts to several companies for furnishing coal to the various city departments for the period from April 1, 1953, to March 31, 1954, inclusive.

One of the companies awarded a contract was Boston Ice Company. The original letter, dated March 30, 1953, states this company offers a 2 per cent discount at time of payment. However, Boston Ice Company does not offer any discount. Authority is therefore requested at this time to change the terms of Boston Ice Company to read net instead of 2 per cent, time of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 21, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On March 16, 1953, your Honor approved a letter to award a contract for

furnishing replacement parts for Elgin sweepers to the Sanitary Service of the Public Works Department.

The name of the company as it appeared in the original letter of March 3, 1953, was E. J. Bleiler Equipment Company. Inasmuch as this company is owned by one individual, authority is requested at this time to change the name of the company to read Ernest J. Bleiler, doing business as E. J. Bleiler Equipment Company, the correct legal name.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 28, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On April 15, 1953, your Honor granted me permission to award a contract to Koehler Manufacturing Company for furnishing Wheat light parts to the Fire Department as required.

The approximate total amount of the contract stated in the original letter of April 14, 1953, namely, \$5,931.37, is incorrect. Authority is therefore requested at this time to change the amount of the contract to read \$6,032.62, net, the correct amount.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 11, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On March 19, 1953, your Honor approved a letter granting me authority to make awards to the lowest bidders on a publicly opened bid for furnishing X-ray chemicals and materials to the various city departments.

One of the companies awarded a contract is listed as E. M. Parker Company. Authority is requested at this time to change the name of the company to E. M. Parker, doing business as E. M. Parker Company, the correct legal name.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 13, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted requisitions to this office for parking meter repair parts and also miscellaneous materials required for the operation of the parking meters which do not fall into the category of repair parts.

Authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies at the amounts as stated:

Michaels Art Bronze Company, Inc., 231 Court street, Covington, Kentucky, prices are f.o.b. Covington, Kentucky, total amount of contract not to exceed \$4,500 net.

M. H. Rhodes, Inc., 30 Bartholomew avenue, Hartford, Connecticut, prices are f.o.b. Hartford, Connecticut, total amount of contract not to exceed \$4,400 net.

Apahouser Corporation of New England, 104 Brookline avenue, Boston, total amount of contract, \$2,500 net.

Period of all contracts will be from June 1, 1953, to March 31, 1954, inclusive.

The first two companies listed above are manufacturers of certain materials

required by the Traffic Commission and the third company has submitted much lower prices for some materials as compared to those of the manufacturer. In view of these facts, it is my opinion that the best interests of the city will be served by awarding the contracts as requested.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

DEAR MR. MAYOR:

Your permission is requested to dispense with advertising so that I may engage the services of John J. Mahoney, 90 Church street, Westwood, Mass., former Building Commissioner of the City of Boston, as engineer in connection with necessary repairs and replacement of roofs at the jail.

The estimated cost of this work is \$16,000, and Mr. Mahoney as engineer is to be paid a fee equal to 10 per cent of the actual cost of this work.

Respectfully submitted,

FREDERICK R. SULLIVAN,
Sheriff.

REGISTRY OF DEEDS.

BOSTON, May 18, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby respectfully request from your Honor written authority to dispense with publicly advertising for bids and to enter into a separate contract with Thomas Groom & Co., Inc., 105 State street, Boston, Mass., for the furnishing of 63 books, consisting of 48 1954 grantor indices and 15 1954 grantee indices. Said 63 books having a total of 23,260 pages to be made up of standard paper Byron Weston Blackstone substance; 32 printed and stamped according to schedule as per contract; the grantor books to be bound in two colors, one set in dark binding and the second set in light binding, all said 63 books to be finished with leather corners. The expenditure under the proposed contract is to be \$1,665.

The aforementioned firm have supplied the Registry with the said indices for the past 30 years and their products have consistently been of the very highest quality, and no other company has been able to supply the said indices at the price quoted by the said Thomas Groom & Co., Inc.

Respectfully yours,

LEO J. SULLIVAN,
Register.

The Chief of Department made the customary detail to act as a funeral escort, and the members of Ladder Company 4 were excused from duty in order to attend the services.

II. RETIREMENT.

The following retirement in accordance with provisions of section 7, chapter 658, of the Acts of 1945, is hereby announced, to become effective at 8 A.M., Monday, June 1, 1953:

Lieut. George J. McNulty, Ladder Company 26.

Lieutenant McNulty was appointed to the department on July 16, 1937, and he was promoted to the grade of lieutenant on March 17, 1948. He leaves the department with the best wishes of his associates.

III. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the American District Telegraph Company in this department:

Signal 597, Seal Tanning Company, 103-109 South street. (Sprinkler system.) Apparatus to respond: Engine 7, Ladder 8, District Chief 5. Nearest box is 1434.

IV. G. A. C. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the General Alarm Corporation in this department:

Signal 446, Enterprise Realty Company, 2263 Washington street. (Sprinkler.) Apparatus to respond: Engine 14, Ladder 4, District Chief 8. Nearest box is 2124.

V. TRANSFERS.

The following transfers, effective at 8 A.M., Wednesday, May 27, 1953, are hereby announced:

Lieut. George H. Paul, from Ladder 23 to Ladder 26.

Hoseman Paul R. Harvey, from Division of Civil Defense, Public Relations, and Public Information to Ladder 14.

Hoseman Leo J. Keefe, from Division of Civil Defense, Public Relations, and Public Information to Ladder 26.

Hoseman John M. Morrissey, from Engine 3 to Ladder 3.

Ladderman Alfred R. Sears, from Ladder 3 to Engine 3.

VI. RETURN TO DUTY FROM ARMED FORCES.

The following named, who was granted a leave of absence on March 28, 1951, to serve in the U. S. Army, has been discharged from the Army and will return to duty in the Fire Department at 8 A.M., May 27, 1953:

Ladderman William R. Tehan, Ladder Company 5.

VII. COMMENDATION.

Ladderman James F. Murphy of Ladder Company 14 is hereby commended for responding to and working at fire, Box 5274, on May 16, 1953, while off duty.

By order of Acting Fire Commissioner JOHN V. STAPLETON.

STREET REPAIRS REVOKED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of January 9, 1953, approved by the Mayor on January 14, 1953, providing for the construction of 640 linear feet of 10-inch and 12-inch pipe surface drain and seven catch basins and connections in Wyvern street (formerly Grover street), from Florian street and Florence street to Neponset avenue, be, and the same hereby is, revoked.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, May 12, 1953.

Meeting of the City Council held in the Council Chamber, City Hall, at 11 a.m. for a public hearing by the City Council on the proposed contracts with Milano Brothers, Inc., M. DeMatteo Construction Co., Dooley Brothers, Inc., and the Ward General Contracting Co., for the collection and removal of refuse.

Senior Member HURLEY in the chair. Absent, Councillors Ahearn, Haller, Ward, and White.

The meeting was opened with the salute to the Flag.

The City Clerk read the following:

NOTICE OF HEARING.

COLLECTION AND REMOVAL OF REFUSE.

City of Boston.

Office of the City Clerk.

May 2, 1953.

A public hearing will be given by the City Council of Boston in the City Council Chamber, City Hall, on Tuesday, May 12, 1953, at 11 o'clock a.m., on the proposed contracts for the collection and removal of refuse as follows:

1. Contract and amendment thereto with Milano Brothers, Inc., for the collection and removal of refuse from District 3 (Charlestown), so called, during the two-year ten-month period beginning June 1, 1953, and ending March 31, 1956;

2. Contract with M. DeMatteo Construction Co., for the collection and removal of refuse from District 7-B (Dudley), so called, during the one-year ten-month period beginning June 1, 1953, and ending March 31, 1955;

3. Contract with M. DeMatteo Construction Co., for the collection and removal of refuse from District 7-D (Roxbury), so called, during the one-year ten-month period beginning June 1, 1953, and ending March 31, 1955;

4. Contract and amendment thereto with Dooley Brothers, Inc., for the collection and removal of refuse from District 9-A (Back Bay), so called, during the one-year ten-month period beginning June 1, 1953, and ending March 31, 1955;

5. Contract and amendment thereto with Ward General Contracting Co., for the collection and removal of refuse from District 10 (North and West Ends), so called, during the two-year ten-month period beginning June 1, 1953, and ending March 31, 1956.

By order of the City Council.

W. J. MALLOY,

City Clerk.

The City Clerk also read the following:

City of Boston.

Office of the City Clerk.

May 12, 1953.

To the City Council.

Gentlemen:

In accordance with your order passed April 27, 1953, and the provisions of section 6 of chapter 486 of the Acts of 1909, seven days' notice of a public hearing by the City Council on Tuesday, May 12, 1953, at eleven o'clock a.m. in the City Council Chamber, on the proposed contracts for the collection and removal of refuse, was given by the City Clerk by the publication in the "City Record" on May 2, 1953, and in all the daily newspapers on May 4, 1953, of an advertisement, a copy of which is hereto annexed.

Respectfully,

W. J. MALLOY,

City Clerk.

Placed on file.

On the request of Councillor Piemonte and the direction of the Chair, the City Clerk stated that in addition to the publication of the above notice in the "City Record" and the daily newspapers he had sent copies of the notice to the Boston Finance Commission, Boston Municipal Research Bureau, Commissioner of Public Works, Law Department, and the four contractors concerned with the contracts.

George G. Hyland, Commissioner of Public Works, appeared before the Council and gave detailed information and answered such questions as were asked of him on the question of the proposed contracts for the collection and removal of refuse in the City of Boston.

At the end of the testimony presented by Mr. Hyland, the Chair asked if anyone else wished to appear before the Council. There being no one else who appeared, the Chair declared the public hearing closed at 1:26 p.m.

On motion of Councillor Kerrigan, the Council adjourned at 1:27 p.m.

Monday, May 18, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President AHEARN in the chair. Absent, Councillor Kerrigan.

The Reverend Father Damian J. Sano, O.F.M., St. Leonard's Catholic Church, Prince street, Boston, was escorted to the rostrum.

INVOCATION BY REV. FATHER DAMIAN J. SANO, O.F.M.

Let us pray. Almighty and Eternal God, we beseech Thee to enlighten our minds and to grant us wisdom to obey Your divine laws, and assist us in all our deliberations for the benefit and welfare of our fellow men. Give us a strong faith in Thee, give us a childlike trust and hope in Thee; grant us the grace to grow more and more in Thy knowledge and love of Thee.

Aid us to be imbued and to incorporate within us that rule of life and prayer of St. Francis of Assisi, known as the most perfect lover of God and mankind. May we strive to glory always in the all important task of being to our fellow men instruments of peace and good will. Teach us, O God, to remain true, firm and inflexible in the observance of righteous principles.

As we bow our heads, let us recite in spirit and in action in our life the holy rule and prayer of St. Francis of Assisi.

Lord, make me an instrument of Thy peace; where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, I pray, O Divine Master, grant that I may not so much seek to console as to console; to be understood as to understand; to be loved as to love; to give as to receive; and it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life. Amen.

The meeting was opened with the salute to the Flag.

VETO OF ORDER RE SALARY INCREASES FOR CERTAIN EMPLOYEES OF SUFFOLK COUNTY.

The following was received:

City of Boston.

Office of the Mayor, May 12, 1953.

To the City Council.

Gentlemen:

I return herewith, without any signature, and disapprove the order for the acceptance and ratification of the Acts of 1952 which provides salary increases for the superintendent and assistant superintendents of the Suffolk County Court House.

Under the exception of the positions covered by this order, the salaries of all employees of the Suffolk County Court House Commission are fixed and regulated under the County Compensation Plan. From the inception of this plan in 1931, until 1950, the positions under consideration were included in the plan. In this latter year, the Legislature, by enacting chapter 455, in effect removed the positions from the plan by providing specific annual salaries for the offices at amounts different from those provided in the county plan. The 1952 legislation provided substantial increases over the salaries established in 1950. These increases, however, were made subject to acceptance by the Council subject to the provisions of the charter, a feature which was not present in the 1950 legislation.

The significance of developments in this matter over the past three years is shown in the following table:

Salary Range		1950	1952
County Plan	Title of Position.	Act.	Act.
\$3,400-\$4,500	Superintendent	\$5,500	\$6,500
\$3,000-\$3,600	Assistant Super-	\$4,500	\$5,500
	intendents.		

Against the \$2,000 and \$1,900 over-all increases reflected for the positions listed in the foregoing table, county employees were granted under the county plan general increases of \$260 in 1951 and minor adjustments when the plan was revised last November. It is evident, therefore, that the increases provided by the Legislature are far out of line with those granted to the rank and file of county employees.

Under the fact the fact the salaries of the positions under discussion were controlled for nineteen years under the county plan, and further, that the compensation of the other 148 positions in the Court House Commission budget still remain under the plan, it is difficult to see why the offices of superintendent and assistant superintendents should be outside the pale of the plan. Certainly there is nothing in the nature of the duties of these positions which would appear to warrant legislative determination.

In my opinion these positions never should have been eliminated from the county plan, and I believe that the only proper course of action would be to petition the Legislature to again have them included in said plan.

Respectfully,

J. B. HYNES, Mayor.

Referred to the Executive Committee.

VETO OF LEASE OF LAND ON COLUMBIA ROAD.

The following was received:

City of Boston.

Office of the Mayor, May 12, 1953.

To the City Council.

Gentlemen:

Herewith I return, without my signature, the order adopted by your Honorable Body for the leasing of a certain parcel of city-owned land on Columbia road, at the corner of Burwood and Mt. Vernon streets, in Dorchester. I take this action without prejudice in the matter.

I am not convinced that the lease of this land, which later may be built upon, should be leased. A permanent structure built upon leased land may involve legal implications at some time in the future. I will make no final action in this matter until further information is provided me.

Respectfully,

J. B. HYNES, Mayor.

Referred to the Executive Committee.

CASH AWARDS FOR EMPLOYEE SUGGESTIONS.

The following was received:

City of Boston.

Office of the Mayor, May 12, 1953.

To the City Council.

Gentlemen:

Chapter 118 of the Acts of 1952 provides that a city may expend in any one year a sum not exceeding \$10,000 for the granting of monthly cash awards to municipal employees who, in the judgment of a committee to be appointed by the Mayor, submit the most valuable suggestions for improving the service of the municipality.

The practice of encouraging and stimulating employees to make suggestions for the improvement of methods, procedures and processes has been developed to a high degree in many of the large corporations throughout the country.

Since it is, therefore, permissible to make cash awards for productive recommendations, which will embrace suggestions for the improvement of operating efficiencies, the improvement of employee relations, the improvement of public relations, etc., I believe we should go forward with the establishment of such an awarding plan.

If such a plan has no other benefit, it will serve to acquaint many of our city employees with the operating and management problems of the City of Boston.

In accordance with the provisions of the foregoing statute, I submit herewith an order for the appropriation from the reserve fund of \$1,000 to be expended under the provisions of the said statute. Upon approval of the order, I shall appoint a committee of permanent civil employees or officials to draw up rules and regulations for the administration of the plan. I respectfully recommend adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$1,000, to the appropriation for Special Appropriation—Employee Suggestions, \$1,000.

OFF-STREET PARKING FACILITIES IN JAMAICA PLAIN SHOPPING AREA.

The following was received:

City of Boston.

Office of the Mayor, May 18, 1953.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of May 11, 1953, concerning a request for a study of off-street parking facilities in the Jamaica Plain shopping area.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Board of Real Estate Commissioners.

May 15, 1953.

Mr. Thomas C. J. Shannon.

Chief Clerk, Mayor's Office.

Subject: City Council Order of May 11, 1953.

Requesting a Study of Off-Street Parking Facilities in the Jamaica Plain Shopping Area.

Dear Mr. Shannon:

This is in answer to City Council order of May 11, 1953, requesting a study of off-street parking facilities in the Jamaica Plain shopping area.

Please be advised that a partial study of the Jamaica Plain area has been made, with regard to the installation of metered off-street parking.

We shall be pleased to comply with the Council order and, with the assistance of the City Planning Board and the Boston Traffic Commission, continue our studies.

Very truly yours,
HERMAN CARP, Chairman.

Placed on file.

COOPERATION OF YOUTH SERVICE BOARD.

The following was received:

City of Boston
Office of the Mayor, May 18, 1953.
To the City Council.
Gentlemen:

The Youth Service Board was established under the provisions of chapter 310 of the Acts of 1948. Under the various provisions of this act, the governing body of a municipality may request the Youth Service Board to assist local authorities in the various activities which serve youth and reduce the occasions of delinquency.

At the behest of a committee which recently called upon me, I recommend the adoption of the accompanying resolution, which, under the provisions of the Youth Service law makes request upon the Youth Service Board to assist the local authorities of the city in the strengthening and coordinating of its educational, welfare, health, and recreational program.

With its limited staff, the Youth Service Board cannot possibly respond to every request for service. However, I am informed that the Youth Service Board has made request for additional appropriations now pending before the Legislature, which will permit the Board to expand its activities in the City of Boston, in accordance with the objectives of the law under which the Board was organized, and in harmony with the request of the committee of Boston citizens which recently called upon me.

I respectfully recommend that your Honorable Body give approval to the accompanying resolution.

Respectfully,
J. B. HYNES, Mayor.

Resolved, That the Mayor and City Council of the City of Boston hereby request that the Youth Service Board, under the provisions of section 47 of chapter 310 of the Acts of 1948, assist the local authorities of the City of Boston in the strengthening and coordinating of its educational, welfare, health, and recreational programs which have as their objective service to youth.

Referred to the Executive Committee.

ORDINANCE ABOLISHING STATISTICS DEPARTMENT AND REGULATING CHARGES OF "CITY RECORD."

The following was received:

City of Boston,
Office of the Mayor, May 18, 1953.
To the City Council.
Gentlemen:

The annual budget submitted to you in the current year made provision for the operation of the Statistics Department only until May 5, with the result that on that date it ceased to function, with all persons on its payroll being transferred to vacancies existing in other branches of the municipal service. Transmitted herewith is an ordinance conforming the Revised Ordinances of 1947, as amended, to the situation now obtaining. I recommend its adoption.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
In the Year Nineteen Hundred and Fifty-three.
An Ordinance Abolishing the Statistics Department.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 1 of chapter 2 of the Revised Ordinances of 1947 is hereby amended by striking out, in line 47, the words "one statistics trustee."

Sec. 2. The first paragraph of section 5 of chapter 3 of the Revised Ordinances of 1947, as appearing in section 1 of chapter 6 of the Ordinances of 1952, is hereby amended by striking out clause (21).

Sec. 3. The Revised Ordinances of 1947 are hereby amended by striking out chapter 32.

Sec. 4. Chapter 41 of the Revised Ordinances of 1947 is hereby amended by inserting after section 22 the following new section: Sec. 22A. The charge to be paid by boards and officers for the publication of advertisements in the "City Record" shall be \$1 for each quarter of an inch or fraction thereof. The "City Record" shall be sold on the following terms, payable in advance: annual subscription, \$5; single copy, 15 cents.

Referred to the Committee on Ordinances.

ORDINANCE RE CARE OF FLAGS AND ROPING OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, May 18, 1953.
To the City Council.
Gentlemen:

By this communication, I recommend to your Honorable Body the adoption of the accompanying ordinance for the purpose of eliminating the conflict between section 17G of chapter 452 of the Acts of 1948, as appearing in Statutes of 1953, chapter 376, section 1, and the provision in Revised Ordinances (1947), chapter 11, section 2, imposing on the City Messner the duty of caring for the City flagpoles in public places and of roping off the streets and other public places for parades and other public events. This conflict is today more apparent than real, for the Park Department is caring for the flags and flagpoles involved, and the Boston Traffic Commission is roping off the streets and other public places for parades and other public events.

Respectfully,
J. B. HYNES, Mayor.

City of Boston.

In the Year Nineteen Hundred and Fifty-three.

An Ordinance Relative, in Part, to Certain Municipally-Owned Flagpoles and the Display of Flags Thereon, and in Part, to the Roping Off of Streets and Other Public Places in the City.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 2 of chapter 11 of the Revised Ordinances of 1947 is hereby amended by striking out all after the second sentence, and inserting in place thereof the following: He shall attend all meetings of the city council and all public hearings held by committees thereof, shall provide the stationery and other supplies for the members of the city council, shall keep an account of all sums expended from appropriations made for the contingent and incidental expenses of the city council, and shall perform such other official services as may be required of him by the city council or any committee thereof or by the Mayor.

Sec. 2. Chapter 22 of the Revised Ordinances of 1947 is hereby amended by inserting after section 3 the following new section: Sec. 3A. The board shall care for, maintain and, when necessary, replace all flagpoles now or hereafter erected, and shall erect such other flagpoles as may be hereafter provided for, on the Common, Public Garden, parks, playgrounds, golf courses, cemeteries, public grounds, public squares and other public places controlled by the city, except public buildings, and shall provide the necessary flags therefor and display them thereon in accordance with section 10 of chapter 41 of the Ordinances.

Sec. 3. Section 10 of chapter 41 of the Revised Ordinances of 1947 is hereby amended by striking out the last sentence and inserting in place thereof the following sentence: It shall be the duty of the superintendent of public buildings to display the flag in accordance with this section upon the city hall and all other public buildings under his care, custody and management.

Referred to the Committee on Ordinances.

TIME LIMIT ON LICENSES FOR GAS STATIONS, ETC.

The following was received:

City of Boston,
Office of the Mayor, May 18, 1953.
To the City Council.
Gentlemen:

I am enclosing herewith for your information a copy of a communication I am this day sending the Board of Street Commissioners relative to licenses heretofore granted for gas stations and other facilities coming within section 13 of chapter 148 of the General Laws.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Office of the Mayor, May 18, 1953.
Board of Street Commissioners,
City Hall Annex, Boston.
Gentlemen:

Your attention is respectfully directed to the fact that by chapter 329 of the Acts of 1951, the first paragraph of section 13 of chapter 148 of the General Laws was amended by the addition of a provision to the effect that any license granted thereunder shall be subject to such conditions and restrictions as may be prescribed in the license by the local licensing authority, which may include a condition that the license be exercised to such extent and within such period as may be fixed by such authority.

It is the purpose of this communication is to urge that, for the protection of the public against the evils of so-called "pocket licenses," your Board, as the licensing authority under the above-mentioned statute, include in every license heretofore granted thereunder a condition, satisfactory in form to the Corporation Council, requiring that the license be exercised to an extent expressly defined and within such specific period of time as your Board

shall in the particular case deem reasonable for the construction of the gas station or other facility involved.

Sincerely,
J. B. HYNES, Mayor.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, May 18, 1953.
To the City Council.
Gentlemen:

There is forwarded herewith an appropriation transfer order in the sum of \$4,962.50 from the Reserve Fund to the budget of the Municipal Court, Roxbury District, necessary as a result of legislative enactments subsequent to the passage of the 1953 budget.

As a result of the enactment of chapter 298 of 1953, the salary of Honorable Charles I. Taylor, Justice of the Court, was increased from \$6,600 to \$9,900 a year effective retroactive to January 15, 1953. No provision was made in the Roxbury Court budget for this increase in salary for which \$3,162.50 additional will be needed.

As a result of the enactment of chapter 249 of the Acts of 1953 amending the Paving Law, the Roxbury Court was forced to discard its present material and it is estimated that \$1,800 will be needed for the necessary supplies to establish the new system. No appropriation was made in the Roxbury Court budget to meet this situation.

Consideration and adoption of the accompanying order is recommended by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Municipal Court, Roxbury District,
May 7, 1953.

To the Mayor of Boston.

Dear Sir:

In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations.

JOHN F. ARPEL, Authorized Official.

From the appropriation for Other Available Sources, \$4,962.50, to the appropriation for 100, Permanent Employees, \$3,162.50, 360, Office Supplies, \$1,800.

100, Permanent Employees. The request for funds in this item is based on the provisions of chapter 298, Acts of 1953, increasing the amount of the salary of Hon. Charles I. Taylor, Justice of the Court, from \$6,600 a year to \$9,900 a year, effective January 15, 1953.

360, Office Supplies. The amount requested in this item is because of the enactment of chapter 249, Acts of 1953, amending the Paving Law, and establishing a new system of administration of the law, which necessitated the discarding of material now used and the hand and securing new.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$4,962.50, to the appropriation for Municipal Court, Roxbury District, 1, Personal Services, \$3,162.50, 2, Supplies and Materials, \$1,800.

Referred to the Executive Committee.

NATIONAL DAY OF PRAYER AND REPARATION.

Coun. HURLEY offered the following:

Whereas, Millions of families in the United States, of all religious faiths, are sincerely interested viewers of the television program featuring His Excellency, Bishop Fulton J. Sheen;

Whereas, It has become almost a national family ritual to watch and listen to the Tuesday evening program of this outstanding religious leader, and to discuss his summary of world affairs;

Whereas, The American people are vitally concerned with the situation in Korea and with the continued drafting of American boys into the armed services, necessarily because of this war;

Whereas, The continued spread of World War 3 and the spread of Communist domination in a great many countries, has caused great unrest in the minds of our American people;

Whereas, The strength of the united prayers of all people, in petition to Almighty God, is the strongest force available to us to give to the world divine guidance to resolve all our ills and to bring a permanent peace; therefore, be it
